Tioga Wonderland Opens For Motor Tourist

broader and more beautiful than ever before-is the Tioga Pass this summer. And in addition to all this, Tioga, favored by a mild winter, opened to through travel an entire month earlier than usual this year. The ordinary motorist, during former years, was enabled to make his earliest trip over this highest of all Pacific Coast passes only between July first and tenth, but Tioga's roadway doffed itself of snows early in June this season and at the present time is accommodating a brisk summer traffic.

A comprehensive bulletin on the condition of the Tioga road was released last week by a scout party which was dispatched to the Sierras by Pacific Coast Howard Buick-Marquette dealers in a 1929 Buick sedan. The Buick scouts ap-proached the pass via the Big Oak Flat road and Carl Inn and re-

turned down the Sonora pass road. Turning left to the Tioga from Carl Inn, the scouts report following a smooth, widened roadway through Aspen Valley and on to beautiful Lake Tenaya-a mountain jewel in a granite bowl. The road through the pass itself was also found in fine condition. The famous Lovining Grade, at whose foot lies Mono Lake, was also found to have been widened and smoothed.

Tarrying a while beside this wierd | show. inland sea of Mono, the scout party explored the strange formationsvolcanos of an earlier age-that border its shores. Attractive accommodations, they ascertained, may now be had by the motorist at Mono Lake. The shore of Mono was this season the scene of a picturesque celebration on the formal opening of the Tioga to travel. Hundreds of motorists from the Sierra countryfrom Reno and the San Joaquin Valley, too-gathered here for a great trout fry, at which over 500 pounds of trout from Sierra streams

The Buick scouts continued from Mono lake over splendid mountain road through the picturesque Walker River Canyon to Bridgeport. Beyond Bridgeport they turned to the left, departing the Tioga, and commenced the homeward journey down the Sonora pass road. The Sonora pass this year, they informed, is an easiy negotiated and beautifu road-The round trip as followed by this Buick scout party is recommended as one of the most delightful and scenic of all Sierra tours.
