

**'Happy Hooper' Shines
In Roaring '20s Revue**

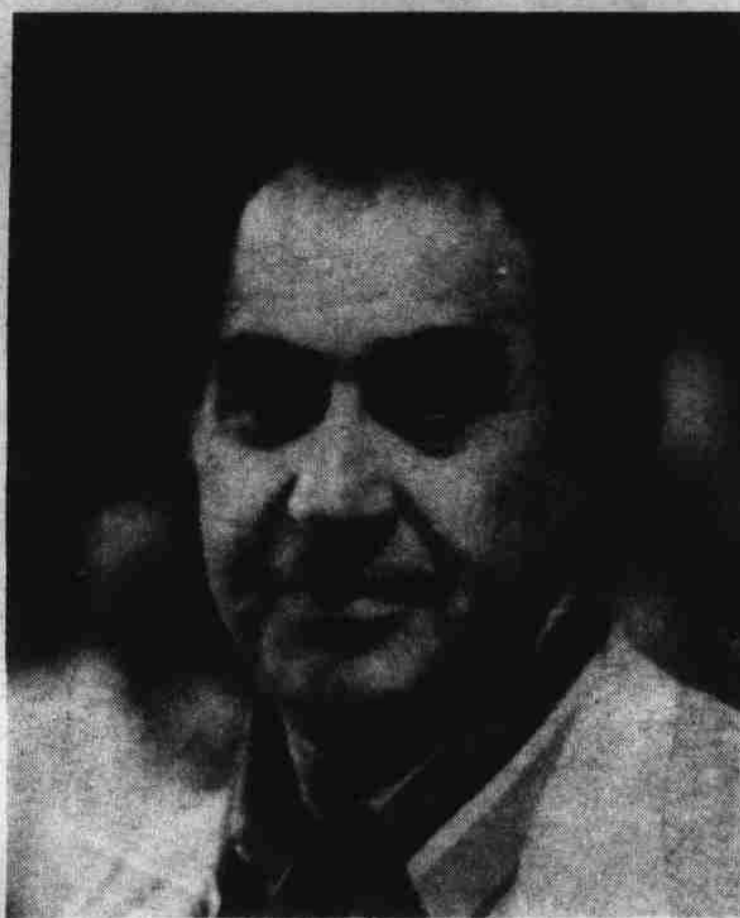

Diane Batchelor spins color in Rocky Sennes' "Roaring '20s Revue" creating an unusual act from what was once a Fifties fad.

Billed as the "Happy Hooper," Diane twirls as many as seven gyrating hula hoops on stage nightly except Sunday in the Holiday Casino on the Center Strip.

Her hula hoop career began eight years ago with the Ringling Brothers and Barnum & Bailey Circus. While searching for a novelty routine, the veteran performer chanced upon a group of children playing with hula hoops. She began practicing, first with one hula hoop, then with several. After months of serious practice she unveiled the routine which was to become a regular circus side show for more than one year.

Even with hoops twirling on her arms, neck, legs and waist simultaneously, Diane's the first to admit hula hooping is "not an easy sport." It takes coordination, concentration and skill. While she currently dances with six or seven rings in action, she has twirled as many as 60 at

**Fathie Announces Candidacy
For State Assembly, District 5**

Kazem Fathie, M.D., has announced his candidacy for State Assemblyman in District 5.

Fathie, 56, a practicing neurosurgeon for 35 years, maintains offices in the Sahara Rancho Medical Center in Las Vegas. He is a Fellow of the American College of Surgeons and also is President Elect for the Neurological and Orthopedic Society. He is a Medical Advisory Commissioner to the Nevada State Athletic Commission.

Fathie received his early medical training and post-graduate studies (internship and residencies) in University Hospitals in the United States

one time and hopes eventually to break the world's record of 78 hoops in movement simultaneously.

In addition to Diane Batchelor, the "Roaring '20s Revue" features Sue and the Brothers, the Holiday Dancers, the hilarious Volantes and the comedy of Keny Stewart in the 90-minute showcase of music and dance from the era of bobbed hair and raccoon coats. At only \$6.95 per person (plus tax) it's considered the show bargain in Las Vegas. Showtimes are 9 and 11:30 p.m. weekdays and 8 and 10 p.m. Saturdays with a special Saturday late show at 12:30 a.m.

and Sweden ultimately residing in Cedar Rapids, Iowa for 16 years. He has been a resident of Las Vegas for 8 years.

Fathie has been an active participant in many community organizations, including PTA, Rotary, Masons, Lions and Elks. Fathie has written numerous articles for medical journals and currently serves as editor for several scholarly publications.

Fathie is deeply concerned about issues which deal with the quality of life for Nevadans.

"I want to see specific improvements made in the areas of education, health care and personal safety."

"My international background and my professional experience combine to uniquely prepare me to tackle the challenges of everyday life in Nevada," he added.

Fathie has been married to his wife Birgitta for 28 years. They have three children all currently attending college.

Dr. Fathie is deeply concerned about issues which deal with the quality of life for Nevadans. He is working for specific improvements to be made in the areas of education, health care and personal safety. He states his reason for running for State Assembly is to work with the people in his District towards the solution of many of their problems. These include the decrease of medical cost and availability of the best medical care, decreasing malpractice insurance and the cost not being passed on to the patient. Improvement of the neighborhood, such as streets, sewer lines, gas lines and beautification of the neighborhood to hope that the properties would appreciate in value rather than depreciate. Other important issues to be addressed would be proper transportation for the children and proper education, security and safety; working with the District on a flood control plan; and opposition to the use of nuclear weapons.

Dr. Fathie states that he will not promise impossible dreams but will promise to work honestly and tell the truth and with the help of God have better living conditions for more enjoyment by the people and better quality of life for their retirement, better education and safer travel. He states he would not use dirty political methods because of personal selfishness and would respect all people of every race and religion. He would like to make sure that the work of teachers, policemen, firemen, nurses and other professionals is appreciated and their salaries be increased, since the key to our civilization is education, protection and health care. He feels he can do better in the inner circle of the political arena of society rather than on the outside.
