

TO SALUTE FLAG REGISTRATION DAY

All Join in Solemn Consecration to Principles of Liberty and Justice

At 3:30 on the afternoon of Registration Day, in accordance with the request of President Wilson, Secretary of War Baker and Governor Boyle, the people are requested to assemble at the school house grounds, there to salute the Flag of our Country, and to consecrate themselves anew to the principles of liberty and justice upon which our nation is founded.

The men who that day shall place themselves at the service of the country by their act of registration, are requested to register as early in the day as possible. They are then asked to re-assemble at the court house at 3:15 and march in a body to the school grounds, where the following program will be carried out in commemoration of the historic day.

Invocation—Rev. J. L. Collins.
Salutation of Flag and Pledge of Allegiance—

"I pledge allegiance to my Flag and to the Republic for which it stands; one Nation, indivisible, with Liberty and Justice for all."

Song—"Star Spangled Banner."
Short Addresses by Ed. W. Clark, E. W. Griffith, Rev. P. S. Smithe, National Anthem—"America."

Benediction—Rev. Fr. O'Grady.
The people are earnestly requested to attend and join in these exercises to mark this historic day as one of patriotic devotion.

County Agent Work

The most progressive counties in most every state of the Union have secured County Agents, and wherever installed they have proven to be the greatest of help to agricultural interests. The duty of such agents is to work with farmers and not over and above them; to carry to the farmers results, that are practical, of State and Federal Agricultural Experiment Station work; to spread the methods to others, used by the most successful farmers.

Clark County, Nevada, now has a County Agent. Without the hearty cooperation and support of all, this County Agent cannot secure the best results and be of the greatest service to the county. It is therefore the duty especially in regard to the serious situation that confronts the world in its food supply, to make use of the County Agent to the fullest extent and give him all the support and encouragement possible. A County Agent stands for public service, and it is up to all farmers, especially, to take advantage of this opportunity.

Mr. S. E. Merrill, the County Agent

An Appeal to Women

Mrs. Charles P. Squires, Temporary Chairman for the Nevada Division, Council of National Defense, has received through Dr. Anna Shaw, Chairman of the Woman's Committee, a letter from Secretary Baker asking the cooperation of the women in making June 5, Registration Day, a day of patriotic service and devotion to our country. It is earnestly requested that the heads of the various women's organizations in every town in Nevada meet, together with the Mayor and heads of local organizations, and plan some fitting ceremony to mark this day in the annals of history.

Dr. Anna Howard Shaw, Chairman of the Woman's Committee of the Council of National Defense.
My dear Dr. Shaw:

As you know, the Government earnestly desires that June 5th, the day of registration, shall be made a magnificent demonstration of the unity of this country. In the great festivals with which the authorities in every state are preparing to celebrate Registration Day, women should be fully represented. They are giving those they hold among their dearest. Let them show by their active cooperation in this great national undertaking that they give gladly because in full appreciation of the nobility of the cause.

The Council of National Defense has already asked the state councils of defense to aid in making Registration Day a great and memorable occasion in our country's history. It is asking the state councils to include women in all preparations. Through your Committee I appeal to the women of the country everywhere to join in the celebration of this historic day.

(Signed) NEWTON D. BAKER, Secretary of War.

of Clark County, is an able and energetic man, and I, C. G. Vinson, call upon the people of this County to give him the good and undivided support I have received while here. With such support and cooperation Mr. Merrill will render the greatest service.

I wish to thank the citizens of Southern Nevada for their kind treatment. My work here has ever been a pleasure and I shall look forward to the possibility of returning at intervals in the future. I now go to take up work in Northern Nevada.

Very truly yours,

C. G. VINSON,
District Agricultural Agent.

Notice to Auto Owners

Automobile owners who are willing to volunteer for service as deputy sheriffs, and to contribute the use of their machines for the collection of registration returns, can perform a patriotic service which will be appreciated by the State and Nation if they file their application for such service on Registration Day and in the period immediately following, with the sheriff, ex-officio executive officer of the County Registration Board.

Your Patriotic Duty

Buy a Liberty Loan Bond

Information at your Local Bank

Carson City, May 26, 1917.

At the request of the authorities in charge of the Liberty Loan Bond campaign in Nevada, I have by proclamation issued today, set Tuesday, June 5, Registration Day, as Liberty Loan Day, and have urged the people of the State to meet the patriotic contribution of service pledged by the young men who register, with a pledge of money needed to prepare for and conduct the war in which we have entered.

To make this campaign effective will require that a Committee in each community prepare to actively solicit investments from those prepared to make them. Your local bank can supply the details of the subscription, but the committees herewith appointed are expected to enlist the aid of patriotically inclined men and women in each community, who will establish tables or booths at prominent points, such as the registration places, hotel lobbies, and at other places where the people are likely to congregate or pass, to solicit subscriptions and to conduct prospective bond investors to the local bank or banks where their subscriptions may be made.

I have designated at the Committee for Las Vegas, the following named public-spirited citizens: Ed. W. Clark, C. C. Ronnow, Hon. E. W. Griffith (Assemblyman), Hon. Peter Buol, John S. Park, Hon. Harley A. Harmon, Mayor W. E. Hawkins.

Your work will be to organize to secure all of the actual subscriptions on June 5th, possible to secure in your town.

Appropriate appreciation and recognition of your services will be made by the national and state governments.

Very truly yours,
EMMETT D. BOYLE,
Governor.

Back Bad Today?

Bachache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

A. G. Curtis, mining engineer, 243 Euclid street, Goldfield, Nevada, says: "Sometime ago my kidneys began to trouble me. The first sign of the trouble was a slight pain across the small of my back. Before long it developed into a severe, cutting pain. My kidneys acted too freely and when I bent over, specks floated before my eyes, blurring my sight. Doan's Kidney Pills put an end to the trouble and my back and kidneys have been in good shape since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Curtis had. Foster-Milburn Co., Props., Buffalo, N. Y. Adv.

CENTRAL WEST TORNADO SWEPT

Swirling Gales Destroy Towns Leaving Trail of Death

Chicago—Spring tornadoes, making their appearance earlier than usual in the Central West, caused the deaths of more than 100 persons, the injury of several hundred more, and property damage which cannot be estimated because of serious loss in growing food crops. St. Louis, Mo., was the heaviest sufferer in the storms, from fifty to seventy being killed there.

The storm wrecked the northern half of Mattoon, including nearly all of the business section, and rendered 2000 persons homeless.

While the principal force of the storm struck at Mattoon, other sections of Illinois were visited by vagrant tornadoes which left death and destruction as they hopped about through a rich farming territory.

Casualties were reported as follows: Westervelt, five dead, twenty-one injured, three of whom will die. Manhattan, one dead, six injured. Joliet, two injured. Elwood, four injured. Modesto, one dead, nine fatally hurt. Pearl, one fatally injured, four hurt. Charleston, many reported injured.

But definite information lacking until wire communication is restored.

The town of Goodenow, thirty-four miles south of Chicago, on the Chicago Eastern Illinois railroad, is reported to have been almost totally demolished.

Eric railroad officials at Lima (Ohio) report Hebron (Ind.), on the Vandalia, fifty miles from Chicago, wiped out by tornado. A relief train is being sent to Koutz, the nearest town.

Wiehita (Kan.)—Thirty persons are known to have been killed, more than fifty have received injuries from which it is said several will die, and property was destroyed when a tornado swept up through Sedgwick and Harvey counties, in the south central part of Kansas.

Andale, a village of fewer than 300 inhabitants, bore the brunt of the twister's rage, eighteen lives being the toll before the storm, which, accompanied by a blinding rain, bore on to the northwest.

Meager reports from Blytheville (Ark.) and Sayre (Ala.) said that lives were lost, people injured and property damaged when tornadoes struck those regions.

CHEAP SUGAR FROM GRAPES

Problem Solved of Extracting Acid from Juice by Centrifugal Process

Sugar and syrup from grapes, the cheapest in the market, will be made largely in California this year.

Most of the wine grapes growing in the San Joaquin valley, the heaviest producing district in California, will be dried instead of going into sweet wines.

Buyers are scouring the district around Fresno, offering 4 cents a pound for dried wine grapes. This is equal to about \$18 a ton, which is better than the wineries will pay.

All of the second crop Muscat grapes will be dried this year.

With grapes at \$10 a ton, and getting 400 pounds of sugar from each ton, the cost of material is only 2½¢ a pound for sugar.

With cane and beet sugar around 8 and 9 cents a pound, the economy in using grape sugar for canning and other purposes, has appealed to canners and to concerns which hitherto have turned thousands of tons of grapes into wine, in seasons gone by.

The process of extracting the acid from the grape juice through centrifugal process has been solved by Louis P. Wetmore.

NEW LAW IN FORCE

Law Against Selling Liquor to Soldiers and Sailors

San Francisco—Federal statutes sent San Francisco a long way on the road to drouth when saloon and cafe men and retail liquor dealers were ordered by United States District Attorney John W. Preston and Chief of Police D. A. White to stop the sale of liquor to uniformed officers and men of the Army and Navy.

Several thousand soldiers and sailors stationed in the Presidio and the forts about San Francisco are affected by the order. Their number will be greatly increased with the beginning of mobilization of the great conscript Army.

Preston and White acted by virtue of an act of Congress approved by President Wilson. The prohibition is construed here to include the sale of all beers, wines and spirituous liquors of all sorts, over the bar, in packages or with meals. The act also prohibits the sale, gift or possession of liquor in any military reservation.

SAN JOSE PAGEANT

San Jose—"Pageant Week" in San Jose, opening June 1, is going to be one of the biggest undertakings that the merchants and citizens have tackled, and the committee is in hopes of reaping a big financial harvest for the benefit of the Red Cross. The "Pageant of San Jose" is the great historical outdoor play that the county has to offer to visitors, and it is being produced on a scale never before attempted in this state.

PLAN COAST DEFENSE ROAD

Highway Will Follow Crest of Mountains to Santa Cruz.

San Jose—A military highway to aid in the defense of San Francisco from attack by land by enabling the rapid movement of troops to strategic points along the mountains skirting the coast from San Francisco to Santa Cruz is to be constructed by the Supervisors of San Francisco, San Mateo, Santa Clara and Santa Cruz counties, with the assistance of the State and Federal Governments.

This plan was determined upon at a meeting in the Santa Clara County Courthouse between the Supervisors and Engineering Departments of the four counties.

Preliminary surveys are to be made at once, and the approval of the War Department to the proposed highway has been given both to representatives of the four counties and to the Senate Committee on Roads of the California Legislature. Maps and letters from the War Department show the road to be a military necessity.

The plan calls for the construction of a concrete highway beginning in San Francisco and following a 6 per cent grade along the crest of the mountains through the Half Moon Bay and La Honda district in San Mateo county to the California State Redwood Park and a point near Wright's Station in Santa Clara county, where the proposed road would connect with the present State Highway into Santa Cruz county.

Apple Charlotte.

Cut slices of stale bread about one-fourth inch thick, then cut in small rounds; fry in hot butter to a light brown color. Line a plain buttered mold with the bread rounds. Peel and core one and one-half pounds of apples, add half a cupful of sugar and cook. Season with half teaspoonful of cinnamon and two cloves. Remove from the fire when soft and stir in the yolks of two eggs slightly beaten. Pour into the prepared mold, cover with rounds of fried bread, bake in a moderate oven forty minutes. Serve with cream.

DELICIOUS VEGETABLES.

MUSHROOMS WITH OYSTERS.

—Boil two dozen oysters in their own liquor for one minute; drain and serve the liquor. Take a pint of mushrooms (fresh if you can get them, if not use canned), simmer these with two ounces of butter for five minutes, season with salt and white pepper; now add the oysters, a gill of their liquor, a gill of thick, hot cream and one teaspoonful of butter, cut in small bits and rolled in flour.

Parsnip Fricassee.—Fry cubes of salt pork until brown, add four raw parsnips, scraped and cut into small pieces; allow one cupful of pork to sixteen parsnips; cover with boiling water and simmer until tender, drain off water and add sliced boiled potatoes and milk to cover. When this boils up season with salt, pepper and a lump of butter. Pour into a dish containing squares of toasted bread.

Eggplant Fritters.—Soak the pieces two hours in milk; dry and fry, using the following recipe for fritter batter: One cupful of flour, two teaspoonfuls of baking powder, one-quarter teaspoonful of salt, one-quarter cupful of milk, two eggs, one tablespoonful of lemon juice. Sift the dry ingredients; add the well beaten eggs, lemon juice and milk. Beat well.

Rice and Tomato Timbales.—Wash one cupful of rice, cook in boiling water for five minutes, drain, cover with cold water and drain again. Melt one-quarter cupful of butter, add one small onion, finely chopped; then add the rice and cook gently until yellow. Stir in three cupfuls of stock, one cupful of tomato puree, one chopped green pepper, one tablespoonful of chopped parsley and pepper and salt to taste. Cover and cook over boiling water until tender and the liquid absorbed. Butter small molds, fill with the mixture, stand them in a pan of hot water and bake from ten to twelve minutes. Unmold and serve with tomato sauce.

320,817

Have been built and actually delivered to retail buyers since August 1, '16.

These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention.

Delay in buying at this time may cause you to wait several months.

Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.
