Israel Reacting Cautiously

TEL AVIV (JTA) — Israeli officials and Kremlin-watchers reacted cautiously to reports that the Soviet Union may be prepared to permit the emigration of some 12,000 Jews over the next 9 - 12 months and that they will be able to fly from Moscow to Tel Aviv, via Rumania, by-passing the traditional transit point in Vienna.

Sources at the Prime Minister's Office insisted that nothing had been finalized and observed that the number of visas allegedly promised by the Soviet authorities was tiny compared to the 400,000 Jews who are reported to be seeking emigration.

At the Foreign Ministry, however, officials stressed that every Jew allowed to leave the Soviet Union is an achievement. While hopeful that changes in emigration policy may be on the way, the officials cautioned that the reports which surfaced in New York Sunday and Monday have not been confirmed.

Substantial Russian Jewish Emigration To Israel Promised

JERUSALEM (JTA) — Hope tempered by caution was the continuing prevailing mood in Israel Wednesday following reports that the Soviet Union may soon permit substantial numbers of Jews to leave for Israel.

Vice Premier and Foreign Minister Shimon Peres said that relations between the two countries will warm very soon. This was reinforced by the scheduled visit of a Consular delegation from Moscow. But it was not known whether the Soviets have agreed to Israel's condition

land and West Germany, was optimistic. He said reports from Moscow, together with other indications, pointed to a real change in Soviet attitude for which Israel should be prepared.

A spokesman for Premier Yitzhak Shamir flatly rejected suggestions of a connection between Soviet leader Mikhail Gorbachev's apparent new policies and Vice

The Eleventh Plague: Mental And Emotional Illness

By Rabbi Bernard S. Raskas

Physical illness can, in general, be physically identified. It is organic, and to a large degree can be dealt with through medical procedures and without much guilt, blame and shame.

When faced with mental and emotional illness, however, we are still in the Dark Ages. Although we have made great strides in these areas in the past half century, they are still surrounded in the popular mind by myths, prejudices and shame.

This is particularly true of Jews, who traditionally have prized the life of the mind and have extolled intellectual achievements. Consequently, illnesses of the mind or the emotions
