**Edison's Latest**

There is a real treat in store for the theatre going public of Las Vegas when the Edison Talking Pictures will be shown for the first time at the Majestic Monday and Tuesday evenings, March 30 and 31.

The Kinetophone has created more than an ordinary interest in New York and every large city from coast to coast, and everyone has exclaimed over the marvelous synchronism of sound and action.

Mr. Edison spent many sleepless nights in perfecting his "talkies" and is naturally jealous of his great invention and is particularly anxious that none of the effects be marred by careless handling or incompetent workmanship of those not familiar with the installing of the Kinetophone. A force of mechanical experts, trained under the watchful eye of Mr. Edison personally, are entrusted with the installing of these wonderful machines. It is a part of the contract that none but the workman from the Edison laboratories is permitted to put the wonder machine in operation.

The Kinetophone is conceded by everyone to be the most marvelous invention of the age, for in it this wizard of electricity combines the most vivid and realistic scenes, in conjunction with the perfect reproduction of the human voice, music and all other sounds. It is very fortunate, therefore, that Las Vegas should be chosen as one of the towns to have an opportunity of seeing and hearing this latest marvel. But one show will be given each night, the program presented requiring the entire evening.

**OVERTON ITEMS**

(Special Correspondence.)  
Among those going out on Thursday's train were Miss Vida Tibbitts, to her home in Benjamin, Utah; Mr. Joe Hatch to Tropic, Utah, and Dr. and Mrs. Robert C. Smedley to Salt Lake City.

A car of cement has been received for use on the new school house. Elmer Losee has recently received machinery for the enlargement of his ice plant.

Born, last week, a son to Mr. and Mrs. Joseph Ingram. Miss Roxie Leavitt, who has been visiting here for several weeks, returned home Sunday.

Mr. and Mrs. Wm. Bowman of Bunkerville are visiting here.

Ralph and Joe Perkins have returned from Southern California. Mrs. Joe Perkins and children will remain for a month visiting relatives near San Diego.

Stake Supt. of Religion Classes Arthur Hughes of Mesquite and Elder Wm. A. Morton of the General Board of Religion Classes visited here several days this week, and held a meeting in Overton Friday evening in the interest of this work. At the sacrament meeting Sunday Elder Morton spoke; his subject, "Was Joseph Smith an Impostor?" being ably treated.

The Bunkerville high school came over Friday, bringing their high school band. They gave a dance Friday evening and the play "East Lynne" was given to a crowded house Saturday evening. It was a success as a social event and they netted a neat sum from the performance for use in their school.

Mrs. Loella Leavitt and Mrs. Thos. Leavitt Jr. were here Saturday on their way to Las Vegas.

Mrs. Mary Losee and son Donald, who came here last fall from Tropic, Utah, purchased a lot in the southern part of town and have moved into a little home recently built for them.

**Card of Thanks**

Mr. John Tway, in a letter regarding the death of Mrs. Tway, said: "Her taking was very peaceful, no pain, no suffering, which was a great comfort to us."

"Kindly express sincere thanks to those who were so kind to her during her short stay in your city."

The remains, accompanied by Mr. Tway, passed through Vegas on No. 29 on the night of the 20th on the way to the old home at Athol, Mass., where interment was made.

**Won the Prizes**

Mrs. E. S. Sheppard has the distinction of winning the prize for the finest loaf of bread made with White Dove flour, receiving \$15 therefor from the Mesquite store. Mrs. Mary Doyle, mother of the winner, received the \$10 prize for the second-best loaf, thus clinching the reputation of both as bread makers and keeping the prizes all in the family. We congratulate the winners.

**That Your Interests**

may be fully protected do you want your banker to be conservative? To have good business judgment and be firm in refusing loans to reckless borrowers?

Do you want him to be progressive—take an active interest in the upbuilding of our town and county and the enlarging of home business interests?

Ever since its organization this bank has been conducted along these lines—the reason for its substantial growth. Also one reason you should have an account with us.
