**Leaky.**  
Little Margaret was to take her first bath in the river. A fine new bathing suit had been made for her and she donned it with great pride. Her mother, with Margaret's sisters, took her down. She was very timid about going in, until she saw the others were perfectly safe in the water. Then she ventured in. The water suddenly grew deeper and came above her waist, much to the surprise of the little maid, who cried out in surprise:  
"Oh, mother, my bathing suit leaks!"

### A TERRIBLE EXPERIENCE.

### How a Veteran Was Saved the Amputation of a Limb.

"B. Frank Doremus, veteran, of Roosevelt Ave., Indianapolis, Ind., says: 'I had been showing symptoms of kidney trouble from the time I was mustered out of the army, but in all my life I never suffered as in 1897. Head-aches, dizziness and sleeplessness first, and then dropsy. I was weak and helpless, having run down from 180 to 125 pounds. I was having terrible pain in the kidneys and the secretions passed almost involuntarily. My left leg swelled until it was 34 inches around, and the doctor tapped it night and morning until I could no longer stand it, and then he advised amputation. I refused, and began using Doan's Kidney Pills. The swelling subsided gradually, the urine became natural and all my pains and aches disappeared. I have been well now for nine years since using Doan's Kidney Pills.'

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney and Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the system and mucous surfaces of the system and cures one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## CONTAGIOUS BLOOD POISON HUMILIATING—VILE—DESTRUCTIVE

The very name, Contagious Blood Poison, suggests contamination and dread. It is the worst disease the world has ever known; responsible for more unhappiness and sorrow than all others combined. Nobody knows anything about the origin of this loathsome trouble, but as far back as history goes it has been regarded the greatest curse of mankind.

No part of the body is beyond the reach of this powerful poison. No matter how pure the blood may be, when the virus of Contagious Blood Poison enters, the entire circulation becomes corrupted, the humiliating symptoms begin to appear, and the sufferer finds himself diseased from head to foot with the vilest and most destructive of all poisons. Usually the first symptom is a small sore or ulcer, so insignificant that it rarely ever excites

Dear Sirs:—I had a friend who had a bad case of Contagious Blood Poison and was in a terrible condition. He tried all the medicines he could hear of, but nothing did him any good. He went to Hot Springs but it was like the other treatments he had used, and he was in despair of a cure when he heard of S. S. S. After taking it for awhile the sores all healed, his hair stopped falling out, and, continuing with it, he soon found himself cured entirely of this hideous disease. **JOHN LESLIE, Rockford, Ill. 710 W. State St.**

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S. and began to improve. I continued the medicine, and it cured me completely. **W. R. NEWMAN, Hamlet, N. C.**

But no matter how the disease is contracted, the sufferer feels the humiliation and degradation that accompany the vile disorder.

Mercury and Potash are commonly used in the treatment of Contagious Blood Poison, but these minerals cannot cure the disease—they merely mask it in the system. All external evidences may disappear for awhile, but the treacherous poison is at work on the internal members and tissues, and when these minerals are left off the disease returns worse than before, because the entire system has been weakened and damaged by the strong action of the Mercury and Potash. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S., the great vegetable blood purifier. It attacks the disease in the right way by going down into the blood, neutralizing and forcing out every particle of the poison. It makes the blood pure and rich, strengthens the different parts of the body, tones up the system, and cures this humiliating and destructive disorder permanently.

The improvement commences as soon as the patient gets under the influence of S. S. S. and continues until every vestige of the poison is driven from the blood and the sufferer is completely restored to health. S. S. S. is not an experiment; it is a success. It has cured thousands of cases of Contagious Blood Poison, many of which had given the Mercury and Potash treatment, Hot Springs, etc., a thorough trial, and had almost despaired of ever being well again. S. S. S. is made entirely of roots, herbs and barks, and does not injure the system in the least. We offer a reward of \$1,000 for proof that it contains a particle of mineral of any kind. If you are suffering with this despicable and debasing disease, get it out of your blood with S. S. S. before it does further damage. We will gladly send our book with instructions for self-treatment and any medical advice, without charge, to all who write.
