

This Pretty Girl Saved From Catarrh of the Lungs By Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

Florence E. Kenah.

WOMEN SHOULD BEWARE OF CONTRACTING CATARRH.

and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

Pe-ru-na for Colds and Catarrh.

The following interesting letter gives one young woman's experience with Peruna.

Miss Rose Gerbing, a popular society woman of Crown Point, Ind., writes: "Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I consider this money well spent. "You have a firm friend in me, and I not only advise its use to my friends,

but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Rose Gerbing.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio. All correspondence held strictly confidential.

PLAYED WITH POSTAGE STAMP.

Wide-Awake Youngster Kept Quiet While Father Worked.

"I've found a new use for my postage stamps," said a pater-familias the other day. "I was left at home to take care of our ten-months-old boy while my wife was out on her hunting. It was my plan to put the little fellow to sleep, then get at the pile of unanswered letters on my desk. My plans miscarried—for awhile. The little chap persisted in staying awake and clamoring for my attention. I devised many forms of amusement for him, but none lasted long enough for me to get really to work.

"In looking about for something which should insure me more than a breathing spell I caught sight of a bright, new two-cent postage stamp. I thought of the little fellow's love for color—took the stamp and pasted it securely on the palm of his hand. It was a grand success. He played with that newly decorated hand for an hour—then relief came in the return of his mother."

THANKS OF THE BAILIE.

Possibly More Truth in Speech Than He Intended.

There was an excellent man who, after serving his fellow citizens in Glasgow as a councillor, at length was promoted to the dignity of bailie, or alderman, as the rank is called in England. Though he was none the worse on that account, it is the simple fact that his education had been neglected. This he proceeded to prove himself happily unconscious in his speech of thanks:

"I canna but say, my friends, that I am proud of the honor of being made a bailie of this great city; and I am even, I think, entitled to the honor, for I have gone through a' the various stages o' degradation that a bailie has to do to reach it!"

This recalls the famous story of the councillor who objected to a proposal to place a candelabra in the council chamber on the ground that they would need to pay some one to play it!

Words Which France Likes.

The number of English words absorbed into the French language during recent years without any employment of italic type or quotation marks, is considerable. In a rapid summary of one number of the Paris daily paper, an editor came across the words "interview," "meeting," "dockers," "steepchase," "handicap," "editorial," "wagon," "clown," and "tramway."

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All drug stores refund the money if it fails to cure. E. W. Grove's signature is on each box. 20c.

Duck Is Natural Surgeon.

A hunter who lives at Kustrin, Germany, shot and wounded a wild duck. When he came across it, after a long search, he found that it had tried to stay the flow of blood under the wing by stuffing in a number of grassblades.

"Dr. David Kennedy's Favorite Kennedy cured me of Bright's Disease and gravel. Able physician," writes Mrs. E. J. Bissell, Washburn, Me. \$10.00 a bottle.

Dealing with Burning Oil.

To extinguish burning oil do not throw water on the flames, for it will only spread them by causing the oil to float. The right plan is to throw on flour, earth or sand. Any of these things will soak up the oil—generally paraffin from an overturned lamp—and quickly extinguish the fire.

Macaroni Wheat.

Salzer's strain of this Wheat is the kind which laughs at droughts and the elements and positively mocks Black Rust, that terrible scourge! It's sure of yielding 80 bushels of finest Wheat the sun shines on per acre on good hills. In Mich., Wis., Ill., Pa., Mo., Neb., lands and 40 to 60 bushels on arid land! No rust, no insects, no failure. Catalog tells all about it.

JUST SEND 10c AND THIS NOTICE to the John A. Salzer Seed Co., La Crosse, Wis., and they will send you free a sample of this Wheat and other farm seeds, together with their great catalog, worth \$100.00 to any wide-awake farmer. [W.N.U.]

Stores Coin in Barrels. The cellar in the Bank of France resembles a large warehouse. Silver coin is stored there in 800 barrels.

TEA

Good tea doesn't have to be fine; if fine, all the better. There is but one degree of goodness; there are twenty of fineness.

Qualifications for Balloonists. British officers can not take a course in ballooning unless they are "good sailors" and not over 160 pounds in weight.

TEA

How does it happen that all good tea comes to Schilling? It doesn't; not all; not all.

Your grocer returns your money if you don't like Schilling's Best.

What London Spends on Cabs. A statistician has arrived at the conclusion that \$25,000,000 is spent yearly by the public of London on cabs. He also estimates that of that great sum perhaps \$7,500,000 represents tips and overcharges.

GOOD TRAITS OF CHIMPANZEE.

Scientists Study Animal Now in Captivity at Berlin.

Berlin possesses a successor to the late lamented chimpanzee Consul, in the shape of Consul II, of which the following account has been published: "Recently Consul II appeared before a meeting of the German Psychological Society and was the subject of a lecture by the eminent psychologist, Prof. Hirschlauff. The ape stood on the platform beside the lecturer, in a smoking jacket, top hat, black trousers, boots and shirt. Prof. Hirschlauff gave Consul an excellent character. He has good manners, is of a friendly disposition and manifests symptoms of what would be called in human beings a loving nature. He has no objection to the vicinity of dogs, cats or snakes, but is afraid of horses. No traces are seen in Consul of any special liking for women and soldiers."

"Like most apes he delights in children, but evinces an abhorrence of dolls, of which he can make nothing and retires vanquished from their presence. If Consul is tickled he sometimes shrieks with laughter. When punished he acts like a child, holding his hands before his face. If discovered at anything he is forbidden to do he assumes hypocritically an innocent demeanor which is distinctly human."

"He is restless and cannot sit long in one position. With an excellent memory, he is yet incapable of expressing his wants either by gestures or sounds. He cannot be taught to whistle, nor does he understand human speech. All he can comprehend is the tone of a voice or the rhythm of words; and he cannot be taught to reckon."

BEAT THE DUMB-BELL RECORD.

American Puts It Up 16,000 Times in Less Than Three Hours.

An American, Anthony McKinley, has made a remarkable showing with dumb-bells in Belfast, Ireland. He gave the exhibition in the billiard-room of the Boyd Arms Hotel with a twelve-pound one and one-fourth ounce dumb-bell, shoulder to arm's length, above shoulder, one hand, and succeeded in putting it up 16,000 times in two hours fifty-seven minutes and fifty seconds, at the rate of twenty times per minute, regular throughout, with one or two over every time the counter called out, and often more. The dumb-bell was weighed at starting and finishing in the presence of all, and the total weight amounts to 172,547 pounds. The previous best with this weight, a twelve-pound dumb-bell, was by A. Corcoran of Chicago, which was also the greatest total weight ever put up, when, on October 4, 1873, he put it up 14,000 times, time not stated, or a total of 150,000 pounds.

"Bug Wagon" Death to Germs.

San Francisco's "bug wagon," the Board of Health's latest enterprise aiming toward the extinction of all forms of germs and dangerous bacilli, had a practical test in a workshop at 223 Folsom street. The various varieties of germs were placed on cards and buried in the center of pillows and mattresses, which were placed in the oven or sterilizing box. Steam to the amount of thirty pounds pressure was turned on, and after twenty minutes it was withdrawn and a formation of chemical gases was allowed to enter the vacuum. Whether the germs met instant death cannot be determined until after a post mortem, which is now in progress at the city laboratory. The sterilizer, the first of its kind to be built, is self-propelling and has a speed of about five miles an hour. The machine resembles a steam road grader somewhat in appearance, and weighs nearly four tons. —San Francisco Chronicle.

Japanese Patriotism.

An enthusiastic admirer of the makado's nation was extolling the patriotism of the Japanese to a little circle of friends in the University club the other evening.

"Why," said he, "every one of those little fellows will make any sacrifice to help the government along. Even the poor peasants do it and never grumble at the taxes. There isn't a man of them that wouldn't willingly give up his last dollar to protect the remainder. The taxes are mighty hard on them, too. The tax on leather and shoes comes especially hard on the barefooted peasantry."

He got into a still deeper muddle when he tried to explain that a similar hard condition in Ireland once was mitigated by making the sole leathers of wood.—New York Herald.

Perfection of Cement.

In Germany—puzzolani cement is now a well-recognized trade product, with a good reputation for its properties of strength and hardness. This cement is produced by grinding and thoroughly mixing 85 per cent granulated slag with 15 per cent of lime hydrate. Slag has also been employed in Germany largely by the Portland cement manufacturers as a substitute for marl and limestone, and the claims that cement made with this addition is stronger than the ordinary cement have now been recognized by eminent authorities.—London Engineer.

To My Wife.

Not beauty of the marble set To Art's intensest line, Nor depth of light and color met, Though all indeed, are thine— Not these thy loveliness impart. For, wrought by wiser hands, The charm that makes thee all thou art Beyond transition stands; And surer fealty to thee, O, fairest, I confess. For that beyond all I see The grace of tenderness. Post Art's endeavor to portray, Oh, rest a word to reach word's end. For all that Beauty seems to say Is told in feebler speech. —George Sterling, in "Testimony of the Sun."

Are You Bilious?

If so, you will have more or less of the following

SYMPTOMS: Not infrequently the complexion becomes pale and sallow, there may be frequent attacks of bilious or sick headache, bitter taste in the mouth, tongue coated white or covered with a brown fur, unnormal, dry, harsh, or scaly condition of the skin, or branny eruptions and pimples. There is likely to be "backache," with tired feelings, lassitude and a sense of debility. There is depression of spirits with a decided tendency to be discouraged and dependent. There is loss or irregularity of appetite, uneasiness in region of the stomach, oppression, sometimes sour stomach, "heart-burn," nausea and "water-brash," flatulency, and acid eructations; the bowels become irregular, usually constipated, and occasionally subject to diarrhea, attended with colicky pains. The foregoing symptoms are not all present in any one case, nor are any two cases alike in every respect.

The only way to help a disordered liver and cure biliousness is to treat it as it is—the great, organic, human filter of the human system. Doctor Pierce's Golden Medical Discovery cleanses and clears it; invigorates and revitalizes this most important organ by its wonderful alterative power.

A Terrible Case of Suffering Caused by Liver Complaint.

Dr. R. V. Pierce, Buffalo, N. Y. Dear Sir—I will tell you how I regained my health, though I ought to have written long ago. I had been well two years. Seven years ago I had the first attack of "drippe," and for many months afterward I could only say I never felt well. The doctor said the trouble was liver complaint. After being sick for three years, I was forced to take a rest, in which put me in a worse condition than I ever was before. Did not take a step but it would hurt my stomach so that it would fill with gas and it would throw up my food to my throat. I kept getting worse, my stomach bloated badly, until there seemed no more room left in my body to hold it. My course became critical and the inside of my mouth as sore that, although it did not affect my voice itself very much, it caused pain in the mouth when talking. In addition to all this the urine became so irritating that the burning sensation caused me to scream when passing it. Oh! the suffering and the anguish of that week I will never forget. I could not lie down nor sit up straight, nor walk nor do anything. Was all doubled up and had to be led from place to place; but here I am today, sound and well, all the thanks due to Dr. Pierce's medicine. I used eight or ten bottles of Golden Medical Discovery, 3 bottles of Favorite Prescription, and eighteen vials of "Pellets." May you live long to drag many more poor sufferers from the clutches of despair—such as I had fallen into. Gratefully yours,
MISS AYDUNNA RAVELLA,
625 Findlay Ave., Big Rapids, Michigan.

"Golden Medical Discovery" contains no alcohol, syrup, or sugar, yet keeps perfectly in any climate.

Do NOT BE DECEIVED.—It is an insult to your intelligence for a dealer to attempt to palm off upon you a substitute for this world-famed medicine. You know what you want. It is his business to meet that want. When he urges some substitute he's thinking of the larger profit he'll make—not of your welfare! Turn your back on any dealer who offers you such treatment.

In obstinate constipation the "Discovery" should be used in conjunction with Dr. Pierce's Pleasant Pellets, the most natural and thoroughly scientific laxative ever devised. The "Pellets" regulate and invigorate the stomach, liver and bowels. One is a gentle laxative; two act as a mild cathartic.

If you require medical advice write Dr. R. V. Pierce who will give you the best advice possible, free.

Dr. Pierce's 1,000-page "Medical Advisor" is the most useful "doctor book" published. A copy in stiff paper covers sent on receipt of 21 one-cent stamps to pay expense of mailing only; in cloth binding ten stamps extra. Address Dr. R. V. Pierce, Buffalo, N. Y.

Facts Are Stubborn Things

Uniform excellent quality for over a quarter of a century has steadily increased the sales of LION COFFEE, The leader of all package coffees.

Lion Coffee

is now used in millions of homes. Such popular success speaks for itself. It is a positive proof that LION COFFEE has the Confidence of the people. The uniform quality of LION COFFEE survives all opposition. LION COFFEE keeps its old friends and makes new ones every day.
