

Razorbacks Almost Intact After 3 Southwest Titles

PICKELL CENTER ARKANSAS

BROWN GUARD SOUTHERN METHODISTS

COACH SCHMIDT ARKANSAS

Presence of Tom Pickell, leading scorer, and other 1928 stars make Arkansas a favorite to win its fourth consecutive title. S. M. U. offers its powerful guard, Captain Albo Brown, in the drive to stop the rampaging Razorbacks, coached by Francis A. Schmidt.

By HAROLD BANKS

(Associated Press Sports Writer)

DALLAS, Texas, Jan. 5. (AP)—Unless other Southwest conference basketball squads exhibit stauncher defenses and improve their shooting surprisingly, the University of Arkansas will remain king of the hardwood court.

During the last three seasons the crimson-clad giants from the Ozarks have held undisputed supremacy in this sport, winning 31 of 34 conference contests. They did it by combining accuracy in hitting the hoop from all ranges with the smooth teamwork that shattered every defense.

Glen Rose, Arkansas guard and the greatest defensive player in the conference last season, has finished school, but Coach Francis A. Schmidt has three veterans around whom he hopes to mold another array of expert hoopers. Chief of this trio is Tom Pickell, center and high point scorer of the conference in 1928.

The burden of defense will fall on the shoulder of Eugene Lambert, a guard, who also won all-conference recognition. The third ace is Wear Schoonover, star end in football and a deadly marksman on the court.

Enough men for four quintets give Coach Schmidt an ample reserve for the 12 scheduled battles. Ranks of other schools have been thinned by graduation. The material at Texas university is considered perhaps the most

promising, for Holly Brock, crack forward, is one of the best scorers in the Southwest, and the other Longhorns are almost his equals in target work.

Coach Jimmy St. Clair of Southern Methodist has uncovered a "find" in Bill Skeeters, a football man. Captain Albo Brown also is expected to perform creditably. Brown failed to make a high school team, but developed into a star guard after he entered college.

Texas Christian University is listed among the big four schools which overshadow Texas A. & M., Rice Institute and Baylor university at the beginning of the season.

"GYP" AUTO CLUB NETS HUGE TOLL

CHICAGO, Jan. 5. (Special)—The largest loss on record suffered by motorists through the operation of a gyp auto club is said to have taken place in Chicago when the Metropolitan Auto Service Corp. took \$1,200,000 from 30,000 motorists in a period of twenty months. The scheme of this concern was to sell the usual type of gyp "service contract" as a policy of insurance. The charge for it was \$39.50 for two years. The Chicago A. A. A. Club exposed this huge fraud and pressed criminal action.

TRITE ANALYSIS OF BOULDER PROJECT BILL

THE AGE PRINTS SURVEY COMMENDED BY CONGRESS AS BEST

(Continued from page 1.)

Plans be arranged for power charges per kw and also for the proper charges for other service rendered. That proper charges be made for other service rendered, flood control, silt control, irrigation water storage, and domestic water storage.

That the States shall have the right to withdraw, upon proper notice, certain blocks of power, to be used within their own States.

That a Board be arranged for, from the three lower States to assist the Secretary of the Interior, or any agency supervising the sale of the power and other service rendered, in an advisory capacity to fix the proper charge per kw and proper charges for other service rendered.

That an attempt be made to equalize in some manner, between the three States the benefits from reclamation financing.

That after Government advancement is entirely repaid the benefits from this development accrue to the States.

Eight Recommendations in Bill It will be seen that the first eight of the nine recommendations are included in the bill as passed, none of which was included in the original bill. These recommendations are found in the Nevada Colorado River Commission's report, "Colorado River Power and Water Setup," of January 1, 1928, and printed in the Congressional Record of April, 1928.

If the power generated by this construction is disposed of on a competitive basis in the market by

the Secretary of the Interior, 37% per cent of the net returns over the payments due the Government should provide payments to Nevada and Arizona, at least equal to the amount they should receive

from the project through taxes, if developed by private capital. Representatives of our State consider the provisions of this leg-

islation fair, if properly administered, and will do everything in their power to secure early ratification by the seven States.

A new radio is announced that will cost \$2,300. If they all went up to that price some of us would have a chance to sleep.

REFORMATION USELESS YE MUST BE BORN AGAIN!

John 3:7

If you are not born again, all your outward reformation is naught in the sight of God.

You have shut the door with the thief still in the house.
