#### LADIES' CLUB

Ladies Leaving for Summer-Farewell Dance

The Help-One-Another Club met at tise home of Mrs. Ace Church on Tues-

Mrs. Church tendered her resignation as treasurer and Mrs. C. C. Corkhill was elected to the vacancy.

Owing to the early departure of many of the members for summer vacations, the club decided to give a farewell dance.

The dance took place at the Ranch Wednesday night and the ladies entertained their friends and the public in splendid shape, providing free transportation, good music and an enjoyable program of dances.

Among those who are leaving are the

Mrs B. H. Fitzwilliam, who, with her son, left Thursday for Riverside, California, to remain during the summer and gerhaps permanently.

Wrs. Ace Church leaves next week for Rhyolite, where Mr. Church has been located for the past two months. He will arrive here to ay to return with

Mrs. C. Ball goes to Los Angeles and Long Beach for a six weeks' outing.

Mrs. Gillott will spend a couple of months in Portland, Oregon.

Mrs. E. E. Eaton will go to Los Augeles for the summer.

E. S. Hoyt has succeeded R. Brogelmann as manager of the Montgomery Hotel, at Beatty. A fine deposit of copper has been dis-

covered within fifteen miles of Caliente, near the route of the projected Caliente and Pioche railroad.

W. H. Smith, of Vanderbilt, Cal., has borsied for \$100,000 the Desert Queen group, belonging to Green, French and Wallace, and located about eight miles northeast of Blackburn siding, on the Santa Fe, south of Manyel.

#### Sea Grows Deeper

Half a fathom deeper grew the Salton Sea during the last week in

But it is not alone the flooding of the thousands of acres of land which this rise represents which marks the damage done, it is the peril in which the great highway of steel tracks of the Southern Pa-

flood encroaches, inch by inch and foot by foot, the record of the government gauge at Salton for the last seven days in June is given. On June 24 the height to which the flood waters of the Colorado had risen was 54.85 feet; June 25 it shows 55.35 feet June 26, 55.75 feet: June 27, 56.25 feet: June 28, 56.73 feet; June 29, 57.35 feet, and June 30, 57,94 feet.

But once the waters of Salton Sea disappear, when the Colorado flood is dammed, the most fertile land in the world will probably be uncovered.—L. A. Times.

### Desert Life

"Nevada today is incomparable. It has no equal. The actual boom has not commenced. Everywhere is industry, thrift, energy. New strikes are of daily occurrence," said Samuel Newhouse in an interview in the Inter Mountain Republic of Salt Lake. This occasions no surprise. They are considered the natural result of the labors of the numerous prospectors, who today throng the hills from the northern to the southern extreme southern border. New camps are ity that one must have constant

A trip to a desert camp is a perfeet tonic. Life takes on a new zest, arouses you from the lethargy convinces you that the old world has not yet made known her opportunities; that fortune awaits you These that keeps the "boys" marching, prospecting, developing, promoting, about,
