or five years.

The board of city commissioners met yesterday at 3 p. m. for the MERGER OF purpose of hearing the protests against the proposed improvements, notice of intention of which were given by publication in the local

A considerable number of pro-testants appeared, some of them directing their criticism against the scope of the project; some of them objecting to the more expensive type of street surfacing and expressing a preference for the use at this time of a gravel surface without oil; and a few objecting to the whole proposal as untimely and expressing the belief that the improvement should be deferred until after the sewer extensions are built.

As a result of the discussions the board indicated that the three tee of the two roads after negotiablocks of s:reet in the northeast portion of the proposed district adjoining Mesquite street be eliminated; also that part of the district south of Garces street might be eliminated, those sections having the larger portion of the opposition.

The Stewart street protest asked that the unification would leave sale. a modification of the improvement as follows:

1. Provide for curbs, gutters and graveling. 2. Hard surfacing should be deferred until the completion of the proposed federal building and improvement of the park.

3. That the proposed type of paving is too expensive. 4. That your proposed type of paving is defective and unsatis-

5. We can, by being given only curbs, gutters and gravel, improve our property with sidewalks, trees, etc.

The Stewart street protest is signowing.
