

Experienced Stunt Men Fill Cast Of "Hot April Night Spectacular"

Michael Martin

Stunts will be nothing new to cast members of the Michael Martin Hollywood Stunt Show production "A Hot April Night Stunt Spectacular" when the action starts on Friday, April 1, at 7:30 p.m. at the Sam Boyd Silver Bowl.

Beginning with producer Michael Martin, who has appeared in more than 30 action films, experience is one thing the show won't lack.

"It takes more than one person to handle stunts, and I'm proud to be associated with some of the most dependable men in the business," said Martin, who has performed stunts in such feature films as "Silverado," "El Dorado," "Eddie Maccon's Run" and "Runaway Train."

Special effects will be created and executed by Pat and Kelly Kerby of Kerby Bros. Produc-

tions. In addition to their film work, the brothers have done acting and handled technical duties for television and film production as well as commercials. Anther Kerby Bros. performer, Danny Owen, has screen credits for high falls, motorcycle spills, car rolls and other stunts. He has appeared in the current TV series "High Mountain Rangers" and, like the brothers, is a licensed pyrotechnic operator.

Others who will appear in the "Stunt Spectacular" include Las Vegas Don Helm, who appeared in "Vegas," "Kojak" and "BJ and the Bear" and is an experienced stunt driver and technical aide; Joe Wilkerson, whose credits go as far back as "Branded" with Chuck Connors all the way to his current work as a regular in the popular "Crime Story" series; and Wally Hawkins, a second degree black belt whose martial arts skills have made him a hot commodity with both film and television production companies. Hawkins has appeared in stunt specials on television where he takes part in hair-raising races on a skateboard while being towed by a car and jumping over vehicles.

Tickets to "A Hot April Night Stunt Spectacular" are \$10 for adults and \$5 for children, and are available at all Ticketron outlets and the Thomas & Mack box office. Children ages 5 and under will be admitted for free. Doors open at 6:30 p.m.

Netanyahu Accuses PLO Of Trying To 'Murder The Idea Of Peace'

UNITED NATIONS (JTA) — Citing an escalation of terrorist attacks against Israeli civilians and an attempt on the life of Secretary of State George Shultz in Jerusalem recently, Israel accused the Palestine Liberation Organization of trying "to murder the idea of peace" in the Middle East.

The accusation was contained in a letter from Israel's ambassador to the United Nations, Benjamin Netanyahu, to U.N. Secretary General Javier Perez de Cuellar.

Netanyahu said that the terrorist hijacking of a bus in the Negev, which resulted in the deaths of three Israelis and the wounding of 10 others, and other recent attacks were part of a PLO campaign "not only to kill Israelis and to annihilate Israel, but to murder the idea of peace itself."

He noted that all of the attacks were carried out by Al Fatah, the main branch of the PLO headed by Yasir Arafat; "all were directed against civilians in the heart of Israel; all were timed to scuttle progress toward peace negotiations, as is readily apparent by the attempt to murder Secretary Shultz."

Netanyahu was referring to a booby-trapped car discovered near Shultz's hotel in Jerusalem. It was safely dismantled. He also referred in his letter to an attempted car-bomb attack early last month in the Israeli town of Kfar Saba.

He noted that three PLO terrorists were intercepted two weeks ago on their way to murder civilians in the city of Netanya. A similar gang was waylaid on the way to Malkiya in Galilee, near the Lebanese border, to seize hostages, Netanyahu claimed.

The Israeli envoy recalled in his letter than only last week, addressing the General Assembly, he contrasted the PLO Charter with the United Nations

TEL AVIV (JTA) — The Israel Medical Association has appealed to The American Medical Association to ensure proper medical care for Anne Henderson Pollard, wife of Jonathan Jay Pollard, an American convicted last year of spying for Israel.

Anne Pollard, serving two concurrent five-year prison sentences as an accessory to her husband's espionage, is reportedly seriously ill with a stomach disorder. Dr. Ram Ishai, chairman of the Israel Medical Association, has written to Dr. James Sammons, chairman of the AMA, describing her condition.

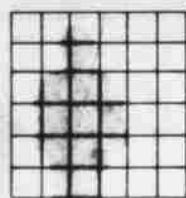

According to Ishai, she has developed severe breathing problems, in addition to serious internal bleeding, and is very weak.

Charter. "Such an organization and such a program has no place in the U.N.," Netanyahu wrote.

He spoke in the General Assembly just before that body voted overwhelmingly for two resolutions aimed against a U.S. order to close the PLO's United Nations observer mission in New York.

Netanyahu said at that time that the question is not closure of the PLO mission, but rather "whether the PLO should be in the U.N. in the first place." He said the principal idea of the PLO is in sharp contradiction to the basic principles of the U.N. Charter, which calls for nonviolent solution to all conflicts. "The PLO is constitutionally incapable of nonviolence and reconciliation," Netanyahu told the General Assembly.
