Jacob Javits -- A Model Of Public Service

By Rabbi Marc H. Tanenbaum

The last time I saw Senator Jacob Javits was about two years ago at the College of New Rochelle. I had the special privilege of sharing a platform with him when that Catholic college awarded its Pope John XXIII Peace Medal to Senator Javits and myself, among others.

Jack Javits then made a brief statement about the importance of achieving peace between the superpowers. Far more important than what he said was the experience of watching how he said it. Struggling against the wasting of his body inflicted by the degenerative Lou Gehrig's disease, he sat uncomfortably in his wheel chair, yet spoke with determination. His respirator was at his throat and a nurse was at his side. His incredible will to live filled that entire hall. That powerful life force, to live in the face of all adversity, to contribute to the well-being of America and all her citizens, dominated his entire life, from the tenements of the lower East Side in New York to his brilliant career as U.S. Senator.

I once asked Senator Javits why he seemed to be always so serious, so dignified. And he answered without hesitation, "Rabbi, of course, I'm always serious. I feel that I represent the dignity of the Jewish people in the U.S. Senate. That's

IDF Soldier Killed In South Lebanon

TEL AVIV (WNS) — An Israel Defense Force soldier was killed and five others wounded -- one seriously -- in a clash with terrorists in the security zone of South Lebanon.

The dead soldier was identified as Corporal Yisrael Sedan, 21, of Jerusalem. He was the sixth Israeli soldier killed in Lebanon since the formal withdrawal of the IDF last year.

Two terrorists were killed and a third was wounded but managed to escape. The clash occurred when an IDF

patrol came on a group of terrorists in the central sector and opened fire on them. The gang replied with grenades and automatic weapon fire.

A quantity of arms, ammunition and sabotage equipment was discovered in a search of the area. Northern area commander Maj. Gen. Ori Orr noted the recent increase in the number of incidents in the security zone, just north of the Israel-Lebanon border. It was also disclosed that a terrorist was captured in the incident last week in which two terrorists were killed in a clash with the IDF.

nothing to be frivolous about."

Senator Jacob Javits was a great son of the Jewish people, and an extraordinary servant of the American people. He is an inspiring model for all who would serve this nation with dedication and, above all, with moral integrity.

The annual Mathcounts Competition is sponsored by the National Society of Professional Engineers.

The Clark County School District, the Clark County School Counselors Association, and the Clark County Vocational Teachers Association will sponsor Career Fair '86 April 3 and 4 at the Las Vegas Convention Center.

The first annual Career Fair will afford secondary students, postsecondary students, and parents the opportunity to obtain firsthand occupational training information from representatives of accredited postsecondary trade and career schools.

Students and parents may also take part in job readiness and job skills seminars; obtain information about available financial aid and scholarships; and have the opportunity to have personal career aptitude matched to career interest at the career counseling center.

The Bureau of Labor Statistics forecasts 3.6 million new jobs in the United States over the next decade. High-technology occupations will account for 1.7 million jobs alone.

Labor forecasts indicate that the "best new" occupational fields over the next decade will include: medical technology, biotechnology, telecommunications, robotics, computer graphics, fiber optics, and energy and electronics.

Interested students and parents may obtain additional information about Career Fair '86 from any high school guidance counselor.
