Campbell Seeks Fourth Title At Speed Trials in Florida

DAYTONA BEACH, Fla., Jan. 16 land speed record for the fourth GUIDING time, Capt. Malcolni Campbell of England will stake his hopes as well as his life on one of the most powerful streamlined cars ever cre-

Thrice holder of the highest rown in the racing firmament—the only man in the world holding such in February as the one major enrant in the 29th renewal of the

nternational speed trials. With his low, whale-shaped mapresent record of 231 miles an ar, established in 1929 by his ate rival, Sir Henry Segrave.

The car Campbell will drive this he will learn to say the right thing ar is much lower than his first and make the right gesture at the Blue Bird in which he set a record of 206 miles an hour here in 1928. oper - charged engine, developing 1.450 horsepower, and has a ground clearance of only 34 inches.

Campbell's racing career has been long and varied. His first recrd was captured at Pendine Sands. Vales. July 21, 1925, when he ichieved 150.76 miles an hour over mile straightawny.

The next year, J. G. Parry-Thomas, English driver, boosted the mark to 170.62, but Campbell came back in 1927 and skimmed across the course at 174.22 to win the record a second ame.

Segrave decided to try his hand two Allentown girls are reported at high speed racing and sailed for Daytona Beach shortly after Camp-bell's victory. Here he piloted his machine across the sands at 203, first man ever to travel 200 miles an hour on land.

Campbell came to Daytona the following year and on February 19 attained an average speed of 206.95

ring the record to America. Segrave returned here in March. 1929, and hung up the astounding present record of 231, while Campbell was making an unsuccessful attempt on the mile mark at Verneauk Pan, South Africa. Campbell did succeed, however, in seta new five mile record of 212
