SMELTER

Schwab and Patsy Clark Planning to Build One at Greenwater

Chas. M. Schwab will pass through Las Vegas in his special car on his way to Beatty today.

The Clark railroad is building a switch to the big Montgomery-Shoshone mine. It will be completed in 30 days, when a train load of ore, running from \$50 to \$250 per ton will be sent to the smelter.

The foundation of the great Schwab mill is now under way, and machinery will soon arrive.

On this trip Mr. Schwab will visit the Greenwater copper country, where he is in control of vast properties. A smelter will be built about 25 miles from Greenwater, where water is plenty. The smelter company will build their own railroad from the mine to the smelter. A consolidation between the Schwab and Patsy Clark interests is pending.

A New York dispatch says: "The smelting enterprises projected by Charles M. Schwab, Patrick Clark, Malcomb Macdonald and John Brock, president of the Tonopah Mining company and of the Goldfield and Tonopah railroad, will also, as an auxiliary to the smelter, result in a road into Greenwater to meet with the Tonopah road at Bullfrog."

"The Tonopah Mining company men, of Philadelphia, are said to have purchased 81 claims, for which they paid more than \$700,000. F. Augustus Heinze has purchased 13 claims for \$200,000."

Beatty-Bullfrog

The Salt Lake Tribune of recent date contains the following:

Gov. George A. Black, prominently interested in several Bullfrog properties, among which is the Shoshone mine, has returned from attending the celebrations incident to the entering of the railroad into Beatty. Governor Black is more than ever enthusiastic over the showing that is being made upon the Shoshone and all the big properties of the Bullfrog region. Regarding the Beatty Bullfrog, in which he and numerous other Salt Lakers are interested he states that active development work is proceeding with fine results. The showing that is being made by this group is exceedingly gratifying, and it would seem that from all indications Salt Lakers have unearthed another bonanza in the Beatty Bullfrog.

Halloween Party

The Help-One-Another Club entertained friends with a delightful "Halloween party" on the night of October 31st. The party was given at the home of Mrs. M. I. Templeton, and was enjoyed by a large gathering.

The special feature of the evening was the singing of Frank Brandt, the desert nightingale, which was appreciated by all. Old-fashioned Halloween games were played, furnishing much amusement. These were followed by the serving of refreshments, and afterward dancing engaged the jolly party for an hour or two.

The ladies have announced a social dance for the evening of November 10th.

How to Vote

The attention of voters is called to the fact that a stamp (X) must be placed after the name of each and every candidate for whom they desire to vote. There are no party columns as in some States, where a straight ticket may be voted by making a single mark with the stamp.

Voters who are not familiar with the Nevada ballot should procure a sample ticket from the election officers and study it carefully before proceeding to vote.

The ballot is simple enough, but past experience has proven that many voters will make mistakes in spite of the best information that can be given them.

Railroad Rates Compared

Following are the railroad freight rates from Los Angeles to Beatty, and from San Francisco to Goldfield:

Class	Los Angeles to Beatty	San Francisco to Goldfield
1	3.04	3.66
2	2.90	3.50
3	2.46	3.31
4	2.18	3.03
5	1.83	2.41
A	1.46	2.37
B	1.31	1.68

Lumber now sells for \$47 per thousand at Tonopah, a drop of nearly \$30 per thousand in the past two years.

THOMAS, THE GROCER

Why?

BUNKERVILLE

Las Vegas Candidate Makes Good Impression

[Special Correspondence.]

The Republican nominees for county officers paid Bunkerville people a visit, and among others was Hon. W. R. Thomas, of Las Vegas, nominee for assemblyman, who appears to be a sober and thoughtful man.

Today (Oct. 29) the Democratic candidates are in town and are looking about among the voters of the river settlements. On Sunday, Oct. 28, there was born to Mr. and Mrs. J. S. Abbott a daughter. The mother and baby are doing nicely and Mr. Abbott will probably recover. It will be remembered that Mr. Abbott is the Republican nominee for county assessor.

Saloons Close

Sheriff Jake Johnson has posted notice, as required by law, that all saloons or places where liquor is dispensed must close at 12 o'clock Monday night and remain closed until 6 o'clock in the evening of election day.

There is a heavy penalty for any violation of this law.

It is also unlawful to give away liquor on election day.

Announcement

Mrs. M. I. Templeton desires to announce that she has taken complete charge of the Cold Storage Boarding House at the Ice Plant. Attractive changes have been made in the dining room and the service is strictly first-class. Good home cooking and the very choicest cold storage meats. The patronage of the general public is solicited. Meals, 25 cents.

Notice!

We, the undersigned, hereby agree to close our places of business, beginning Nov. 1st until April 1st, 1907, at 8 o'clock p. m., excepting the 15th and 16th of each month, and Saturday nights.

Statistics show that 180,000 dogs were killed to make sausage in Germany during the past year, an increase of 33 per cent over the number used in 1905. More sausage and fewer dogs would be an acceptable condition in Las Vegas. We can "pass up" the sausage.

THE OPENING

Mad Rush to Walker River Reservation

With the firing of a mighty blast of dynamite from the top of Grant Peak, the highest point in the adjacent mountain, the Walker Lake Indian reservation was opened at noon Monday, Oct. 29th.

At the given signal hundreds of searchers for gold hurried helter-skelter over the boundary lines of plain and mountain, and before the great cloud of smoke which rose into the air from the dynamite explosion had drifted away, a spectacular race of automobiles, race horses and vehicles was on.

So great was the rush across the desert from the time nearest Hawthorne that a number of persons narrowly escaped being trampled over and in numerous instances injuries were reported. Horses were ridden till they dropped and men recounted their ill fortune when their automobiles became stalled in the deep sands.

Jaded and overcome by thirst, numbers of prospectors barely summoned enough strength to make their locations.

Those who had waited for the signal from the top of Mount Grant before rushing into the reservation, found that all the most valuable claims in the vicinity of the rich Dutchman, Cottonwood and numerous other creeks emptying into the southwestern portion of

Walker lake had been taken up by men who had rushed in the night before.

Even men who had employed steam launches to take them across Walker lake from the eastern side found that their efforts were of no avail, as they were too late to be on an equal footing with the men who had disregarded all law.

Reports are made of numerous shooting affrays, and there will likely be a tale of much bloodshed to tell when the complete history of the opening is known.

In the mad race for gold, manhood, honor—even life—counted for naught.

We prate for reform in politics and government, but who will undertake the task of reforming human nature.

Couldn't Swallow It

Mr. Kuhn's little burro had a narrow escape a few days ago. It generally takes its breakfast out of the litter at the rear of The Age office. Its favorite brand of breakfast food seems to be old newspapers, with a decided preference for old copies of The Age, as its clean statements and crisp brevities act as a stimulating appetizer.

On a recent morning the little animal was seen choking violently; rescuers extracted from its mouth a copy of a Goldfield paper containing a featured account of the hold-up of the shaft house on the Mohawk lease, when 20 sacks of ore valued at \$50,000 were carried off by highwaymen.

There are some statements emanating from Goldfield's advertising syndicate that even a donkey cannot swallow.

DEMOCRATIC VISIT

Hard-Working Quintet Spends Day in Las Vegas

Five hustling Democratic campaigners arrived in Las Vegas Wednesday night, tired out but enthusiastic, as a result of their labors further north.

They were Levi Syphus and Frank Williams, nominees for the assembly; Ed. W. Clark, for treasurer; Phillip K. Smith, for sheriff, and John F. Roeder, for assessor. Chas. Lee Horsey, who has been making the campaign with the others, was obliged to return to Caliente on account of the libel suit of Dr. W. P. Murray against the Pioche Record.

The boys went directly to bed upon arriving, but spent Thursday getting acquainted with our citizens.

Messrs. Williams, Lee and Roeder left Thursday night for Searchlight, where they will be joined later by Messrs. Clark and Syphus.

Part of the group will spend election day in Searchlight and part in Las Vegas.

Henry Lee, County Recorder and Auditor, and Democratic nominee to succeed himself, was among the candidates who visited Las Vegas this week. Persons in this vicinity who have had business with the Recorder's office speak highly of the efficient manner in which it has been conducted and of the many courtesies they have been shown at the hands of Mr. Lee. He has been twice elected to the office and was the unanimous choice of his party at the Caliente convention.

The equipment of the Age office is the best of any in Southern Nevada.

FROM DARKNESS TO SUNSHINE

I gathered up my faded hopes—
Poor shriveled flowers—one by one,
And count the things that I have lost
Against the things that I have won.

And here was life; a brimming bowl
Of Maier and Zobelein's finest beer;
drank the delicious liquid till it filled my soul,
And I felt myself above my peer.

I threw away my faded flowers—one by one,
And multiplied the good things I had done,
And said, "Old Hoss, you are but one,
Of many, of Mother Eve, and her darling son."

Now when you are downcast and feeling blue,
Come to the Colorado, where Maier & Zobelein flow;
Come to the Colorado, where good whisky, wine and brew
Are kept; and stay till the cocks in the morning crow.
