## BUD AND THE KID ARE PRIMED FOR FIST GO; BOTH PREDICT VICTORY

### Delos Goes Through Grind at Dempsey Training Gym

Bud Thomas and Delos "Kid" Williams have finished their hard gym training for their ten-round battle tomorrow. Williams has been conditioning himself at Barney Dempsey's training camp in Los Angeles under the watchful eyes of Jerry the Greek, Dempsey's former trainer.

**TEN TERRID ROUNDS**  
While Thomas has done his training for this important bout in Las Vegas he has been fortunate in having Melvin Anderson to condition him. Anderson has Bud primed for ten torrid rounds of fighting.

Williams has been training with southpaw sparring partners and says Bud can check his dangerous portside mitt in the dressing room. Delos says he will throw so many right hands Bud will be too busy ducking to land any haypunches.

Delos points to the fact that he has never been kayced in his career and has been meeting the world's greatest for eight years.

**MAY HEAR BIRDS**  
But if Thomas makes the same kind of a fight he has been showing in his thrilling gym workouts Mr. Delos the Kid may hear the birds sing tomorrow night for the first time.

Delos and Bud made one of the greatest fights ever seen in Las Vegas in their last clash at the stadium, which resulted in a draw, and both will be throwing punches to grab the decision when Time-keeper Leonard Blood rings the bell Friday night.

Indian Smith, who is anxious to meet Dan Burchard again, collides with the gamster from the Boulder Canyon Johnny Brown, in a rematch of six rounds and this semi-final go may steal the show.

**JACKSON VS. BROWN**  
Stonewall Jackson meets Al Brown in the special event. Stonewall is rapidly gaining a kayo reputation and Mr. Brown better not take too many chances with Jackson or he will be another kayo victim.

The Boulder sensation Red Baily meets the popular Vegas boy, Merwin Hunting, in the second spot.

Flash Ullum and Ace Heckathorne open the show.

### MEXICAN WAR WIDOWS

AUSTIN, Tex., May 27 (AP)—An appropriation bill passed by the Texas legislature carries \$1,000 for Mexican War pensions. The pension goes to widows of soldiers of that war. There are three in the state: Mrs. Julia Redfield of Gladings, Mrs. Mary C. Berry of Baird and Mrs. M. G. Pollan of Beeville.

## TOP WAGES TO BE PAID ON ARENA AT RENO

### SPECIAL TO THE AGE

RENO, May 27.—Mathematical and statistical persons with a flair for sharp pencils and letter writing are telling Jack Dempsey unsuspected things about his forthcoming fight with Reno to New York and back again to St. Louis twice during the day.

Expressing a desire to harness such energy, one man writes that each person must take 1,000 steps from the Reno race track entrance to reach their arena seat and that 30,000 people, turning out for the fight, will walk the equivalent of from Reno to New York and back again to St. Louis twice during the day.

A woman letter writer tells of watching the huge gang of carpenters on Dempsey's new fight arena and noted that each one used seven hammer strokes to drive a nail. Seven tons, or 600,000 nails, are going into the arena, the grand total of human driving power expended being 4,200,000 strokes.

Another man writes that 450,000 board feet of lumber are required to build the new Reno fightdrome and that, placed together in single file, a double-board walk could be built forty miles long—or from Reno to Cali-Neva.

Statistical and mathematical puzzle stuff eliminated, however, the construction work being done by Dempsey and his two associates, "Bill" Graham and "Jim" McKay, in preparation for Reno's big fight and program of summer racing is proving a boon for Reno's unemployed. In the past ten days more than three hundred men, including an army of 150 carpenters, have been busy at work. Top wages are being paid, ranging from \$12 a day for plasterers to \$7 a day for laborers.

## KERENSKY IS ACTIVE IN ANTI-RED

### By RALPH HEINZEN

(United Press Staff Correspondent)  
PARIS, May 27.—The star of Alexandre Fedozovitch Kerensky is in his ascendancy again and the one-time premier of the provisional government which sided over Russia between Tzarist despotism and Bolshevik revolution is again the outstanding leader of the opposition.

This time (instead of organizing rebellion as a member of the Duma inside of Russia), Kerensky is the commander-in-chief of the anti-Communist movement with his post of command in Paris where he has found comparative opulency and enjoys the title of editor of the Russian refugee newspaper "Dni."

The most famous figure of the Russian revolution of 1917, Kerensky, first as minister of justice in the first provisional government and then as premier of the Russian armies in the May, 1917, revolutionary government, is blamed by many for Bolshevism.

A little strength at the critical moment, they insist, and Bolshevism could have been stamped out at the start. It is historical fact that inside of five months, in October, 1917, Lenin and Trotsky staged their revolution and set up a government which has ruled almost for fourteen years.

Kerensky's politics have undergone a change and today he is a nationalist, a Russian Republican and perhaps the most violent enemy of Bolshevism in all the opposition outside of Russia. At political meetings organized by his newspaper, Kerensky preaches open war against Soviet Russia. Russians of all shades of political sympathy cheer his pleas for violence.

**ADVISES SPANIARDS**  
Before their departure for Spain, several of the Spanish Republican exiles, who have become ministers in the new Spanish state consulted with him, particularly as to means of avoiding Bolshevism in Spain.

"There is but one warning which all Europe voices to the new-born republic of Spain," Kerensky told them. "Beware of Bolshevism, be-

## M'LARNIN WINS PETROLLE GO AT N. Y.

NEW YORK, May 27 (AP)—Abandoning his role of a slugger to turn in a masterly boxing exhibition, Jimmy McLarnin of Vancouver tonight won a decisive victory over Billy Petrolle of Fargo, N. D.

The victory avenged his upset in this same ring last November and was convincing enough to leave no doubt which was the better man.

The coast Irishman had a lot of respect for his opponent and was content to win his decision through boxing skill, but when the fighters left the ring, Petrolle was badly battered and was willing to admit he met his master.

McLarnin made no attempt to slug with the rugged Petrolle but he gave the Fargo man as neat a boxing lesson as has been seen here in many a day.

He outboxed Petrolle by a wide margin and when he did let fly with a real punch it was apparent he had all of the dynamite which marked his blows in earlier bouts.

## SECOND \$3 BILL IS FOUND IN U. S.

MADISON, Wis., May 27 (AP)—A \$3 bill has been found in Madison to disprove reports that "the world's only three dollar bank note" had been discovered in the possession of Clem Ivey, Cincinnati.

Ben R. Boorman is the owner of the bill found in Madison. It was issued by the State bank of Mount Vernon, Ind., in 1858, and has been in Boorman's possession for many years.

Ivey's note is dated June 21, 1841, and was issued by a Lebanon, O., bank under authority of the state of Ohio.

Two Oklahoma City university athletes, Ernie Webb and Ace Gutowsky, were also honored as outstanding members of the senior class.

ware the under-cover borings of professional agitators, give liberty of press and speech within reason, but do not permit under the guise of free-speech communistic attempts to ruin the splendid revolution which you have achieved without bloodshed.

"The Spanish revolution has written a new page in political history by its quiet, studied development."

### IT PAYS TO ADVERTISE IN THE AGE

## OKLAHOMA SHOT PUTTER SCORES

NORMAN, Okla., May 27 (AP)—Ralph Rider, former University of Oklahoma shot-putter, heaved the 12-pound shot 63 feet in an exhibition here recently, surpassing the mark set by Herman Brix, University of Washington, made in 1930.

Rider's heave, although not officially recognized, is two feet seven inches further than Brix's mark which is listed in the 1931 A. A. U. athletic almanac as the most "noteworthy performance."

Rider plans to try for a berth on the American Olympic team.

## FANS' WIT FAILS TO MUDDLE DALE

Dale Alexander, the Detroit Tigers' 215-pound first sacker, variously known to Detroit fans as "the Ox," "Old Heavy Dog," and just plain "Alex," has usurped the place held by a former Tiger player as the people's choice.

Once the fans came out to exercise their wit on Bob Fothergill, now with the White Sox, but now it is the heavy, slow-footed Alexander who draws the fire of the bleacherites.

Brought to Detroit in 1929 from Toronto of the International League, Alexander's hitting kept him at his post on first base for a year while he worked hard to overcome his fielding weakness.

Last year he played every game, and this year has kept his record intact so far, while leading the Tigers in batting.

Manager Bucky Harris says Alex is Detroit's most conscientious player. He spent most of last winter training to improve his speed and alertness, hampered by his 215 pounds, and was the first player, with the exception of the pitchers, to show up for spring practice.

Alex, who bats and throws right handed, is 28 years of age and hails from Greenville, Tenn.

**GIRL WINS HONORS**  
BLUE MOUNTAIN, Miss., May 27 (AP)—Lulia Mossovy, Harbin, Manchuria, is the first Russian girl to graduate from Blue Mountain and despite her heavy schedule was able to participate in numerous ceived the B.A. degree.

## ON THE SIDELINES

by Brian Bell

Athletes from California's three members of the I. C. A. A. A. appear bent on improving at least half the marks which were good enough to win the annual championships last year at Cambridge when they appear at Philadelphia May 29 and 30, if season performances can be used as proof.

And the three gentlemen who are likely to figure most prominently in making the annual affair a greater meet are practically certain to set a few meet records in so doing. The trio of course is composed of Ben Eastman, passive looking Stanford sophomore quarter and half-miler, Frank Wykoff, another of Southern California's long line of sprint kings, and Kenneth Churchill, California javelin thrower.

Churchill, like Wykoff, already has his name on the record books of the meet, with a toss of 212 feet 5 inches. He has done 217 feet 7 inches and insists that many has been the practice throw beyond that.

Taking last year's marks down the line, Wykoff has bettered the winning time in both the 100 and 200-yard dashes; Eastman has eclipsed both the quarter and half-mile marks; Ernest Payne of Southern California has run the 200-yard high hurdles 3-10 of a second better than his own teammate Bill Carl did in winning in 1930; Dick Barber of the Trojans has broadjumped beyond the 24 feet 7 1/2 inch distance, and Bill Graber, S. C. sophomore, has polevaulted 13 feet 9 inches.

**TIES MEREDITH**  
Eastman equaled Ted Meredith's world's record of 47.4 seconds for the quarter-mile, which also stands as an I. C. A. A. mark, but he took the race in stride, leaving the better feeling that he might have bettered the mark had he turned on the heat.

Wykoff, one of numerous holders of the present hundred-yard dash mark at 9.7 seconds for the meet, has so frequently bettered this that he seems destined to do so at least once more and quite likely at Philadelphia. For good measure he might beat Charles Borah's 20.9 furlong time, inasmuch as he has done this also.

**MUST "KEEP PEACE"**  
ATLANTA, Ga., May 27 (AP)—Atlanta has an ordinance on the statute books requiring that the mayor and chief of police be informed of the place and time of any public political meeting. It then becomes the duty of the mayor to attend with a squad of police to "preserve the peace."

Topeka, in the Western league, has three outfielders, two pitchers, and two catchers whose names begin with "H."

**LUCKY 13 IN DEMAND**  
BERKELEY, Cal., May 27 (AP)—For two seasons Ted Beckett, star guard of California, played heads up football and suffered no serious injury while the number on his jersey was 13. Now, some of those who believe in lucky numbers want "13" on their jerseys as a result of Beckett's two years of outstanding play on losing teams.

Tommy Bailey, Chicago, radio soprano, was an all-state basketball player in Wellington, Kas., two seasons. She also is an expert swimmer.

## Suzanne Refuses Miss Jacobs Try For Net Revue

PARIS, May 27 (AP)—Revenge was the biggest thing behind Helen Jacob's trip to Europe this year to compete in the French and English tennis championships.

This the California girl confessed shortly after her arrival here. She wanted to beat Suzanne Lenglen, she said. But Suzanne smug in her courtier shop, refused to be pulled onto a court.

Helen said she met the former French sensation once, and she came off the worst. She explained that she had a secret desire to try again, feeling that she would win this time.

When notified of Helen's ambitions, Mademoiselle Suzanne said it was all very charming of Helen, but she preferred to say "no." The former champion said she had seen but one tennis match since she retired four years ago, a Davis cup challenge match last year. Further, said she, "I never touch a racquet."

## WINS BOAT RACE BUT LOSES \$500

MEMPHIS, May 27 (AP)—Fredrick Smith, wealthy Memphis sportsman and owner of the speedboat "Greyhound" which set a new time between New Orleans and St. Louis, making the trip in 74 hours and four minutes, lost a \$500 side bet on the race with the builder of the boat, it was told here.

Smith bought the boat from Ed Higgins, New Orleans boat builder, who before the sale boasted his boat could beat the time of the Bogie, record holder which was owned by Dr. Louis LeRoy, Memphis physician.

The two men agreed if the Greyhound did break the Bogie's time Smith would add \$500 to the purchase price. He made the trip up the and according to Captain Harvey Brown, pilot, aided materially in breaking the record. Higgins was a passenger on the launch also.

A physician says that success depends upon the functioning of the glands. The sweat glands?—Minneapolis Journal.
