

### The Mechanics Of Learning

Israel Minister of Labor and Social Welfare Moshe Katzav meets Ethiopian students newly enrolled in Boys Town Jerusalem's School of Precision Mechanics during a recent visit to Boys Town's 18-acre education center for economically deprived Israeli youths. The students are among 72 Ethiopian immigrants -- all forced to leave their parents and families behind -- who are receiving academic, religious and technical training in Boys Town's Junior High School and Schools of Precision Mechanics, Graphic Arts and Furniture Design.
