A Warrior, Too. Had marked the graves in the certain rural cemetery rotted off, and were raked up in the spring cleaning; consequently, on Memorial day, when the delegation from the G. A. R. arrived with flags and appropriate floral decorations for their departed comrades, the decorating committee found itself somewhat in doubt as to which grave belonged to Captain Blodgett and which to Hannan Ericson.

The mistletoe delegates heaped their offerings upon Hannah's last resting-place, and departed. That afternoon Ericson, the widower, drifted, with the rest of his world, to the cemetery. When he saw the flag and the flowers above Hannah, the astonished Swede fell to chuckling joyously.

"Well," he explained, delightedly, "dese faller bane pooty smart, too! Ay tank dat vor all right and som gude yoke on Hannah—he vor pooty gude fighter herself."

Saved the Boys.

Two miners were working at the bottom of a narrow shaft of the Young America mine in British Columbia. They were loading ore in an iron-bound bucket, while at the top of the shaft another miner hauled the bucket to the surface by means of a windlass. On one of these trips the bucket had almost reached the top when the iron crank of the windlass snapped. Instantly the bucket started down the shaft to crush the men below. In a moment the miner threw his body against the cogs of the wheel, there was an awful jerk and the bucket stopped. Men came running and released the hero, crushed and fainting. When his wounds were dressed, the superintendent visited him and complimented him on his bravery. "Well, I saved the boys," said the miner, simply.

The honeymoon was over and the cupbourn was bare. "Don't worry, darling," said the romantic husband, as he opened the piano; "remember, music is the food of love."

The practical little wife shook her head. "But if you really think music is the food of love," she responded, "perhaps you can step around and get the butcher to give you a beefsteak for a mere song."

Then the long-haired genius woke up.

RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to rub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing counter-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nervous system inflammation and swelling and such terrible pains that the nervous system is often shattered, the life undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties—just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time by trying to rub a blood disease away, but begin the use of S. S. S. and write to us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheumatism.
