Mrs. J. W. Squires returned from Los Angeles Sunday evening.

Mrs. M. M. Riley was reported still in a serious condition yesterday.

Dr. Roy W. Martin, Chas. P. Squires, A. E. Cahlan and A. B. Wilcher motored to Carson City Sunday.

James E. Cox, Goodsprings pioneer, called at the Age office yesterday. Mr. Cox conducted the garage and a trucking business in the zinc camp during the boom of 1915-16. For the past 12 or 13 years he has resided in Los Angeles with his family. He plans to return to the desert to reside, having entered the employ of James Cashman and B. R. Stroman.

Desert City Up To Denver Man

DENVER, Feb. 16. (AP)—Immediate construction of a full-grown city on the desert is the job before S. R. DeBoer, member of the Denver City Planning commission.

He has been employed and given full responsibility for designing Boulder City at the site of the world's greatest reclamation project, Hoover dam.

Homes, churches, schools, theaters, playgrounds, hospitals and business buildings must be built on the white, hot sands of the Nevada desert for the use of the men who will build the dam and their families.

Parks for beauty and recreation must be provided, and, above all, the mistakes made in the building of other cities must be avoided because Boulder City, built by the federal government, will be looked upon as a model city whether it is so intended or not.

Cross streets, except for mail boulevards, are eliminated from DeBoer's plan, in the interests of economy. There will be no alleys. Space for loading and unloading will be provided by the receding form in buildings.

The general plan of the city will be a triangle, with streets leading from a civic center at the apex.

Wrapping Twine Is Newest 'Flower'

PARIS, Feb. 16. (AP)—The wrapping twine which women have been using to tie packages will adorn their smartest street frocks this year. In a season when "economy" is the watchword Parisian dress-makers are making boutonnières of natural colored string.

The flowers are fashioned of sprays of twine treated to a stiffening process which makes them stand in sprig stiffness against the collar of a smart wool gown.

SHANGHAI BURNS TON OF 'DOPE' EACH MONTH

So much smuggled opium and other "dope" is seized at Shanghai that the customs authorities have built this special furnace for destruction of the narcotics. Government men are shown disposing of a seizure of several tons.

SHANGHAI, Feb. 13. (AP)—More than a ton of narcotics goes up in "smoke" each month in Shanghai. But it's not the smoke in opium dens.

Rather the narcotics are burned by Shanghai customs authorities following seizure of illegal shipments.

Despite the huge amount of narcotics seized and burned, that destroyed is a very small part of the amount that actually finds its way into the city.

Huge quantities of narcotics pour into the International Settlement, the French Concession and the Chinese City through channels unknown to the authorities for re-shipment to other parts of the country or for local consumption. The smugglers outnumber the authorities 100 to one and the struggle is almost fantastic.

Conditions are just as bad in Peiping and Tientsin.

Although raw opium from the interior of China constitutes the biggest share of the seizures made in Shanghai, there has been a decided increase in shipments of morphine and heroin within recent months.

Chinese habitues have developed a liking for those narcotics and they are on sale in most opium smoking dens.

Two seizures of morphine and heroin made in the same day netted the customs officials a ton and a half of contraband. The seizures were made on Italian vessels on the Genoa-Shanghai run that had put into port with passengers and cargo. The total value of the seizure was \$1,500,000.

The conflagration that followed the seizures was the largest ever conducted by the Shanghai customs. Half a ton of opium seized from Yangtze river steamers was added to the morphine and heroin and a match touched to the lot at once. Approximately \$2,000,000 went up in smoke.

SOCIETY

Mrs. A. W. Ham entertained at dinner Saturday evening in honor of her husband's birthday. The affair was given at the home of Dr. and Mrs. Roy W. Martin, at the Taylor ranch. The long tables were beautifully decorated with colors and place cards appropriate to St. Valentine's day. The evening was devoted to music and cards. Among those present were Dr. and Mrs. Martin, Mr. and Mrs. O. C. Boggs, Mr. and Mrs. Leo Roth, Mr. and Mrs. W. R. Bracken, Mr. and Mrs. Leo W. McNamee, Mr. and Mrs. E. W. Cragin, Mr. and Mrs. J. F. Hesse, Mr. and Mrs. O. W. Yates, Dr. and Mrs. F. R. Mildren, Mr. and Mrs. Harry Blanding, Mr. and Mrs. Ryland G. Taylor, Mr. and Mrs. A. M. Minnette, Mrs. J. H. Lightfoot, Mrs. Harry Miller, Mrs. R. W. Thomas and Mrs. C. E. Pembroke.

The ladies of St. Agnes Guild held their bi-monthly meeting Friday at Belmont ranch on Charleston boulevard and were hostesses to a number of friends who came forth to hear the Scotch secess. Alice Lovelace read the future for them. The party was given to aid church finances and the money contributed to the secess was added to the guild treasury with enthusiasm. The affair was jolly with tea and cake. The tea cups were provided with plenty of grounds, and the cups solemnly turned around upside down, and handed to the Scotch lady whose uncanny insight created no little laughter and approval.

A community "waffle feed" was held at the home of Mr. and Mrs. Charles D. Keeler on Saturday evening. Those participating were Mr. and Mrs. Clair Wadsworth, Mr. and Mrs. Chas. D. Keeler, Mrs. Wanda Henderson Farrow, Miss Ethel O'lay, and Messrs. Hugh Shamberger and Harvey.

Frau Einstein Is Opposed To Prohibition

PASADENA, Calif., Feb. 16. (AP)—Prohibition is a bad thing because it creates a desire among the youth of the land to imbibe alcoholic spirits, Frau Elsa Einstein, wife of Dr. Albert Einstein, noted German scientist, declared here today.

Frau Einstein was drawing a parallel between her own country and America when she made the remark, and indicated that she was not indicting the entire prohibition movement.

"Both Dr. Einstein and I are dry," Frau Einstein said, "but I think it is not good to forbid the use of alcohol. Young people in Germany drink very little, but here that seems to be the main thought with many of them, possibly because it is forbidden."

Bandits Rob Fast Train

NEWMAN, Ga., Feb. 16. (AP)—Two bandits robbed about eight passengers aboard the Atlanta West Points railroad's fast train, number 37, of between \$400 and \$500, pulled the signal cord to stop the train and escaped in a waiting automobile four miles west of here tonight.

Railroad officials said the men apparently boarded the train at Newman and rode the rear platform of the observation car, they entered by breaking the window.

One man, about 25 years of age, with a handkerchief as a mask, passed through the car collecting the passengers' cash while the confederates remained in the rear of the car. When the collection was finished the bandits, guarding the rear, pulled the signal cord. A flaming named Chatham fired several shots in the direction of the train, men and they returned the fire but none was injured.

Overland Hotel Changes Hands

Management of the Overland hotel, for the past three years very capably handled by R. A. Ashten-hagen, has changed, and the hospitality will in the future be conducted by the owner, Mrs. Ethel Wisner Genhler.

Mr. and Mrs. R. A. Ashten-hagen, who have made many friends since coming to Las Vegas, will continue to make their home here.

Mrs. Genhler has retained W. P. Bressingham as day clerk. R. B. Stotole will continue as night clerk.

VISION . . .

"There is a time in the affairs of men which taken at its flood leads on to fortune—"

VISION . . . the essence of great achievement. 'Tis the knack of looking forward, of seizing the psychological moment. When Franklin, Robert Morris and Washington laid the foundation of a nation it was Vision. And when you and your associates lay the foundations of an augmented business—after shaking off the shackles of nationwide depression—again it will be Vision. We hope to help you to realize YOUR Vision. Won't you call on us?
