

**BABY GIRL DIES, OTHERS ARE ILL FROM POISONING**

Ptomaine poisoning took the life of little Beatrice Bernice McKay Tuesday and caused serious illness to her sisters and brothers.

Beatrice, who was the daughter of Mr. and Mrs. John William McKay, was three years, six months and five days old. The family moved here from Joplin, Missouri a month ago.

Lola May one and a half year old sister of the dead child, was at the Hewetson hospital, and Fl-yd, Ray Harold and Marjorie were also ill from the effects of the poisoning, which is believed to have been caused by canned tomatoes.

The funeral for little Beatrice was held yesterday at 4 p.m. from the Las Vegas Funeral Home, the Rev. Sloan officiating.

**WRIGLEY SCORED FOR GENEROSITY**

SAN FRANCISCO, May 8—(UP)—Another complaint concerning William Wrigley's generous action in admitting women baseball fans into his park free each and every day of the week was put on record yesterday.

The complaint was made by representatives of five of the eight Pacific Coast League clubs meeting in this city. They resolved that Wrigley should be rebuked severely.

Furthermore, they resolved to uphold a decision handed down by President Harry A. Williams to the effect that Wrigley was outside his legal right in permitting the ladies to pass through the turnstiles for nothing more than a smile.

Shortly after the season opened, President Williams ruled that it was permissible for Wrigley to let the women in free three days out of the week—Wednesday, Thursday and Friday.

Wrigley, however, chose to ignore the ruling and now he will be asked to "cease his pernicious and harmful practice."

The clubs represented at the meeting were Oakland, Seattle, Hollywood, Portland and Sacramento. Neither of the local clubs had representatives present and there was no one to speak for Wrigley.

**May Upset Golf Dope**

Genna Collett and Marion Hollins, two of America's most noted women golfers, are in England now, practicing for the coming British women's championship. Joyce Wethered, British star, is the favorite to win the title, but Misses Collett and Hollins are conceded excellent chances to upset the dope. The American players are shown here.

**THREE GAME SERIES ON AT SAINT LOUIS**

By GEORGE KIRKSEY  
United Press Staff Correspondent  
NEW YORK, May 8 (UP)—American League fans turned their eyes yesterday to St. Louis, where the New York Yankees and St. Louis Browns, rival pennant-contenders, opened a three game series.

After a haphazard start against eastern teams the Yankees have found their batting eyes out west and are driving headlong toward first place.

In the National League the Chicago Cubs see a chance to gain first place at the expense of the Brooklyn Robins, while the Boston Braves and St. Louis Cardinals are cutting each other's throats.

The Cubs can gain undisputed possession of the National League lead by sweeping the three game series with Brooklyn, if the Cards take two out of the three from the Braves. If the Cubs and Cards each win two out of three they will be tied for the lead.

Two straight defeats at the hands of the pirates has taken some of the heat out of the Braves and the spring spurt of the Boston Club may be nearing its end.

While the American League race is setting down to a three club affair between the Athletics, Yankees and Robins, with the Tigers as an outsider the National League race daily is becoming a more open affair. Only three and a half games separate the Braves in first place from the Phillies in last place, while a margin of five and a half games separate the Athletics and Senators in corresponding positions in the American League.

Idleness proved costly to both the Athletics and Browns yesterday as the Yanks took their third straight game from the White Sox and moved into second place—half a game behind Philadelphia and four percentage points ahead of St. Louis.

**SIGHTLESS YOUTH BASEBALL ADDICT**

COLUMBUS, May 9, (UP)—Frank Chapman, 17 and blind, enjoys baseball just as much as more fortunate persons who have their vision.

By interpreting the sounds of the game and with occasional aid from other spectators on such matters as names of players or explanation of some of the action, the youth takes great delight in the national pastime and is an ardent fan.

Frank "heard" the Columbus Senators of the American Association, play Kansas City here recently. When the game was over the youth said he knew why the Senators weren't winning many ball games.

"Columbus players hit the ball with a dull thud too often while the Kansas City players smack 'em soundly and solidly," Frank explained.

Which means that Columbus wasn't hitting the ball and Kansas City was "pounding the ball on the nose."

George H. Lewis solved the problem of whom to invite to his birthday party. He asked everyone in Adamsville, Mass., his home town.

**GOLF GOAT GETTERS**  
COPYRIGHT 1929 BY NEA SERVICE INC.

By VERNE WICKHAM

If you were playing on a snow-covered green and wearing snowshoes, you certainly would not walk across your partner's line of putt. You wouldn't expect him to putt over the heavy tracks between his ball and the cup.

The same reasoning applies to an ordinary grass green except you can't see the tracks as well. Don't ever walk across your partner's line of putt.

If you must cross the green between his ball and the cup step over his line of putt. It is a simple bit of green courtesy which is expected by most seasoned golfers.

Watch a foursome of golfers start and you'll notice they are extremely careful about this point. They know that a heavy heel stepping exactly on the line a ball must travel can cause the ball to kick to the left or the right. They know that the grass ruffed up by the spikes can cause a putt to leave the line.

The closer to the cup you are on the green the more careful you should be on this point for the slower the ball is traveling the more apt it is to hop off line when it hits a heel print.

Be considerate on the green—step over the line of putt.

**PUTS \$56,000 VALUE ON COLLEGE DEGREE**

BIRMINGHAM, Ala., May 9, (UP)—A college degree is worth \$56,000 more than a high school diploma, according to statistics gathered by Dr. C. B. Glenn, superintendent of Birmingham schools.

His figures are based on the Alpha Kappa Psi fraternity's survey on occupational incomes from all types of occupation and grades of education.

The statistics were compiled from 7,369 reports received by the fraternity from all states in the union. The survey was conducted to show whether a college education actually paid in dollars and cents.

"The untrained man" Dr. Glenn found, "with only an elementary education goes to work at 14. He reaches a maximum income at 45, amounting on the average less than \$1700 a year. His total earnings from 1 to 60 are about \$64,000.

"The high school graduate goes to work at 18, four years later, and passes the maximum of the elementary trained man in 10 years.

"He rises steadily to his own maximum of \$2,800 at 50 and then falls off to about his 40-year average. His earnings from 18 to 60 total about \$38,000, just \$24,000 more than that earned by the elementary trained boy. This indicates that each of the four years of a high school boy's life is worth \$9,000 to him.

"The college graduate goes to work at 22. By the time he is 31 his income equals that of the high school graduate at 40 and continues steadily to rise. Total earnings from 22 to 60 is approximately \$144,000. The \$56,000 above the high school graduate figure represents the cash value of a college education, making \$14,000 for each of his four-year term."

**TENNIS STAR UNWORRIED BY 'COURT' RULES**

LONDON, May 8—(UP)—Miss Helen Wills, unworried about preparations for her presentation at court on Thursday took 40 of her sketches to the Cecelia Art Gallery in Bond Street yesterday and made arrangements for their exhibition there on June 19. It will be the first time that the California tennis champion's art efforts have been placed on public exhibition abroad.

Ignoring offers of teachers to coach her in court etiquette, Miss Wills explained that friends were teaching her to smile, bow and exit.

Miss Wills and others debutantes have been warned to wear their plumes straight on their heads, because the queen was annoyed last by the angle at which some of the headgear was worn.

**DALLAS PRESBYTERIANS WILL BUILD SKYSCRAPER**

DALLAS, Tex., May 9, (UP)—The tallest and largest church building in the southwest, a 28-story Gothic skyscraper, soon will tower 330 feet above Dallas' street level.

The congregations of the Abbey Presbyterian church will build its new edifice on the highest spot in the city. An illuminated cross atop the combined church and office building will carry out the church's slogan "Put the cross in the skyline."

Income from ten floors of office and ten floors of apartments will provide a permanent endowment. The second and third floors will provide church quarters, with stores on the ground floor and Sunday school and gymnasium facilities in the basement.

Accommodations for a congregation of 1,500 will be provided.

**LOST GIRL AND MONEY**

RACINE, Wis., May 9, (UP)—When Byron Jones son of a prominent farmer near here was "thrown over" by his school-teacher sweetheart Frances McCarthy, he sought to recover some of the money he had spent on her by mailing her threatening notes. Miss McCarthy turned over the notes to authorities and the plan failed.

**NO COCKNEYS BORN NOW**

LONDON, May 9, (AP)—Strictly speaking, there hasn't been a real Cockney born in London for three years. Tradition has it that only those born within sound of Bow bells—the bells of St. Mary-le-Bow—are true Cockneys. Now it so happens that Bow bells haven't rung for three years. They need repair, and money for the work has not been available.

**BUFFALOES FURNISH BOYS' POCKET MONEY**

EDMOND, Ok., May 9, (AP)—Feeding baby buffaloes on domesticated ranges is the latest craze of those 4-H club boys who want to obtain expense money without cullow their cattle.

Paul, Harry and John Griffith who at 18, 16 and 14, respectively, have built up a herd of 15 pure-bred Herefords in their club work, now nurse three young buffaloes. The hairy calves are corn-fed much after the manner of domesticated cattle.

One buffalo was obtained from the 101 ranch in Oklahoma. There the calf was reared by a cowboy and trucked home by its new owners.

The boys intend to exhibit the beasts at the Omaha, Kansas City and Chicago stock shows. The three have made all their own expenses for four years.

They do their own banking and when necessary to run their business.

In the fall the calves will be sold at some 4-Club sale.

The point of a new measured an English sixpence, 325 years old where Pocahontas interceded for Capt. John Smith.
