

RHEUMATIC PAINS

Disappear When Dr. Williams' Pink Pills Purify the Blood and Heal Inflamed Tissues.

Rheumatism is a disease of the blood, caused by the failure of the body to cast off certain poisons. External applications are of use only in securing temporary relief from pain—the cure for rheumatism lies in purifying and enriching the blood.

Mrs. Frederick Brown, of 40 Sampter street, Sandy Hill, N. Y., was a sufferer from inflammatory rheumatism from the time she was sixteen. She says: "It first appeared in my knee joints, then in my hips and waist. It became a regular thing that I would be laid up all winter. The rheumatism affected mostly my hands, hips, feet and shoulders. My hands were all puffed up and my feet became deformed. I lost my appetite, couldn't sleep and sometimes I was compelled to cry out, the pain was so intense.

"For several winters I was under the doctor's care and while his medicine relieved the pain for a little while there seemed no prospect for a permanent cure. I was confined to my bed, off and on, for weeks at a time. My limbs swelled dreadfully at times and I was reduced almost to nothing.

"In the spring of 1904, upon the advice of a friend, I began to use Dr. Williams' Pink Pills. At that time I wasn't able to do anything and could barely eat enough to keep alive. I felt a change for the better in about a month. I began to eat heartily and I suffered less pain. Of course I kept on the treatment, using care in my diet, and in about three months I was cured. I am entirely well today and do all my own work."

Dr. Williams' Pink Pills cured Mrs. Brown by driving the rheumatic poisons out of her blood. But you must get the genuine Dr. Williams' Pink Pills, sold by all druggists and by the Dr. Williams Medicine Co., Schenectady, N. Y.

Tonic for Wornout Horses.

The Germans give wornout horses a tonic of roasted coffee beans mixed with honey.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or it is stuffed with mucus and you are entirely deaf. Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

NUNS FIRST TO POWDER HAIR.

Then Custom Quickly Spread to Women of Fashion.

The custom of powdering the hair dates back as far as the sixteenth century and was first introduced by the nuns in French convents. Those who had occasion to leave the cloisters for any reason were wont to powder their hair so as to make it appear gray and give them a venerable look. The fashionable dames were so struck with the novel effect of white powder on dark hair that they soon appropriated the device as one of the arts of the worldly toilet. Out of this grew the use of tints in the hair. The Roman women often used blue powder, and later, in 1860, Empress Eugenie set the fashion of using gold powder. Rome under the empire and Greece during the time of Pericles were seized with a mania for golden hair. The belles and fops of the day devised several methods whereby black locks might be changed to golden yellow, but bleaching did not always succeed. Consequently quite a trade was established with the fair-haired tribes beyond the Alps, who sold their locks to Latin merchants to be worn on the heads of Roman dandies.

Death in Sight of Wealth.

Just after he had discovered the richest vein of tungsten ore ever found in this country, George Spartley, a veteran prospector, was killed by an explosion of dynamite in his claim in Boulder county, Colorado.

FOOD AND STUDY

A College Man's Experience.

"All through my high school course and first year in college," writes an ambitious young man, "I struggled with my studies on a diet of greasy, fatty foods, being especially fond of cakes and fried things. My system got into a state of general disorder and it was difficult for me to apply myself to school work with any degree of satisfaction. I tried different medicines and food preparations but did not seem able to correct the difficulty.

"Then my attention was called to Grape-Nuts food and I sampled it. I had to do something, so I just buckled down to a rigid observance of the directions on the package, and in less than no time began to feel better. In a few weeks my strength was restored, my weight had increased, I had a clearer head and felt better in every particular. My work was simply a sport to what it was formerly.

"My sister's health was badly run down and she had become so nervous that she could not attend to her music. She went on Grape-Nuts and had the same remarkable experience that I had. Then my brother, Frank, who is in the postoffice department at Washington city and had been trying to do brain work on greasy foods, cakes and all that, joined the Grape-Nuts army. I showed him what it was and could do and from a broken-down condition he has developed into a hearty and efficient man.

"Besides these I could give account of numbers of my fellow-students who have made visible improvement mentally and physically by the use of this food." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in page.

NORTHWEST NOTES

Secret service men have captured a gang of counterfeiters, together with \$1,800 in counterfeit gold coin and a complete set of molds at Spokane.

F. C. Kress of the Dillon (Mont.) Examiner, was found dead in bed at his home in that city Thursday morning. Death was due to heart disease.

R. S. Jewell, Patrick Jennings, Thomas Sheehan and John G. Forrester, alias Webber, were arrested at Spokane, Wash., on a charge of counterfeiting.

James Sterrell of Encampment, Wyo., aged 23, claims the distinction of being the youngest Knight Templar and Scottish Rite Mason in the United States.

Sara Bernhardt has purchased a circus tent with a seating capacity of 4,750, which will be used in the north-west for cities where first class theaters cannot be obtained for her.

The house committee on Indian affairs has agreed to make a favorable report on a bill for the sale of surplus and unallotted lands in the Colville Indian reservation, Washington.

Thomas E. Smith, well known as an authority on smelting mining, died at his home in Denver last week. He was 64 years of age. Mr. Smith at different times managed smelters in Utah.

South-bound express train No. 15 on the Southern Pacific railroad was partially derailed by a landslide near Redding, Cal., Wednesday night, and two men were killed and a number of others injured.

William Bell, an old and well-known resident of Hamilton, Mont., took his life by shooting himself in the head with a 40-32 rifle. The man's face was blown completely off, and three empty shells were found in the gun.

A Wyoming girl was the star performer at the concert given by students of the New England Conservatory of Music in Boston. Miss Belle Moore of Garnett, Wyo., gave a charming rendition of a song by Godard.

J. F. Hathaway, express messenger; Zackary Taylor, transfer agent, and Miss Daisy Robertson, were hurt in a collision between an engine of the Great Northern and an Oregon Railway & Navigation passenger train at Spokane.

Five of the far western states lead in increase of the number of industries in the report submitted to the congressional committee on manufactures. Oklahoma leads, Indian territory is next, Nevada, Idaho and Utah come next.

William Gleeson had a piece of flesh torn from his left thigh and was peppered on the back and legs with rock and gravel through the premature explosion of a blast in the Alta drift on the Sutro tunnel level, near Silver City, Nev.

Several hundred high school pupils, of Tacoma, resenting the non-observance of Washington's birthday, left the school rooms and paraded the streets, blowing horns and waving banners. Girls joined with the boys in the demonstration.

William Gunther, formerly assessor of Contra Costa county, shot and killed his father and probably fatally wounded his mother at Martinez, Cal., Monday. Gunther was recently released from the insane asylum at Napa. When arrested he said: "I am as crazy as hell, and have just killed my father and mother."

FOOD AND STUDY

A College Man's Experience.

"All through my high school course and first year in college," writes an ambitious young man, "I struggled with my studies on a diet of greasy, fatty foods, being especially fond of cakes and fried things. My system got into a state of general disorder and it was difficult for me to apply myself to school work with any degree of satisfaction. I tried different medicines and food preparations but did not seem able to correct the difficulty.

"Then my attention was called to Grape-Nuts food and I sampled it. I had to do something, so I just buckled down to a rigid observance of the directions on the package, and in less than no time began to feel better. In a few weeks my strength was restored, my weight had increased, I had a clearer head and felt better in every particular. My work was simply a sport to what it was formerly.

There's a reason. Read the little book, "The Road to Wellville," in page.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce's following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Sassafras root, especially create their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Advisor. A splendid 1000-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Solves Domestic Problem. Worcester, England, has refused to give the government a site for a cavalry barracks, though one of the city councilmen used a strong argument. He urged that the presence of 1,500 soldiers in town would end the prevailing scarcity there of female domestic servants.

A GUARANTEED CURE FOR FILES. Itching, Blind, Bleeding, Protruding Files. Druggists are authorized to refund money if FAGO OINTMENT fails to cure in 10 to 14 days. 50c.

Chinese Consume Pork. The natives in China eat very little butchers' meat, except pork. Poultry is abundant; also game.

USE THE FAMOUS Red Cross Ball Blue. Large 8-oz. package 5 cents. The Russ Company, South Bend, Ind.

Chance for American Editors. The Hanover Artisan's Gazette wants an editor. He must be a man who is "competent to remove all difficulties and misunderstandings between every branch of industry and every description of craft, and to re-establish all unfavorable trade conditions on a sound and satisfactory basis."

5 Tons Grass Hay Free. Everybody loves lots and lots of fodder for hogs, cows, sheep and swine.

The enormous crops of our Northern Grown Pedigree Seeds on our seed farms the past year compel us to issue a special catalogue called

SENDER'S BARGAIN SEED BOOK. This is a little full of bargain seeds at bargain prices.

SEND THIS NOTICE TO-DAY. and receive free sufficient seed to grow 5 tons of grass on your lot or farm this summer and our great Bargain Seed Book with its wonderful surprises and great bargains in seeds at bargain prices.

Remit 4c and we add a package of Cosmos, the most fashionable, serviceable, beautiful annual flower.

John A. Salzer Seed Co., Lock Drawer W., La Crosse, Wis.

You Are No Exception. Rest is absolutely necessary to everyone. There must be periods of relaxation—moments when the mind and soul and body gather force for continued activity. The thing one should guard against is taking rest at the wrong moment. Herein lies most of the success of life—resting at the right time.

Great accomplishments have been given up because one wanted to take rest at the wrong minute. After a large duty is done large relaxation should follow.

Important to Mothers. Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it

Bears the Signature of *Chas. H. Fletcher* In Use For Over 30 Years. The Kind You Have Always Bought.

London Boy's Pathetic Suicide. Sent to bed in punishment for a little naughtiness, which, it transpired later, he did not commit, Harry Ambler, a 14-year-old London boy, hanged himself.

To Get the Best Out of Life! Order the life habits to conform to the laws of hygiene, take proper rest, food, drink and exercise, have plenty of light, fresh air and sunshine, and take a cup of Garfield Tea daily. This mild laxative insures Good Health. Druggists sell Garfield Tea.

Chrysanthemums Old Favorites. Chrysanthemums, it is said, were cultivated in China before the eleventh century.

Mrs. Winslow's Soothing Syrup. For children teething, soothes the gums, relieves inflammation, cures colic, cures wind colic. Sore throat, etc.

Cane Buildings in Peru. In Lima, Peru, there are still many buildings which on account of earthquakes, are constructed of cane set upright and liberally plastered with clay, then painted over.

CHARITY NOT WELL DIRECTED.

Something Wrong with System, Says the New York Sun.

These charity organizations are so many that sometimes they compete with each other to find people on whom to bestow their bounty. The church parishes of the different denominations are engaged in a like competition. The ingenuity of professional philanthropists is always seeking to invent new methods for the employment of their charitable activity.

A householder's mail contains almost daily appeals for money for the support of old or newly devised schemes of charity and in the management of these are hundreds of men and women often of high social standing. Why is it, then, that we continue to hear stories of bitter poverty and suffering unrelieved? How can any such victims escape the constant search for them by public, private and individual charity? Something must be very wrong with the system.

Is it the development of the professional philanthropist who makes a living by drumming up contributions for the poor and sick? Is there not a superfluity of charitable agencies?—New York Sun.

HAS SERVED UNCLE SAM WELL. After Twenty-Nine Years of Service, Milton Sinclair Buch Re-Enlists. Yeoman Milton Sinclair Buch has just re-enlisted in the United States navy, though he is 61 years old and

has been in service twenty-nine years, beginning in the army as a soldier in the Pennsylvania volunteers during the civil war. Some time after the war he enlisted in the marine and later enlisted as a sailor.

Britons as Beef Eaters. A recent publication by the department of agriculture shows that Great Britain imports more meat animals and packing house products than all the other countries of Europe combined. The value of such British imports for 1904 was \$283,000,000. Nearly all the live meat animals imported in Great Britain come from the United States and Canada. The British fresh beef trade seems to be drifting away from the United States. Five years ago 76 per cent was supplied from this country, 2 per cent from Argentina and 22 per cent from other countries. In 1904 55 per cent came from the United States, 39 per cent from Argentina and 6 per cent from other countries. Argentina, with a population no larger than Pennsylvania, is fast establishing an important rivalry with the United States in furnishing to our most important customer not only fresh meats but breadstuffs.—Philadelphia Record.

Examples of Southern Ingenuity. Two southern congressmen were telling some northern colleagues about geniuses they had known in the south. One was a young fellow who was fond of playing poker, but did not understand the game any too well. Whenever he "went broke" he would break into a violent sneeze, which doubled him over the table. "When in this attitude," said the narrator, "the young man would bite a couple of dollars' worth of checks from somebody's stack and get into the next pot." The other southerner chimed in: "Yes, we of the south are an ingenious and resourceful people. I recall the girl who went to Chicago and told everybody she met she was a planter's daughter. She was too. Her father was the leading undertaker of Lexington."

Cabinet Members' Long Terms. Secretary Wilson has been longer in office as a cabinet officer than any other member of a president's official family since the days of Albert Gallatin. Mr. Wilson was appointed secretary of agriculture by President McKinley March 5, 1897, and has served continuously ever since. Albert Gallatin was appointed secretary of the treasury by President Jefferson in 1801, served through both of his administrations, through the first of Madison's and until April 17, 1813, of his second. Gallatin was foreign born, as was Secretary Wilson, the former a native of Switzerland, and the latter of Scotland.

President's Favorite Breakfast. President Roosevelt's favorite breakfast is corn pone, with New Orleans molasses, bacon, watercress, with a big white baked potato. He likes baked beans if they are baked in the genuine Boston way, a habit which has survived his Harvard days. Several times a month a big brown dish makes its way from the Lodge mansion to the white house and the president has a feast. Mrs. Henry Cabot Lodge is an old-time housekeeper. Her baked beans are the product of her own hands.

Terrible Scaly Humer in Patches All Over the Body—Skin Cracked and Bleeding—Cured by Cuticura. "I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Cuticura Soap, six boxes of Ointment and two bottles of Resolvent. In thirty days I was completely cured, and I think permanently, as it was about five years ago. The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at nights after getting warm in bed, or blood warm by exercise, when it would be almost unbearable. W. M. Childester, Hutchinson, Kan., April 20, 1905."

Chinese Court Fashions. A Pekin newspaper published the following as to court fashions at the Chinese imperial palace: "Ermine robes were first worn this season in the palace on the 22d inst. Squirrel skins are the next on the list, to be followed by fox, and lastly sable at the new year."

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. SNOW'S signature is on each box. 25c.

Seven Years Dog's Average Life. The average life of a dog is about seven years, although some live to be much older than that.

DON'T FORGET A large 8-oz. package Red Cross Ball Blue, only 5 cents. The Russ Company, South Bend, Ind.

Dog Aids Burglars. Burglars who have a dog to keep watch for them and give the alarm when danger approaches are operating in Alameda, Cal., with success. The police have a description of the dog.

A round trip rate of \$50 to California will be in effect all winter via the new and popular Salt Lake Route. See nearest agent or write for information to J. L. Moore, D. P. A., Salt Lake City.

The chair used by Napoleon at St. Helena was sold in London recently for \$55.

Big Oyster Shells. The usual size of the shell of an oyster is three to five inches, but away back in tertiary times there were oysters in California that had shells thirteen inches long and seven or eight inches wide. The animal and shell doubtless weighed fifteen or twenty pounds, since the shells were five inches thick. These oysters have long been extinct, but their fossil shells are abundant.—St. Nicholas.

Counting on the Fingers was a regular system for the young Romans.

They would make eighteen movements with the left hand for the numbers below 100, and eighteen with the right hand for those above. Two kinds of counting machines, called an abacus, were also used. One was a board strewn with sand, on which geometrical figures were drawn. The other was a frame, with balls moved in grooves to represent figures, with a special contrivance for doing fractions. As teachers were not very patient in those days, arithmetic might be said to have been learned less by rule than by ferrule.

AWFUL PSORIASIS 35 YEARS.

MISTOOK INTENT OF SON-IN-LAW

Letter at Last Found Out How Relative Was Loved.

Judge Aldrich was a confirmed dyspeptic, and noted for his asperity on the bench. He had a daughter married to a prominent lawyer in Boston. On one occasion, when the judge was on the bench in Boston, a case was to be tried where his son-in-law was counsel for the plaintiff. He wrote to the lawyer for the defendant, supposing that he knew of the relationship, and suggested a postponement on account of Judge Aldrich being the presiding judge.

He was somewhat surprised to say the least, to get in reply the following: "I hate the old cuss as bad as you do, but will try the case just the same."

JUST WHAT FORM OF LIQUID? Would Seem Something Stronger Than Water Was Needed.

Coming through the railroad tunnel the other day one of the passengers, a lady strongly opposed to the smoke evil, began an eloquent denunciation of the nuisance to a prominent citizen sitting near. "Do you know," she said, "there is a man lying on the street just above this tunnel, and he declares that the smoke is not an annoyance to him at all—in fact, that it is rather conducive to health? Now, what do you think of that?"

"Just this, my dear madam," said the prominent citizen, with a twinkle in his eye, "you know that cinders and
