

Valley Bank Trust Division Hires Professional Marketer

Senior management of Valley Bank of Nevada's Trust Division has named George Glendenning as business development officer. Mr. Glendenning brings to Valley Bank and its Trust Division a wealth of knowledge and experience.

Prior to joining Valley Bank, Mr. Glendenning held the position of Director of Marketing and Personnel for G.C. Wallace Incorporated, the largest engineering and architectural firm headquartered in Nevada. While serving in this capacity for the past 2 and a-half years, Glendenning helped the firm double in both staff size and workload performance. Over the past 22-years of Mr. Glendenning's sales and marketing career, the last 14-years have centered around the marketing of professional services.

As Business Development Officer for Valley Bank's Trust Division, Mr. Glendenning's responsibilities will include such things as the planning and implementation of marketing programs that will assist clients in determining their goals and future business needs. Monte Miller, Senior Vice President and Trust Division Manager says, "it's important that we, as a Trust Division, provide a wide range of services including personal trusts, corporate trusts, corporate custody, employee benefits and bond issues."

"Mr. Glendenning's involvement in both civic and professional organizations will greatly assist him in doing the kind of job we hired him to do," says Mr. Miller. As founding chairman and president of such groups as the Marketing/Public Relations Committee of the Las Vegas Chamber of Commerce, and the PREVIEW Development Forecast Committee, Mr. Miller says "Glendenning's experience, coupled with his involvement in the community, will give him the competitive edge in a highly competitive profession."

Artist Soyer Dead At 87

NEW YORK (JTA) — Artist Rafael Soyer, who died recently at age 87, was a Russian-Jewish immigrant whose long and successful artistic career included illustrating books by Isaac Bashevis Singer.

Born Dec. 25, 1899 in

the town of Borisoglebsk to a Jewish scholar and Hebrew teacher, Soyer immigrated to the United States with his family in 1912.

The diminutive Soyer -- he was 5 feet, 2 inches tall -- was a friend and colleague of Nobel

literature laureate Singer for more than 30 years. After meeting in the elevator of their apartment building, Singer asked Soyer to illustrate his books "A Little Boy in Search of God" and "Love and Exile," which were later published with another story in a volume entitled "Love and Exile," for which Soyer was the illustrator.
