A town that aspires to be the seat of government for the county should have a government of its own. Las Vegas should take steps at once to provide itself with the form of town government permitted by the statutes.

Thousands of dollars worth of property and 2000 trees were destroyed in Salt Lake City Sunday morning by a terrific windstorm, which at one time attained a velocity of 60 miles an hour. Telegraph and telephone lines were badly crippled and an Oregon Short line train was blown bodily from the track.
The Help-One-Another Club announces that a fair is being planned, to be given prior to December 25th, at which fancy and useful articles suitable for Christmas presents will be offered for sale. Entertainment, refreshments and other customary features will also be included.

The more convenient connections now made by the L. V. & T. with the Salt Lake route has temporarily curtailed the volume of hotel business in Las Vegas, but in the long run the effect will be good. Persons forced to lay over against their desire would eventually have sought other routes to the mining district and given Las Vegas the go-by entirely.

H. M. Cushing, representing the Denver and Rio Grande railroad, W. S. Tarbell, manager of The Mining Investor of Colorado Springs, and E. M. Fife, of the Colorado Springs Evening Telegraph, stopped in Las Vegas Wednesday on their way to the Bullfrog district. The presence of representatives of such important interests indicates that the eyes of the country are upon the mining camps of Southern Nevada.

Among The Age political announcements appears the card of Sam Gay, Republican nominee for constable. Mr. Gay has for months been employed as night watchman in block 16, in which capacity his good judgment and fair dealing have made him a host of friends. Mr. Gay is a fortunate candidate, for the reason that these friends all appear interested in his candidacy and will work hard for his election. It is generally conceded that he would make an efficient officer.

County Campaign

W. R. Thomas, Republican nominee for assemblyman, has been campaigning in the north end of the county for several days with fellow candidates.

Ed. W. Clark, Democratic nominee for treasurer, was in Las Vegas Wednesday evening, but returned Thursday to Moapa to join the Democratic nominees who are now campaigning in the Muddy Valley, bound southward.

County Clerk Goodrich, the Republican candidate for auditor and recorder, writes that the duties of his present office will not permit him to make an extended campaign, but promises to visit the voters of Las Vegas and Searchlight before election day.

County candidates of both parties held rallies in Pioche, De Lamar, Caliente and other northern towns during the past two weeks.

W. R. Thomas, J. S. Laney and Harry W. Turner, Republican nominees for assemblyman, district attorney and treasurer, arrived in Las Vegas Thursday afternoon after a strenuous campaigning trip through the north and central portions of the county.

Farewell Testimonial

J. D. Kramer was waited upon Tuesday evening by a committee from Las Vegas Aerie of Eagles, which presented him with a handsome emblematic watch charm as a testimonial of regard from the order, of which he has been president for many months.

Accompanying the committee were their wives and other friends of Mr. Kramer's who came to wish him farewell. Refreshments were served and a pleasant evening enjoyed.

Mr. Kramer left Wednesday for Greenwater, where he will engage in business.

F. W. Manuel made the presentation address in behalf of the committee.

Card of Thanks

In leaving Las Vegas, I desire to thank my neighbors and friends for their past liberal patronage and for the many other courtesies they have shown myself and family during our stay among you. Sincerely,
J. D. KRAMER.

School Notes

[Communicated.]

School opened October 1st with 65 pupils, and during the first month, which ended yesterday, the number has steadily increased.

The pupils have seemed to realize the true meaning of the motto, "There is no excellence without great labor," even from the first day of school. A record is being carefully kept of all pupils that average in their class standing and examination papers at the end of each month over 90 per cent, and it is to be hoped many will attain the honor of seeing their names in the paper when they earn it by hard labor.

The rules of the school are only two—"Do right" and "Be thoughtful." The watchword "watch,"—watch words, actions, time, company. Their motto—"Do with your might what your hand find to do."

Every Friday the pupils have a chance to tell the current events of the world, and the "Sunshine" box is opened and the "Sunshine slips" are read, creating much interest in the scattering of sunshine in the school, and outside as well.

The parents of all pupils and all interested are cordially invited to visit the school, where they will always find a hearty welcome.

Railroad Patents

The American Mining Congress, in session at Denver last week, passed a resolution calling upon Congress to set aside the land patents by which the

railroads have gained possession of valuable mineral lands throughout the western States.
