The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

CITY COMMISSIONERS RESTORE STREET LIGHTS

The City Commissioners have placed all the street lights in commission again after having discontinued one-half the number for several months past.

The change is a pleasant one and the city has regained its previous brightness. In making the change the Consolidated Power and Telephone Company has removed all poor lamps from the system, and we again find pleasure in walking the well lighted streets. Half the lights were discontinued early in the year when the city was confronted with a reduction of revenue on account of the saloons being put out of business. It is thought that the emergency is now past.
