VIVID YOUTH, DULL AGE.
MAKING THE MISSISSIPPI SAFE.
DEPEW WISE MAN
COULD COOLIDGE SAY NO?

In youth impressions are vivid, and last into old age. Therefore, the manuscript of "Alice in Wonderland" sells for \$75,259, a record price, more than would have been paid for the manuscript of Dante's "Inferno," or of Voltaire's "Zadig," each word worth a thousand "Alice in Wonderland" manuscripts.

Years dull imagination. Millions that remember "Robinson Crusoe," "Swiss Family Robinson," "Gulliver's Travels" vividly have a faint impression of more important books read later.

Washington reporters say, probably inaccurately, that President Coolidge is "shocked" at the suggestion of \$750,000,000 to make the Mississippi River safe.

A country that could give TEN THOUSAND MILLIONS TO EUROPE, add half a billion a year to railroad receipts, and plan, wisely, to cut \$200,000,000 a year from corporation taxes, need not shudder at the thought of spending part of a billion to make the Mississippi safe.

CHAUNCEY M. DEPEW, dead in his ninety-fourth year, older than the Republican party, which he served long and faithfully, said: "I have lived long because I could laugh at anything."

Of Napoleon, it was said that in his youth "no one ever saw him laugh." He didn't live ninety-three years, but he did live more in one day than amiable Mr. Depew in all his ninety-four years.

Chauncey Depew attended 8,000 banquets and never let boredom drive him into eating too much. That's wisdom.

He campaigned for Lincoln, got \$1.75 for his first legal services, lived under twenty-four Presidents, from Andrew Jackson to Calvin Coolidge, and knew thirteen of them personally. How many can name the twenty-four from Jackson on?

Mr. Darrow of the House Naval Affairs Committee, told President Coolidge his friends "still hoped he would be a candidate." The President replied: "I am afraid they will have to be disappointed."

Die-hard Coolidge enthusiasts will find SOME comfort in that word "afraid." A man cannot help being persuaded if arguments are good.

Suppose the President were convinced, as he may be, that his re-nomination and re-election, a second time, would boom business, increase employment, stabilize prosperity, and free his party from oil stain danger, could he continue to say no?

Aviation is a reality, says General Atterbury, and railroads should know it. He is said to plan for the Pennsylvania a part railroad, part-flying machine service from the Atlantic to the Pacific.

The traveler would spend daylight in the flying machine, night hours on the train, cross the continent in forty-eight hours, avoiding mountain flying. This rumor is not guaranteed.

New York merchants report business excellent in women's apparel. They buy more of it and less of it, more garments, less material in them. Paper underwear for ladies makes its appearance in several stores.

Silk of wood, underwear of paper—not pleasant news for cotton growers.

Old British builders of wooden ships who said ships made of steel would sink in heavy storms would be interested in the Leviathan's latest trip.

She reached New York with her forecastle deck smashed, deck structures badly twisted by a wave said to be 150 feet high, that dropped 1,000,000 pounds of water on her deck at once.

Men build ships that the ocean cannot sink. Water waves are heavier than air waves. Airships will soon be built that no air wave will worry.

In Seattle a tiny Pomeranian barked too much. Its owner wanted the vocal chords removed, reducing the bark to a gesture, but humane societies said "No."

Dog Trainer Sanderlin removed the bark in two weeks by training. "Obedience is the secret," says he. "I taught Darkie (the Pomeranian) the meaning of the words 'Shut up.' That trainer might make a fortune in politics."

Pity the Woman Artist
 Good artists are treated very badly. If one is a good artist and a woman, it is even worse; and if one is a good artist and a good woman, it is, if you will pardon me saying so, absolutely hell. There are moments when I long to be a member of the leper colony of Sumatra. These unfortunate people are at least regarded as objects of romantic interest, whereas artists, or at any rate good artists, are not. It is hardly respectable to be good nowadays.—Edith Sitwell.

Music Grows Hair

Investigating scientists have reached the conclusion that soft and delicate music is a hair invigorator for the musician, while loud and obtrusive music is a promoter of baldness.

Their investigations show the violinist grows abundant hair, the delicate vibrations of the instrument amounting to about the same as a likely massage of the scalp, while the performer on a tuba, saxophone or trombone begins losing hair quickly after close and continued association with that instrument, their work amounting to blowing the hair off their heads as it were.

The bass viol has the same effect as the trombone, and the piano the same as the violin. These men who have delved in the science of music it is not mere chance that violinists boast abundant hair, while trombonists have shining pates. There's a reason, they point out.

Made Name Famous

At first Napoleon was known by his full name, just the same as any other citizen or soldier of France. Later, when he became emperor, he assumed the name of Napoleon I. It is customary for kings and emperors to have but one name, as Wilhelm III of Germany, Nicholas I of Russia, etc. They also have family names, such as Hohenzollern and Romanoff, but these names are seldom used in referring to them.

YEARLY ELECTION OF ROTARY CLUB

SEVEN NEW DIRECTORS AND CHAIRMAN ARE NAMED FOR SEASON

Seven directors to serve for the ensuing year were elected at the meeting of Las Vegas Rotary Club Thursday afternoon, as follows: Ed. Clark, Walter Bracken, Clint Boggs, Bill Pike, Ferg Ferguson, Roy Martin and Bill Ferron. Walter Houck was Program chairman for the day, but was unable to present his program because of the time consumed by the election.

Al Cahlan, who was guest of the 20-30 Club Wednesday, introduced Larry Simmons as the guest from the 20-30. He reported that the 20-30 boys are doing fine work on their junior scout program and have already provided quarters for the boys in a box car which is to be properly fitted up. Dr. Martin was appointed Rotary representative at the 20-30 club meeting next Wednesday evening.

Program chairmen for coming weeks were announced by President Fred Hesse as follows: May 3, Sam Lawson, May 10 O. K. Adcock; May 17, Walter Bracken, May 24, Ferg Ferguson, May 31, Dr. Martin.
