With the demand made upon their finances by the rapid growth of Las Vegas, the city and county governments find it difficult to find funds for the new enterprises continually pressing to their attention.

Nevertheless, some way should be found without unnecessary delay to start a museum where the valuable relics now available could be collected and cared for. There are several fine collections in private homes which conbe had now as well as many specimens scattered here and there among the people. In their present conditions these are of but little value because not open to the general public.

### Two Killed In **Powder Blast**

AUBURN, Cal., June 27, (U.R)-Two men were killed today when a truckload of dynamite exploded on the state highway 11/2 miles above

R. G. Case, truck driver for the Biggs Drayage company of Oakand, was one of the victims. The other, a traveling companion, has not been identified.

The dynamite left the Trojan Powder Works at Oakland last evening, and nothing had been heard of the truck until the terrific explosion rocked the region in the vicinity of Baxter.

Sparks from the powder ignited prush and grass along the highway, starting a brush fire that was coaring, uncontrolled, over a large acreage this afternoon. All transcontinental telephone

lines in the vicinity were blown lown and telephone crews were ushed to the scene to make repairs
