STATE HEAD ADDRESSES TEACHERS

Anderson Talks Last Day of Institute; Trips to Charleston, Dam Site Enjoyed

State Superintendent Walter W. Anderson closed the four-county teachers' institute which has occupied the week in Las Vegas yesterday afternoon with a lecture on "School Problems from a Statewide Viewpoint."

The superintendent left with the teachers and other citizens present many constructive and worth while thoughts.

Addresses were given during the morning by C. P. Squires, former Colorado River commissioner for Nevada, and Miss Luciele Withers, Clark county nurse.

Mr. Squires outlined the history of legislation leading to the present status of Boulder Dam legislation

round out their stay in Las Vegas A group of about three dozen went to the dam site in a party organized by K. O. Knudson, principal of the Las Vegas grammar

'Whoopee' Wedding Eve Sent Farrell To The Hospital

Too much "whoopee" on his wedding night is believed to have been the cause of Edwin Eugene Farrell having to be taken to Las Vegas hospital early yesterday morning after he had attempted to drink a bottle

Farrell had been enjoying the evening with a group of friends on the West Side, following his marriage to Belva Haynie, also of Las Vegas, and late in the evening he got hold of the iodine bottle.

Some friends stopped him before he had swallowed enough idone to cause trouble, according to Dr. N. Michelena, who had charge of the patient for the few hours he was at the hospital yesterday morning. "I think bad loquor poisoned him more than the iodine," said

Doctor Michelena yesterday. Farrell's parents came rushing to Vegas from Arden, distracted, when they learned of the mishap. But now all's almost well.
