

# CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA

**Pneumonia Followed La Grippe--  
Pe-ru-na the Remedy That  
Brought Relief.**

Mr. T. Barneott, West Aylmer, Ontario, Can., writes:  
"Last winter I was ill with pneumonia after having the grippe. I took Pe-ru-na for two months, when I became quite well, and I can say that any one can be cured by it in a reasonable time and at little expense."

**Systemic Catarrh, the Result of La Grippe. Pe-ru-na Receives Credit for Present Good Health.**

Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., writes:  
"Six years ago I had la grippe, which was followed by systemic catarrh. The only thing I used was Pe-ru-na and Manalin, and I have been in better health the last three years than for years before. I give Pe-ru-na all the credit for my good health."

**Pe-ru-na--A Tonic After La Grippe.**  
Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes: "After a severe attack of la grippe, I took Pe-ru-na and found it a very good tonic."

**"Most Effective Medicine Ever Tried for La Grippe."**

Robt. L. Madison, A. M., Principal of Cullowhee High School, Painter, N. C., is chairman of the Jackson County Board of Education. Mr. Madison says: "I am hardly ever without Pe-ru-na in my home. It is the most effective medicine that I have ever tried for la grippe."

Mrs. Jane Giff, Athens, O., writes: "I had la grippe very bad. My husband bought Pe-ru-na for me. In a very short time I saw improvement and was soon able to do my work."

**Suffered Twelve Years From After-  
Effects of La Grippe.**

Mr. Victor Patneaud, 328 Madison St., Topeka, Kas., member of Knights and Ladies of Security, writes:

"Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength--but grew weaker every year until I was unable to work."

"Two years ago I began using Pe-ru-na and it built up my strength so that in a couple of months I was able to go to work again."

"This winter I had another attack of la grippe, but Pe-ru-na soon drove it out of my system."  
"My wife and I consider Pe-ru-na a household remedy."

# REFORM SEEMS BADLY NEEDED

**Turkish Peasants More to be  
Pitied Than Armenians,  
Says Sabaheddine.**

Claims That Revolutions Which Have Torn the Country for Many Years Have Been Organized By Agents of Powers for Their Own Ends.

Paris. -- Prince Sabaheddine, a nephew of the sultan of Turkey and chief of the young Turk party, has addressed a letter on the subject of the regeneration of Turkey to Senator Pierre Berthelot, who recently appealed to President Roosevelt in behalf of the Armenians. The letter complains that the revolutions, which have torn the country for many years, have been organized by the official agents of certain powers for their own ends and points out that while much sympathy has been given the Armenians, the Turkish peasants are more to be pitied. The agriculturists, the prince says, are all forced to serve in the army, and the women are left to raise enough to pay the exorbitant taxes. Intelligent and educated Turks who are trying to gain reforms are arbitrarily arrested, tortured, banished and even murdered by irregular tribunals. This persecution, however has only strengthened the movement.

The reforms imposed by Europe on Turkey, the prince says, have accentuated the troubles. The interests of the Armenians and Turks are identical. The Kurds being Mussulmans but not Turks, ravage both Armenians and Turks indiscriminately. It would be a great gain, he says, if the Kurds who are the finest race, could be attached to the soil, as their ferocity is the direct result of their present social condition.

The great and imperative reform, Prince Sabaheddine continues, is administrative decentralization in the empire which would permit the industrious inhabitants to exercise effective control over the management of the local affairs and take the necessary measures to maintain permanent order and peace.

If Europe and America decided to intervene, the letter says in conclusion, they must in justice intervene in favor of all the victims of the present regime; besides which Turkey being the great link between eastern and western civilizations by reforming and bringing her into line with modern ideas, it would efface the antagonism of the two civilizations.

**WOLVES AFTER THEM.**  
Two Wisconsin Men Have Narrow Escape From Being Devoured.

Loyal, Wis.--Harry Riddell and James Cook, prominent citizens of Jackson county, Wisconsin, had a narrow escape from being devoured by wolves. They had been out all day hunting with a number of other men and, becoming separated at dark from the main party, lost their way. They built a fire to protect themselves. No sooner had they done so than the dismal sound of wolves was heard in the distance. Placing their backs to a large rock, the men prepared to fight for their lives. In ten minutes the forest seemed alive with wolves, and the two men began a fierce battle. After they had exhausted their ammunition they fought the animals with frebrands. The remainder of the party had gone in search of the missing men and appeared on the scene just in time to save them. Fifteen of the wolves were killed by the larger party before they dispersed.

**Priest Gives Up His Life Saving Drowning Boys.**  
La Salle, Ill.--Father Gilbert Simon of St. Bede's college and three students were drowned while skating on the Illinois river. Several boys were standing by a photograph taken when the ice broke and all sank. Father Simon plunged into the water and saved five boys, but on re-entering the icy river for a sixth student he became exhausted and he, with three boys, was drowned. The four bodies were recovered shortly afterward.

**Heyburn's Bill for Irrigation of Tract Townsites.**  
Washington.--The senate irrigation committee on Saturday ordered a favorable report on Senator Heyburn's bill providing for the segregation of 160-acre townsites on irrigation tracts and requiring the secretary of the interior to sell water rights in such towns for municipal and domestic purposes, such water rights to be bought and controlled by the towns. The bill also authorizes the sale of water in towns for power purposes.

**Frenchmen Refused to Leave.**  
Port au Prince, Hayti.--Of five foreigners who had been ordered deported, a German and an Austrian were put aboard ship Saturday by the police authorities. The three remaining persons, all Frenchmen, took refuge in the French legation and refused to depart, one of them declaring that he was without means, and the other two requesting a delay in order that they might wind up their affairs. The Haytien government has demanded the execution of the decree of deportation.

# LOST 72 POUNDS.

Was Fast Drifting Into the Fatal Stages of Kidney Sickness.

Dr. Melvin M. Page, Page Optical Co., Erie, Pa., writes: "Taking too many iced drinks in New York in 1895 sent me home with a terrible attack of kidney trouble. I had acute congestion, sharp pain in the back, headaches and attacks of dizziness. My eyes gave out, and with the languor and sleeplessness of the disease upon me I wasted from 124 to 122 pounds. At the time I started using Doan's Kidney Pills an abscess was forming on my right kidney. The trouble was quickly checked, however, and the treatment cured me, so that I have been well since 1896 and weigh 188 pounds."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

**Golf in Rome.**  
Among the large British and American colony living permanently in Rome there are a considerable number of golfers: It is only natural, therefore, that a course should have been established for the benefit of players who find themselves in the Eternal City.--The King.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

**REMINDED HER OF HENRY CLAY**  
Bibulous Husband Suggests an Idea to His Amiable Spouse.

When he got home in a night liner at 3 o'clock the other morning he found his wife propped up in bed reading a recent American historical novel. She was quite amiable.

"Oh, good morning," she said, sweetly. "Has the milkman come?"

He steadied himself against the chiffonier and struck an attitude of extreme dignity.

"Whaz zhat you're readin', my dear?" he inquired of her.

"Oh, one of these historical novels," she replied. "It's time to get up, isn't it, so what's the use of your coming to bed?"

"I didn't know you were inshrested in hish'ry, my dear," said he, with profound solemnity.

"No?" said she. "Well, it is not to be expected that you could be really very familiar with my tastes. By the way, there is a story here of how the eminent Henry Clay happened to say he'd rather be right than president. Do you know I've been thinking over that remark in connection with you."

"Shash shok?" he inquired, wendingly. "Shlnk I'm anuzzer Clay, eh?"

"Well," she replied, soft and low, "I think you'd rather be drunk than president," and then the servant girl's alarm clock could have been heard ferociously ticking in the attic-room.

**OVER SEA HABIT**  
Difference on This Side the Water.

The persistent effect upon the habit of caffeine in coffee cannot but result in the gravest conditions, in time.

Each attack of the drug (and that means each cup of coffee) weakens the organ a little more, and the end is almost a matter of mathematical demonstration. A lady writes from a Western state:

"I am of German descent and it was natural that I should learn at a very early age to drink coffee. Until I was 23 years old I drank scarcely anything else at my meals."

"A few years ago I began to be affected by a steadily increasing nervousness, which eventually developed into a distressing heart trouble that made me very weak and miserable. Then, some three years ago, was added asthma in its worst form. My sufferings from these things can be better imagined than described."

"During all this time my husband realized more fully than I did that coffee was injurious to me, and made every effort to make me stop."

"Finally it was decided a few months ago, to quit the use of coffee absolutely, and to adopt Postum Food Coffee as our hot table drink. I had but little idea that it would help me, but consented to try it to please my husband. I prepared it very carefully, exactly according to directions, and was delighted with its delicious flavor and refreshing qualities."

"Just as soon as the poison from the coffee had time to get out of my system the nutritive properties of the Postum began to build me up, and I am now fully recovered from all my nervousness, heart trouble and asthma. I gladly acknowledge that now, for the first time in years, I enjoy perfect health, and that I owe it all to Postum." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville" in pkgs.

Postum Food Coffee contains no drugs of any description.--Alwaysover.

# WOMAN FOILED OFFICERS IN SPIRIT OF REVENGE

Confessed That Gladney Was Implicated in Butte Robbery, and Now Says Confession Was a Fabrication.

Butte, Mont.--Unless the Utah officers, Detective Pender of Ogden and Police Officer James Taylor of Salt Lake, can secure more positive evidence against Florence Hall, alias Mrs. J. D. Gladney, and J. D. Gladney, arrested by them in Ogden recently as being connected with William Paisley in the Hennessy holdup, which occurred here on January 9, they will lose all claim on the \$5,000 recently offered by the Hennessy-Mercantile company for the arrest and conviction of the robbers.

The Hall woman, who was supposed to have made a confession to the Utah officers, now declares that her alleged confession was a fabrication made up of whole cloth, and that neither had she nor Gladney any connection whatever with the holdup and that it will be an easy matter to prove an alibi. She says she was driven to desperation by the officers who hounded her, seeking a confession of a crime of which she knew nothing, and that in a spirit of revenge she gave them a fictitious account of the robbery.

**TRANSPORT ON FIRE AT WHARF.**  
Three Lives Lost and Many Persons Injured--Boat Had Been Scheduled to Sail on Friday.

San Francisco.--Shortly before 12 o'clock Wednesday night fire was discovered in the hold of the United States transport Meade, which was to have sailed for Manila Friday with more than 1,000 soldiers and a cargo of 3,000 tons of army supplies. The vessel is lying at the Folsom street dock, and despite the efforts of the city fire department, which came promptly to the aid of the officers and crew, the fire was not entirely extinguished until 4 o'clock Thursday morning. While the damage to the vessel was not vital, three lives were lost and many persons injured.

The dead: Captain Charles Dakin of San Francisco fire engine company No. 4. Fell unconscious into the water of the hold and was drowned. Leaves a wife and son.

Hoseman Thomas Hennessey of engine company No. 4. Suffocated to death while fighting the fire in the hold. Leaves a wife and three children.

Third Officer George Wallace of the transport Meade. Suffocated while climbing a ladder from the hold, and fell back unconscious, dying a short time later. Was 25 years of age and a native of Sydney, N. S. W.

**GUAM VISITED BY TYPHOON.**  
Thirty-One Inches of Rain Fell Within Twenty-Four Hours.

San Francisco.--Advices have just been received here from Agana, Guam, that one of the severest typhoons in the history of the island visited Guam on November 7, lasting through November 8 and the unprecedented amount of thirty-one inches of rain fell within twenty-four hours.

For three or four days following the typhoon a tremendous swell set in from the westward, breaking over the barrier reefs, inundating the shores and causing destruction equal, if not greater, than that of the typhoon. Roads, bridges, wharves were demolished. The beacons, buoys and day marks of all descriptions in the harbor of Apro were washed away or demolished. Lights and boats were stranded and washed ashore.

**Murdered by Roommate.**  
Norfolk, Va.--The body of Walter P. Dolsen, aged 26 years, discharged from the United States marine corps here recently, after an honorable service of five years, was on Thursday found packed into a trunk which had been purchased by his alleged murderer, and into which it was intended to place Dolsen's clothing and ship the whole from Norfolk before the murderer could be discovered. Charles F. Taylor, aged 23, a roommate, is accused of the crime.

**Roof Caved in.**  
Otisville, N. Y.--Several workmen were buried under masses of earth in a cave-in which occurred in the Erie railroad tunnel, which is now being constructed near here. Three dead have been taken from the cave-in, and two injured. A great number of men, mostly negroes and Italians, are employed in digging a tunnel a mile in length through a hill. The killed and injured were removing the debris after a blast, when a portion of the roof of the tunnel fell upon them.

**Metcalf Orders Investigation.**  
Washington.--Secretary Metcalf of the department of commerce and labor late Thursday afternoon ordered a thorough and searching investigation of the Valencia wreck off Vancouver, and the conduct of officers and crew of that steamship, as well as the officers of the steamers Topoka and Queen, which went to the assistance of the disabled vessel.

The secretary's action is based on information received by him that this investigation should be ordered at once.

# A TRULY IDEAL WIFE HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Inspire and Encourage--All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham: "Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed."

Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

**CLEARED PATHWAY FOR GIRLS.**  
Vermonters Quick to Realize Humor of Situation.

John Davis, a tall, lean Vermont, had a market at Burlington thirty years ago. He was a genial fellow, and not in the least to blame for having an extremely long nose attached to his thin face. He was very much accustomed to having strangers look at him wonderingly and smilingly on account of his nose.

One summer morning as he was arranging goods outside of his market door a pair of Boston girls chanced to be walking that way, and as they noticed this human wonder they paused to gratify their curiosity, with smiling faces.

Davis quietly took in the situation, and, placing his finger on his nose, pushed it way round on his lean cheek as he said: "Now, ladies, can you pass?"

**Not Much to Boast About.**  
"I can't see," said Mrs. Nurtich, "why Mrs. Dallington should put it on so thick because her ancestors came over in the Mayflower. I've been reading about it, and as far as I've been able to find out it was a little bit of a coat that didn't have electric lights or any other conveniences worth mentioning, and my husband says he doesn't suppose the whole crowd of Pilgrims that came over on her could have raised enough money to buy a box at a grand opera performance."

**Good Teeth & Good Temper**  
Are characteristic of the Atkins Saws always.

That is because they are made of the best steel in the world--Silver Steel--by men that know how.
