Shaarei Tefillah Talmud Torah now open for registration. Shaarei Tefilla's "Little Red School House" is growing! We look forward to an exciting and stimulating 1986-87 (5746-5747).

We can always improve upon the quality of education that we give our students. It is not just the task of the teacher; but the home and the Jewish Community at large that must be concerned with the Jewish Education of its youth. If we fail, our children will be unprepared to live an enriched Jewish life and to face the challenges in society.

In our school, character building and motivation are very important. The teaching of Ethics and Values, and the teaching of Tefillah, Prayer, are a-priority in our educational skills. It is most important to feel at home in the Synagogue and with the Siddur; to have the ability to follow a service.

The curriculum also includes Hebrew Language Arts (reading skills and conversation), Customs & Ceremonies and Jewish History.

In our desire to enrich the curriculum we have added another day to our program. Students (ages 6-15) will attend on Sun: 10-12 and Tues. 4:30-6.

Judaism is a "way of life" and so our education must develop the whole person, intellectually and spiritually!
