ous others, Who Wouldn't Be Crazy?" presents one of the fastest moving plays ever produced.

Sixteen monders of the senior class, under the direction of Raby J. New on, have worked consistently for several wesks on the production; and pre-views of the play indicate finished characterizations and clever handling of the many ludicrous situations.

"Speedy" Marshall eludes the cops, brings the lost lovers together and pursues the lovely Lois Meredith with sufficient dash and vigor to warrant his nickname. Two deceiving inmates of the asylum man-sge to pretend to be Hamlet and Queen Elizabeth, at the same time making away with the jewels and the heroine. Pluribus and Pendie roll soulful eyes throughout each and every situation; and a woebegone Reggie tries to elude the clutches of the adoring trio of admirers. All in all, one rip-roaring evening of first-rate entertainment is promised those who are present at 8 o'clock a: the old high school

Every new Ford is equipped with four Mondaille double-acting. Ingurable chock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. Lio matter how long the trip, you know it will bring you cafely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways - up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windchield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.
