

Astronaut Judith Resnik Honored By Jews In America And Israel

technological achievement and human frailty.

When the forefront of science, physics, astronomy and electronics ... the best modern technology mankind has to offer ... failed us, in our foremost -- we called upon God for an explanation. Newsweek Magazine quotes Nancy Reagan's first words upon learning of the space disaster as, "Oh, my God." How these words revealed the spirit of the nation.

American Friends of Kochvey Ohr Torah Center, an international Jewish institution, which is endorsed by the Chief Rabbi of Israel and Rabbi M. Feinstein, a renowned author and scholar, has established the Judith Resnik Memorial to provide an everlasting, living tribute to honor the memory of the first Jewish astronaut.

The Institute is soliciting contributions in any denomination from the public, to enable it to sponsor research and study projects for the advancement of science, technology and religion.

Additional projects currently under consideration include the establishment of the Judith Resnik Memorial Library, and the publication of a series of books. Donors of \$5,000.00 or more will have their names inscribed in books published by the Memorial. Contributions can be mailed to: JUDITH RESNIK MEMORIAL, 4802 - 12th Avenue-Suite 3H, Brooklyn, New York 11219.

Egypt And Israel Continue Normalization Talks

JERUSALEM (WNS) — Israel and Egypt began another round of talks in Cairo to advance the normalization process between the two countries and to decide how to submit the Taba border dispute to international arbitration.

The Israeli team arrived to find the Egyptian capital calm but still tense following two days of riots by disaffected police conscripts last week. They were greeted at the airport by representatives of the Egyptian Foreign Ministry. Their motorcade sped through streets emptied of traffic and pedestrians because of the all-night curfew still in effect.

Sources in Jerusalem said the talks were being held as scheduled to demonstrate that the

authorities are in control of the situation and the watchword is business as usual. The Israeli team is headed by Avraham Tamir, Director General in the Prime Minister's Office and David Kimche, Director General of the Foreign Ministry.

Israel's Minister of Tourism, Avraham Sharir, is scheduled to visit Cairo next week. Israelis believe the Egyptians will propose joint package tours in an effort to revive Israeli tourism to Egypt

which was hard hit by the recent unrest. Mustapha Khalil, a close associate of President Hosni Mubarak and deputy chairman of his ruling party, told Yediot Achronot in an interview that Israel should not be alarmed by the latest events in Egypt.

"You should not have any doubts regarding the peace process and you do not need to reevaluate the situation," he said. He was quoted as assuring Israel that Egypt will fulfill all of its obligations under the 1979 peace treaty.
