Matchless economy with six-cylinder smoothness

"Better than 20 miles to the gallon." "Its cost-per-mile is the lowest of any car." "Never have to add oil between crankcase changes." "Brove from Ohio to California on a repair expense of \$1.95." "It just runs and runs and runs."

-typical comments from owners of the Chevrolet Six

let - a big, powerful, smooth-running sixactually costs less to operate and maintain than any other car you can buy? The answer lies in five outstanding factors of

Why is it that Chevro-

Chevrolet economy: 1. Efficient Engine Design makes Chevrolet fuel consumption so low that 20 miles to the gallon of gasoline is nothing unusual for a Chevrolet owner.

2. Modern Chassis Design—as evidenced by Chevrolet's long heavy

frame, four parallel-mounted springs, and smooth-running six-cylinder engine-increases the ability of the Chevrolet Six to run dependably, day after day.

3. Excellence of Manufacture also adds to Chevrolet dependability and long life. Chevrolet pistons, for instance, are built so carefully, and held true to such close limits of precision, that many owners have gone 20,000 miles or more without having their motors opened for major servicing.

4. High-Quality

Materials are used throughout the Chevrolet car-costly nickel steel, chromevanadium steels, chrome-nickel steelsto assure trouble-free, low-cost service for tens of thousands of miles.

5. Economical Nationwide Service, with its low flat-rate charges on labor and genuine parts, is available at 10,600 dealers throughout the country, who

also offer the protection of the most liberal owner's service policy ever to back a low-priced car.

Remember-in addition to all these basic economies-Chevrolet offers the extra dollars-andcents advantage of one of the lowest delivered prices on the market. And this cost may be spread over a period of many months by the liberal G.M.A.C. plan.

NEW CHIEF PROPERT SEX

The Great American Value

New low prices—Chevrolet passenger car prices range from \$475 to \$650. Truck chassis prices range from \$355 to \$590. All prices f. o. b. Flint, Mich. Special equipment extra. Low delivered prices and easy terms.
