

GOOD BLOOD FOR BAD

Rheumatism and Other Blood Diseases are Cured by Dr. Williams' Pink Pills.

"In the lead mines I was at work on my knees with my elbows pressed against rock walls, in dampness and extremes of cold," said Mr. J. G. Meukel, of 2975 Jackson avenue, Dubuque, Iowa, in describing his experience to a reporter, "and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My ankles and knees became so swollen I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I would nearly sink down. I was often obliged to lie in bed for several days at a time. My friends who were similarly troubled were getting no relief from doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Klauer Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Williams' Pink Pills for Pale People, the remedy he had used. In three or four weeks after beginning to use the pills, I was much better and in three months I was well. The swelling of the joints and the tenderness disappeared, I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Pills. Both my sons use them. We consider them a household remedy that we are sure about."

What Dr. Williams' Pink Pills did for Mr. Meukel they are doing for hundreds of others. Every dose sends galling through the veins, pure, strong, rich, red blood that strikes straight at the cause of all ill health. The new blood restores regularity, and braces all the organs for their special tasks. Get the genuine Dr. Williams' Pink Pills at your druggists' or direct from the Dr. Williams Medicine Co., Schenectady, N. Y.

Population of St. Petersburg in Panic as Result of Recent Developments.

It is Feared That Trains Will Stop Running and the People Will Have No Mode of Flight in the Event of the Cataclysm Which They Fear is Imminent.

St. Petersburg.—Communication with the outside world by telegraph having been interrupted, the population is now in almost a state of panic, fearing that the railroads will stop running and that the inhabitants, therefore, will have no mode of flight in the event of the cataclysm which they seem to fear is imminent. Stories of the spread of the disaffection in the guard regiments are in everybody's mouth, and the revolutionaries continue to boast that the troops will no longer fire on the people.

Sunday morning newsboys were openly hawking fly sheets in the streets containing an account of an alleged revolt at Tsarskoe-Selo, and crying out, "The emperor's palace guard has mutinied." The people, even the commercial interests, are withdrawing their money from the banks, converting it into gold, hoarding it, or demanding foreign exchange, which the state bank is issuing upon the foreign balances of the government.

PERU HAS NO FEARS.

Welcome Supremacy of United States in South America.

Lima, Peru.—The Comercio, commenting on the appointment of Felipe Pardo as Peruvian minister to the United States, says it is necessary that Peru should be prepared in a new direction. The policy of the United States, it says, is evident from the possible visit to Brazil of Mr. Root, the American secretary of state, to attend the Pan-American congress at Rio Janeiro if it should be held there. Peru is not wavering before the future, the paper adds, and it applauds the president's initiative and says it is assured that closer relations between the United States and Peru will bring to Peru more capital and more enterprise.

Red McCarty Located.

Seattle.—Red McCarty, who crawled over the tender of the Great Northern flyer three miles north of Ballard on the night of October 2 and held up Engineer Calder, has been located in Victoria. McCarty is known to have been the ringleader of the band of bandits that looted the express safe. Men working under the personal direction of Sheriff Smith are looking for McCarty. Lem Short, now in the county jail and identified as one of the bandits, still denies his guilt.

Lives Cut Short by Indulgence in Gin.

Portland.—The death of Joe Messenger and James Bidwell in a local hospital has been traced directly to the drinking of Chinese gin obtained in dives run by Chinese in this city. During the past three months five deaths from drinking Chinese gin have occurred in this city. Two drinks of the stuff usually render the drinker temporarily insane and many bones have recently been broken as the result of rows in the gin dives.

Tried to Save Girl's Life.

Boston.—Professor Percy D. McLeod, one of the defendants in the "suit case" mystery, took the stand in his own behalf on Saturday. He made a sweeping denial of all the charges against him. He said that on the morning of September 14 he was called to the house on Winthrop street, occupied by a woman who he was told later was Mrs. Dean, to examine a young woman (Miss Geary). He told Mrs. Dean that an immediate operation was necessary to save the girl's life.

A Triple Tragedy.

Malone, N. Y.—The lifeless bodies of Henry McCaffrey, George Carpenter, a laborer, and Miss Capitola Gilmer, a domestic, were found Saturday in the home of McCaffrey in Harrietstown, four miles from Saranac Inn. They had been shot and the gun was found lying near the body of Carpenter, from which it is inferred that he shot the other two and then committed suicide. The tragedy was discovered by Mrs. Henry McCaffrey, who was absent from the house when it took place.

Shot Woman and Killed Himself.

Chicago.—Frank Krouskeek, a cigar maker, shot and killed Mrs. Antonette Lisk at whose house he was boarding, and then shot himself in the head, dying instantly. Krouskeek, it is claimed, had tried to force his attentions on Mrs. Liska, and several times he had been requested to leave the house, but had refused. According to Antonette Liska, the dead woman's daughter, they had been quarreling violently just before the shooting occurred.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs on oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper the *Edge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famous "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root, and chemically pure triple root glycerine.

"The Common Sense Medical Adviser" is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing only. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

TRAFFIC DEPARTMENT CHANGED

Announcement of important changes in the traffic department of the Wabash and Wheeling and Lake Erie railroads and of the appointment of a new general manager for the eastern Gould line, the Western Maryland, have been made. Vice President B. A. Worthington of the Wabash lines east of Toledo has issued circulars announcing the appointment of C. H. Newton to be joint agent of the Wheeling and Lake Erie and Wabash-Pittsburg terminal railroads at Toledo, effective on Dec. 1. It is also announced that the office of general freight agent of the Wabash at St. Louis is to be abolished, and S. B. Knight, the present incumbent, has been appointed industrial agent.

Horace Clark, general manager of the Western Maryland and West Virginia Central railroads, the Gould tidewater lines, has resigned, and Alexander Robertson, formerly general manager of the St. Louis Terminal railroad, has been appointed in his stead.

Kelly Gets Higher Position.

Instead of R. F. Kelly coming to Chicago to supersede Frank Palmer as assistant general passenger agent of the Wabash at Chicago, it was announced yesterday that Fred H. Tristram, formerly assistant general passenger agent at Pittsburg, will have the Chicago post, and Mr. Kelly will succeed Tristram at Pittsburg. This promotion will place Tristram next in authority to the general passenger agent of the Wabash.

Tells Why He Ducked.

A fine specimen of the Taurus hibernicus made its appearance in the Bow street police court yesterday. "You ducked your head," said the magistrate to Patrick Lane, who charged Joseph Kavanagh with shooting at him in the Strand. "Faith and I did, your worship. It's better to be a coward for five minutes than to be dead all your life."—London Globe.

C. F. Daly, passenger traffic manager of the New York Central lines west of Buffalo, and Warren Lynch, general passenger agent of the Big Four, were called to New York recently for conference with President Newman. A plan is said to be on foot to transfer Mr. Daly to New York as passenger traffic manager of the New York Central, to give Mr. Lynch the Chicago post, to retire George Daniels, general passenger agent of the New York Central, and to make H. J. Rhein, now general passenger agent of the Lake Erie and Western, general passenger agent of the Big Four. Mr. Daniels has confirmed the report as to his retirement. He will be made general advertising manager of the system.

Christian Science.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

I applied the Cuticura and put a thin cap on his head, and before I had used half of the box it was entirely cured, his hair commenced to grow out nicely again, and he has had no return of the trouble. ANOTHER BIG SWINDLE DISCOVERED IN OREGON

Eastern Bankers are Robbed of Untold Sums by Land Thieves Who Forged Seal of the State.

Salem, Or.—Far more serious than any previous development of the many-sided land frauds perpetrated in this state, are charges made in a letter to Governor George Chamberlain on Saturday from State Land Agent Oswald West, who in effect asserts that by means of forged certificates of sale of school lands, eastern bankers have, in the aggregate, been swindled out of untold sums of money.

Not content, the land agent asserts, with having defrauded the state of approximately 500,000 acres of school land, practically all it possessed, by means of "dummy" entrymen, when money was no longer to be made in that manner the land operators prepared printed certificates of sale and assignments, and inserted in them descriptions of school lands, on which certificates had previously been issued, the number of the entry, then forged the signature of the clerk of the state land board and notaries public, attached forged notary seals and a forgery of the great seal of the state of Oregon and resold the lands time and again to innocent persons in the east.

Mr. West concluded by saying that the forged certificates are so well executed that it is a difficult matter to distinguish them from the originals.

Inspiration for the Writing of Ben Hur.

Salt Lake City.—Few people know that it was the famous agnostic, Robert G. Ingersoll, who caused the writing of Gen. Lew Wallace's novel, "Ben Hur." It came about through a chance meeting of the two famous men in a railroad journey, when Christianity became the subject of their talk. Gen. Wallace had always been a man of strong religious inclinations, indeed his splendid description of the appearance of the star of Bethlehem to the wise men of the desert had been written before this chance acquaintance. The arguments and claims of the great infidel were too much for the doctory general. His senses were charmed with the eloquence and poetical presentation of the causes of agnosticism, but he was by no means convinced of its truth. The discussion made him deeply reflective and led him to make a careful and exhaustive study of the life of Christ. The result of this research and Gen. Wallace's answer to Ingersoll was "Ben Hur." This work has been more widely read than any printed volume save the sacred Book of Scriptures.

The announcement is made that "Ben Hur" is to be staged at the Salt Lake theater, Salt Lake City, Utah. It is to fill the entire week of December 25 to 30 with special matinees on Christmas day, Wednesday and Saturday.

Threw Plumb-Bob at Train.

Washington.—Some unknown person hurled a heavy iron plumb-bob through a window of one of the cars on President Roosevelt's special train Saturday night on the run from Princeton to Washington.

The missile, which was thrown with terrific force, crashed through the Gothic stained glass transom on a window of the combination car Salvis, and fell at the feet of Major Webb Hayes, a son of the late President Rutherford B. Hayes, who was a guest of the president on the trip to the army and navy football game. Fragments of broken glass fell on Major Hayes, who was sitting with his back to the window reading, but did not injure him in any way.

Stole an Overcoat Because He Was Hungry and Had No Money.

He said he committed the theft because he was hungry and had no money. It is said that the man is a son of Lord Alexander Baldowan of London.

Good Work of Live-Saving Service.

Washington.—The work of the life-saving service for the last fiscal year is summed up in a report of General Superintendent Kimball to the Secretary of the Treasury, made public on Saturday. The urine soon came freely again, and the pain gradually disappeared. I have been cured eight years, and though over 70, am as active as a boy."
