TRACK SQUAD **GIVEN MEDALS**

Victorious Athletes Feted At School Assembly Upon Arrival from Meet at Reno.

Las Negas high school's state champion track squad was giv-en a rousing welcome at 2 o'clock yesterday afternoon when an all-school assembly was called immediately upon their arrival in the city from their victorious trip to Reno.

Medals were presented the boys by Coach Frank Butcher and talks were given by the coach. Capt. Ivan DeSonne, who led his team to the first Las Vegas championship by a 1412 point margin, and by Nei Scott, last year's star who has been doing big things on the University of Nevada team this year. You'll find one, or more, in every club. They think they are smart golfers. They turn in cards at the professional shop in their bad days, but when they shoot their good scores they keep that to themselves and so, as far as the handicap committee is concerned, they have high handicaps. Then along comes a tournament and watch them go!

It should be a part of a golfer's creed to have his handicap right. The golfer knows his scores and should be able to keep his own handicap. You'll find the handicap table used by several state golf associations about right. Establish your handicap by this table and you won't be far wrong.

Average score is arrived at by the three lowest scores made over

Another match between Frankie Genaro, new flyweight champion, and Emile "Spider" Pladner of France, who recently lost the title to the American on a foul, would be an outstanding pugilistic event in the United States this summer.

Especially so since Genaro took a good whipping up until the seventh round, when the alleged low blow, which gave him the championship, landed.
