

Governors Of All 50 States Sign Kristallnacht Proclamations

WASHINGTON (JTA) — The governors of all 50 states have issued proclamations commemorating the 50th anniversary of Kristallnacht, Nov. 9-10, the U.S. Holocaust Memorial Council reported. The proclamations, which were issued at the

council's request, also were issued by more than 150 mayors throughout the United States. They urged their constituents to "always strive to overcome prejudice and inhumanity through understanding, vigilance and resistance."

Many of the survivors of the Holocaust have died, said Benjamin Meed, a survivor and chairman of the council's Days of Remembrance Committee. "For those of us who are left, time is our enemy," Meed said. "Now, it is our obligation to bear witness, to tell the story, and to transmit its essence before it is too late."
