China's New Ruler.
The most powerful individual in China today is Yuan Shi Kai, the viceroy of Tien-tsin. He is virtually the dictator of the empire, having as his ally the old empress dowager. No decree is issued from Peking without his approval. He is credited with having caused the Chinese government to issue the recent anti-opium decree. Yuan is a man of great force of character and a believer in progress. He has taken many steps to modernize his country. Numerous attempts have been made to assassinate him. It is hoped that through his efforts China will be transformed into a progressive land.—Leslie's Weekly.

He Was Cured.
A certain clergyman in Richmond has had in his employ for so long a time a negro named Julian that the latter has come to regard himself as something of a confidential adviser to the divine.

Early one Sunday morning the pastor awoke feeling decidedly ill. After a futile attempt at breakfast, he summoned his old and faithful servant, saying:
"Julian, I want you to go to my assistant, Mr. Blank, and tell him that, as I am unwell, he will officiate for me in this morning's service."

At this Julian demurred, and, after some argument, persuaded his master that he would feel better if he officiated as usual. This the latter did, and, as predicted by the dandy, he did return home feeling much better.

"You're better, huh?" asked the servant, meeting his master at the door.
"Very much better, thank you, Julian."

The dandy grinned. "What did I tell you, huh? I knowed you'd be all right jest as soon as you got that sermon out your system."—Success Magazine.

The man who had visited San Francisco to view the ruins and the beginnings of the restoration sat looking out of the car window with an expression of wonder and bewilderment on his face.

"Seen great things out there, haven't you?" said a genial stranger, who had slipped into the next seat. "Now you're going home to tell about it."
"It's—it's marvelous—it's unbelievable, such courage—such—well, words fail me," said the man from the East, stammering in his excitement.

"I knew they'd fall you," said the genial stranger, in a confidential tone, "but I can obviate all your difficulty. I don't wish to press it on you, but I have here a little book of one hundred pages called 'The Right Word in the Right Place,' handy for the pocket or the bag, and costing only twenty-five cents. Ah, I thought so! Thank you!" and the genial stranger moved up the car toward an old lady who was wiping her eyes with a damp ball of handkerchief.

SKIN DISEASES

HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the troubles dormant in the blood through the Winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
