

We are eager to have every woman in this vicinity know the merits of the Wirthmore \$1.00 Waist

WE want them to know this not only because they will thereafter buy them repeatedly, but more particularly because it demonstrates so convincingly the splendid results that can be attained when the retailer and manufacturer unite in close co-operation with a sincere desire to well serve the buying public. And in this connection let us add that that we avail ourselves of every opportunity for such co-operation as will be an aid in bettering our service or values.

These thoroughly desirable Wirthmore Waists can be sold in just one good store in every city and they are sold here exclusively

Locate Valley Road

Chairman Geo. A. Fayle, E. E. Smith and S. W. Darling, of the board of county commissioners, accompanied by C. H. Fenner, spent most of last week in the Moapa Valley seeking a satisfactory route for an automobile road through the valley. They found many difficulties to surmount but finally agreed upon a route which appears to dodge most of the bad places and upon which it is believed a permanent road can be built. George C. Baldwin was appointed to seek an outlet into Lincoln county for the road through the upper valley.
