

ONLY in VEGAS

The Swinging Stars, a Las Vegas area recreational square and round dancing club, will demonstrate several types of dances at The Boulevard Mall on Saturday and Sunday, August 30 and 31, at 1:00 P.M. each day.

The Swinging Stars meet each week to enjoy the fun of square and round dancing along with the company of good friends. All age groups enjoy square dancing; teenagers through seniors are represented in the Swinging Stars group. The colorful full-costume exhibitions at The Boulevard Mall are intended to introduce the public to this enjoyable and healthy activity, as well as to generate interest in the club.

The Boulevard Mall is located on Maryland Parkway at Desert Inn Road. Hours are 10:00 A.M. - 9:00 P.M. Mondays - Fridays, 10:00 A.M. - 6:00 P.M. Saturdays, and 11:00 A.M. - 5:00 P.M. Sundays. All activities are free of charge and open to the general public.

UNLV art department faculty members will present some of their most recent works in the annual Faculty Exhibition, set for Sept. 2-26 in the Grant Gallery on campus. It is free and open to the public.

The opening reception will be held Sept. 2, 5-7 p.m., in the Grant Gallery. The artists will be available to answer questions about their works.

The gallery is open weekdays, 11 a.m. - 4 p.m., and Saturdays by appointment. For more information, call 739-3893.

Contestants in the "World's Longest Golf Hole" will tee off this 4-day event on September 3rd in hopes of scoring big for the Muscular Dystrophy Association.

The Muscular Dystrophy Association is also holding a contest open to anyone who wants to venture a guess at the winner number of shots needed to complete the event. The person who guesses correctly will win an all expense paid trip to the P.G.A. finals in San Francisco.

For information on submitting your guess call the MDA office at 737-3103.

UNLV's graduate program in Early Childhood Education for the Handicapped (ECEH) is accepting applications for graduate assistantships for

the 1986-87 academic year.

Graduate assistants receive a tuition waiver for graduate coursework, plus a \$5,500 stipend for the academic year. They work 20 hours per week in the Model Demonstration Developmental Learning Center on campus. The MDDLC is an early intervention program for young handicapped children.

Applicants for assistantships should hold a bachelor's degree in education, psychology, sociology, social work or a related area. For additional information and assistantship applications, contact Dr. Nasim Dil at 739-3875.

Many Las Vegas citizens between the ages of 16 and 21 have dropped out of school for one reason or another. To help deal with this situation, Sunset High School, a fully accredited Clark County School District high school, offers a complete academic and elective schedule of classes on weekdays from 3:30 p.m. until 10:00 p.m.

Registration for the fall term is scheduled for Thursday and Friday, August 28-29. Interested persons should call the Sunset High School office at 799-4160 for specific registration information.

UNLV's Division of Continuing Education and the Nevada State Bar will sponsor a one-day Worker's Compensation Seminar Saturday, Sept. 5, 8:30 a.m. - 5 p.m.

A distinguished panel of legal and insurance experts will explore intricacies of worker's compensation programs and analyze issues pertinent to the State Industrial Insurance System. Information on claim procedure and an overview of applicable laws will also be presented.

The seminar is geared to the needs of legal and paralegal professionals, but others with an interest in worker's compensation are invited to attend. The seminar is approved for Continuing Legal Education credits and will be held at the Holiday Inn Casino, Center Strip.

Call 739-3394 for registration details.

Anyone wishing to make a donation to the Harvey N. Dondero Scholarship Fund is requested to forward their contribution to: Harvey N. Dondero Scholarship Fund for Journalism Excellence, Clark County School District, c/o John Witkowski - Director of Accounting, 2832 East Flamingo Road, Las Vegas, NV 89121.

Dondero, who died earlier this month, was a leading educator in Nevada. His career spanned more than 55 years. The scholarship fund was established in 1984, and provides for an annual award to a top high school senior planning to en-

ter journalism after college.

For more information call the Clark County School District Public Information Office, 799-5304.

It was wild, it was crazy and it's here again, this time at Bottany's! It's the NEXT "FOX HUNT."

Last March the March of Dimes had women saying "more" and men saying "let me do it again." Well here's more and they're letting some of them do it again.

Once again doctors, lawyers and businessmen (from most professions in town) will step onto the auction block just long enough to be sold (for one date) to the highest bidder. Romantic dinners, exciting activities and maybe, just maybe the right man will be auctioned off to women.

So much fun and such a good cause. With 250,000 babies born with a birth defect each year, a good deal of money needs to be raised to ensure the proper research and educational programs are done to prevent Birth Defects.

The March of Dimes has one goal, "One day all babies will have the chance to be born healthy. All Birth Defects will be prevented, just as Polio has been. The Fox Hunt is a fun way to move closer to that goal.

Join the "Fox Hunt," maybe you'll get the catch of the night! Call the March of Dimes Office for more information (734-1232).

Bail out of the March of Dimes "Henderson Hold-Up" for the prevention of birth defects. Twenty-five thousand babies each year are born with a birth defect. Don't be the person to "Hold-Up" the prevention. Call the March of Dimes office at 734-1232 for more information.

Free screening for the eye disease glaucoma is available to anyone over the age of 35 at the District Health Center, 625 Shadow Lane, Las Vegas.

Glaucoma is an eye disease that can lead to blindness. According to public health officials, it affects 2 percent of the population of southern Nevada. Symptoms of the disease include frequent changes of glasses, all of which are unsatisfactory; inability to adjust to darkened rooms, loss of side vision, blurred or foggy vision and rainbow-colored rings around lights. But it is possible to have glaucoma without any of these symptoms.

Persons with a family history of glaucoma should be checked regularly. The chance of developing this disease increases with age.

The five-minute test for glaucoma is simple and painless. Screening is offered two Fridays each month by appointment at the District Health Center of the Clark County Health District. Appointments can be scheduled by calling 383-1354.
