Officials May Come Here To See Dam Project In July

The regular weekly Chamber of Commerce meeting held yesterday at noon in the Union Pacific dining room was as snappy a meeting as the organization has had for several weeks, with many important questions being discussed

REPORT ON PARKS C. D. Baker, director of mines and mining reported that his committee and the national parks committee, headed by A. C. Grant, recommended that the Chamber go on record as not favoring the creation of a national park in the Hoover dam area which would involve some

million acres of land in Clark county. The two committees have been studying the question for some time and went thoroughly into the rea-sons why the states of Utah and Arizona do not favor the park. Baker stated that it was felt that Clark county needed taxable wealth which might be obtained by the development of the natural resources of the area with Hoover dam electrical power if not made into a national park precluding the territory No action was taken in the mat ter other than a request that members think over the recommendation for a time and that Director Baker file his report and data with the

secretary Dr. W. S. Park was elected as director of membership and W. F. Mc-Lallen as director of banking. The directorships were declared vacated by Leonard T. Blood and C. S. Wengert as both of these men have found it impossible to give time to

tainment and housing, told of his committee working with the local post of the Veterans of Foreign Wars in an effort to bring their California-Nevada divisional convention to Las Vegas next year.
