Nothing is calculated to jar an eligible girl like a young man who talks about his money but says nothing about matrimony.

"BOOTS" SUICIDE ALMOST SUCCESSFUL

"Boots" Cole, resident in Block 16, was found in apparently a dying condition in the yard back of one of the Block 16 resorts yesterday afternoon.

She was brought to the Las Vegas Hospital where Dr. Forest R. Mildren set about the work of saving her life. It developed that the patient had taken permanent dose of potash following a period of drinking, with the intent to end her life.

By the use of the stomach pump and other treatment the patient was restored to consciousness and this morning it appears probable that she will recover.

Mr. and Mrs. J. A. Fredrickson of Goodsprings are here on business today.

Mrs. Art Harris this morning underwent a major operation at the Las Vegas Hospital. Although the operation was a serious one Dr. Mildren states that the patient will stand it in fine shape and is resting easily this afternoon.

CLEWS FOUND IN AQUEDUCT DYNAMITING

Sheriff Tom Hutchinson of Inyo county and six deputies are working vigorously to secure identification of ten armed men who dynamited the No-name siphon of the Los Angeles aqueduct, twenty miles below Haiwee reservoir, yesterday morning at 2:30 o'clock.

Approximately 475 feet of the aqueduct was blown out by the blast and the rush of water that followed. The destruction took place eleven miles south of Little Lake in Inyo county and 175 miles from Los Angeles. Haiwee reservoir is the principal storage point.

The city has a water supply for more than a hundred days in reservoirs below the break and will suffer no shortage. The break will be repaired in about two weeks.

Bishop men connected with the movement to compel the city of Los Angeles to buy all property in the towns of Owens Valley, at a cost variously estimated from \$6,000,000 to \$20,000,000, have been months past openly asserting that violence would result unless that program was accepted by Los Angeles.

The sheriff has clues to the identity of the dynamiters and he declared last night that he would do his utmost to obtain evidence that will warrant arrests for the crime.

Hutchinson is a new sheriff and it is expected that he will make arrests in this case within a few days.

A resolution was adopted by the Water and Power Commission yesterday afternoon calling upon the City Council to adopt an emergency ordinance authorizing the commission to offer a reward of \$10,000 for the arrest and conviction of the dynamiters. That ordinance probably will be put through this morning.

The Water and Power Commission also adopted another resolution which declared that the commission will not be intimidated into spending the people's money for purchase of property at exorbitant prices.

Miss Annie Lorenzo, who has been suffering from an attack of appendicitis, will undergo an operation at the Las Vegas Hospital next week for the removal of the appendix.

200 STATE POLICE BADGES RECALLED

A sweeping order revoking over two hundred commissions of all state police in Nevada with the exception of those held by Matt Penrose, warden of the state prison, and A. M. Johnson of Bonnie Claire, was issued by Penrose with the concurrence of Gov. Fred B. Balzar Thursday morning.

In the list of those losing their commissions as state police are eight women, some of whom were designated as sergeants in the police roll.

H. C. Clapp, now held on the state treasury shortage, was one of the men holding a state police commission, while George Brady, former prohibition director of Nevada, is also included in the list.

In issuing the order it was explained by the governor that state police commissions were scattered all over the state and were held by men and women who had not lived in the state for several years. Many of those holding the commissions had been supplied with arms and badges by the state and a general order calling in all equipment was issued by Matt Penrose, superintendent of the state police.

The governor and Warden Penrose declared that it was necessary to reorganize the entire state police system and start with a clean slate so that those in charge would know who held the commissions.

Under the state law the superintendent of the state police has the power to appoint and revoke the commissions of the members of the state police.

J.C. Penney Co. DEPARTMENT STORES

Wrapping Up Parcels of Dreams

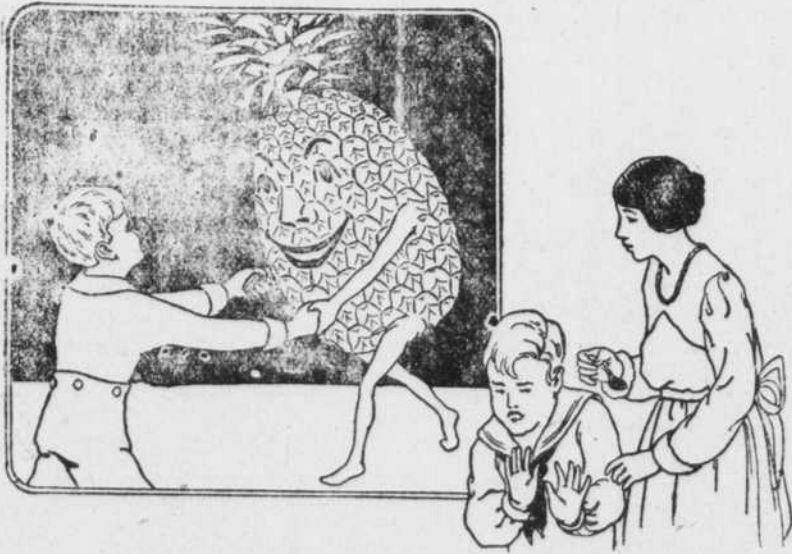

No one has ever entered our store to inquire for a "package of dreams" and yet that is really what our 773 stores sell. Perhaps we've all formed the habit of never asking for what we truly want. Youth comes into to inquire for a Blue Dress, and carries out a bit of Romance for Saturday night under her arm. The matron sighs enviously as she sweaters the rack of sport wearers, and a saleswoman exchanges some silver coins for a colorful bit of Youth.

The J. C. Penney Company has always trained its salesforce to fulfill, not only the expressed wants of its customers; but to find out and satisfy, if possible, those hidden longings we all tuck away in the corners of our hearts.

Youth, Romance, Adventure, Fun and Dreams—they are all passed across our counters in brown paper parcels for our customers to take home.

Fruit Tonics For Spring

A GENERATION ago spring was the time to dig sassafras root for tea and gather herbs with medicinal properties. Today we add fruits with medicinal properties to our diet.

Pineapple recipes for spring tonics have come into prominence with the somewhat recent discovery that canned pineapple—which is the only ripe pineapple in our markets—is a potent aid to digestion, so much so, that it is employed as a component part of certain pre-digested foods, and that the juice is a curative in cases of throat troubles. Its valuable vitamin content and energizing natural sugar make it a particularly important food for the spring season when body tissues need renewing.

Pineapple Ginger Cup is an invigorating spring drink. Extract juice from sour oranges after one dozen cloves have been stuck into them for one hour. Use twenty-four lumps sugar or their equivalent in granulated sugar; squeeze juice from three lemons and add to sugar. Add one-half teaspoon cinnamon, one-third tea-

spoon grated nutmeg and let stand two hours. At the time of serving, add one quart ginger ale, one cup Hawaiian pineapple juice and enough water to make strength desired. Pour over cracked ice.

An apple a day discourages doctor visits, and Baked Apples with Pineapple minimize druggist bills as well. Pare and core apples. Fill centers with crushed Hawaiian pineapple to which has been added a little butter melted and some sultana raisins. Put apples in a pan with a little water flavored with a teaspoonful of lemon juice. Bake until tender. Baste frequently, remove from oven, sprinkle with granulated sugar mixed with a little cinnamon.

Hawaiian Pineapple Salad furnishes the needed fruits and leafy vegetable in the most delightful form. Use one medium can sliced Hawaiian pineapple, one-half grapefruit sliced, one tart apple cut in small cubes. Serve on crisp lettuce leaves with a sweet dressing made from one cup juice from maraschino cherries. Garnish with some of the cherries.
