

Lyon Jewish Community Mounting Holocaust Exhibition To Coincide With Trial Of War Criminal Barbie

PARIS (JTA) — The Jewish Community of Lyon is mounting an extensive exhibition on the Holocaust to coincide with the trial of Nazi war criminal Klaus Barbie, the "butcher of Lyon," which is scheduled to open there on May 11.

According to the organizers, the exhibition is intended to remind the public, the media and the jurors of the Nazi era and to refute denials of the Holocaust which Barbie's lawyer, Jacques Verges, may resort to in his arguments for the defense.

Mayor Francisque Colomb of Lyon announced that he would cooperate fully with the organizers. They will be allowed to erect a temporary shelter close to

the court. Conferences and seminars will be organized in connection with the exhibition. There will also be recorded testimonies to the Holocaust, including that of Simone Veil, former President of the Parliament of Europe, who is an

Auschwitz survivor. Barbie, who was taken into French custody after his expulsion from Bolivia in February 1983, has been charged with war crimes and crimes against humanity. As Gestapo chief in Lyon during the Nazi occupation, he was responsible for the deportation of French Jews, including children, to death camps.
