Thank You!

We appreciate the assistance and publicity given by your newspaper to National Dental Hygiene Week, October 16-22, 1988. Teaching and educating the public about preventive oral health care and good dental hygiene is usually carried out on a one to one basis. However, with your help educational messages reached many more people and gave them the opportunity to increase their ability to improve their health.

Again, thank you very much for your assistance.

Sincerely,
Linda Dean, R.D.H.
