Paul Housman Named Building **Inspector Here**

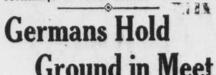

Field of Five Has Held Same Position In Alham-

bra, California.

Paul D. Housman was named city cars for safety to urge the Moslembuilding inspector last evening by the city commissioner, out of a field of five applicants. religious instincts.

Housman, who is manager of the Las Vegas Creamery, is thoroughly conversant with the building code recently adopted by the board, having been building inspector at Alhambra, Calif., where the same code is in effect.

The new inspector will be placed under \$2,000 bond, according to City Commissioner W. C. German, and fees from building permits will comprise the only remuneration for performance of these duties.

the chief delegates to the Internamant this morning in their opposinancial agreement reached Wednesday.

German delegates met with the delegates of Great Britain, France, Belgium, Italy and Japan last night to attempt to reach an accord on the request of the five powers that Germany assume certain sacrifices in connection with the meeting of British demands for the greater share of reparations.
