MIGHTY TROY TROUNCES TULANE

U.S.C. CRUSHES GREEN WA VEIN

NEW YEAR TILT

Last Quarter Threat Of Dixie Squad Panics Fans

By GEORGE H. BEALE
 United Press Staff Correspondent
ROSE BOWL, PASADENA, Jan. 1.—The Trojans of Southern California won the national football championship here today by defeating Tulane 21 to 12 in as thrilling a game as the history of the Tournament of Roses New Year's competition has known.

EARLY TROY LEAD
 The westerners took an early lead, their power plays driving them to three touchdowns before Tulane had so much as threatened. Tulane, showing the fight for which southern teams are noted, came back, however, to turn the game into a real battle.

Southern California scored once in the second quarter and twice in the third while Tulane counted first near the end of the third quarter and again in the final.

Individual honors went to Ernie Pinckert of Southern California and Harry Glover of Tulane.

Pinckert contributed two of his team's touchdowns. He recovered loose balls and he caught men from behind to save the Southern California goal line. Glover turned in two scintillating runs and was a hard driving back throughout the game. He scored the second touchdown for the Green Wave.

RAZZ ALL-AMERICAN
 As had been expected, Southern California worked out on Capt. Jerry Dalrymple, All-American end from Tulane. All season long Southern California has made it tough on the most prominent lineman opposing it and Dalrymple was selected today.

Pinckert's two dashes to scores were over Dalrymple's position and down resulted from a 22-yard run by Shaver over Dalrymple that put the ball on the six-yard line.

Except for the times when Dalrymple was mowed completely out of the play, he looked pretty good. It was his heads-up football that permitted him to pick a hard blocked pass out of the hands and pave the way for Tulane's second score.

Vernon Payne, playing the end opposite Dalrymple, and Lodrigues, the center, were standouts in the line for Tulane. Zimmerman and Pells looked pretty fair in the backfield.

Pinckert's punning mate, Shaver, All-American quarter, was a big ground gainer for the Trojans and the play of Arbelbide, Baker and Spurling sparkled in the line.

The first period was bitterly fought but scoreless. Tulane really had a ground gaining advantage, turning in three first downs to Southern California's one, but this was minimized when quick kicks took Zimmerman, Tulane's safety, by surprise on two occasions and rolled far over his head.

SWITCH DIRECTION
 Southern California was sending many of its plays toward the left side of the line and directly at Dalrymple, an unusual procedure since most of its power plays ordinarily run to the right.

Both teams played cautiously during this period and it ended when the second quick kick, this one by Orville Mohler, went over Zimmerman's head and rolled to the first play of the second quarter. Glover, the small half, ran inside his own left end, broke into the clear and started down the field. Mohler was the only man between him and a touchdown. Mohler failed to stop him but succeeded in breaking Glover's stride so that Pinckert caught him on the Southern California 37-yard line. The run was good for 58 yards.

The Trojans got down to real work after this, and Zimmerman and Glover were thrown successively for eight yard losses. Tulane then kicked to Mohler who came back 25 yards to his own 35-yard line to start the drive that gave Southern California its first score.

THE LINEUPS:
 U. S. C. Pos. Tulane
 Sparling l. c. Haynes
 Brown l. t. Decoligny
 Baker l. g. Scafield
 Williamson c. Lodrigues
 Stevens r. g. McCormick
 Smith r. t. Upton
 Arbelbide r. e. Dalrymple
 Shaver a. b. Dawson
 Mallory l. h. Zimmerman
 Pinckert r. h. Glover
 Musick f. b. Pells

Record Breaker

Lieut. W. A. Cocks, U. S. Army flier attached to Wheeler field, Honolulu, broke all known world's glider records recently when he kept his flimsy craft aloft more than 21 hours, cruised over a radius of 500 miles, and established a new altitude record.

DESCRIPTIONS OF BOMBERS HELD BY POLICE

Second "Package" Is Blasted in Chicago Jail Quarry

Net Is Closing In On Anti-Fascist Group, Officers Believe

By SIDNEY B. WHIPPLE
 (United Press Staff Correspondent)
NEW YORK, Jan. 1.—Police have a complete description of the three men who sent six packages loaded with death-dealing explosives to prominent fascist sympathizers, in the most startling terrorist plot ever disclosed in the United States.

DESCRIBES MEN
 John Timona, agent for the American Railway Express, today described the men who planted the diabolical engines of destruction in his service, for delivery in the middle west.

With this clue, and others gathered by a host of federal, city and state detectives, Lieutenant Charles Newman, head of the New York bomb squad, who has charge of the city's investigation, was reported hopeful of tracking the nihilists down within the next few days.

The plot was unquestionably the work of professionals, according to the police. The nicety with which the bombs were constructed, and the ingeniously contrived mechanism to set them off indicated that they were made by men of experience.

The postoffice department's investigation at Easton, Pa., where the first six bombs were mailed, developed rapidly today, and postoffice inspectors now have a dozen names of suspects who will be rounded up for questioning.

STAYED OVERNIGHT
 It was developed positively today that three men of foreign appearance appeared in Easton Tuesday night, remaining overnight at the postoffice hotel, directly across the street from the federal building.

They checked out at 8 a. m. Wednesday, and 15 minutes later the deadly packages were pushed through the window of the parcel post department.

Harry Brader, night clerk at the hotel, who remembers the men perfectly, went through 200 rogues' gallery pictures at police headquarters today, and picked out 12 pictures resembling the men who registered with him the night before the first bomb tragedy.

Further identification was afforded by two other witnesses, the Rev. P. T. Stengele and Chester Vollmer, who were in the Easton postoffice when the men deposited their packages at the window. They, too, agreed on the 12 pictures chosen by Brader as resembling the plotters.

Inspection of the packages produced one set of finger prints, which were rushed to New York for further investigation.

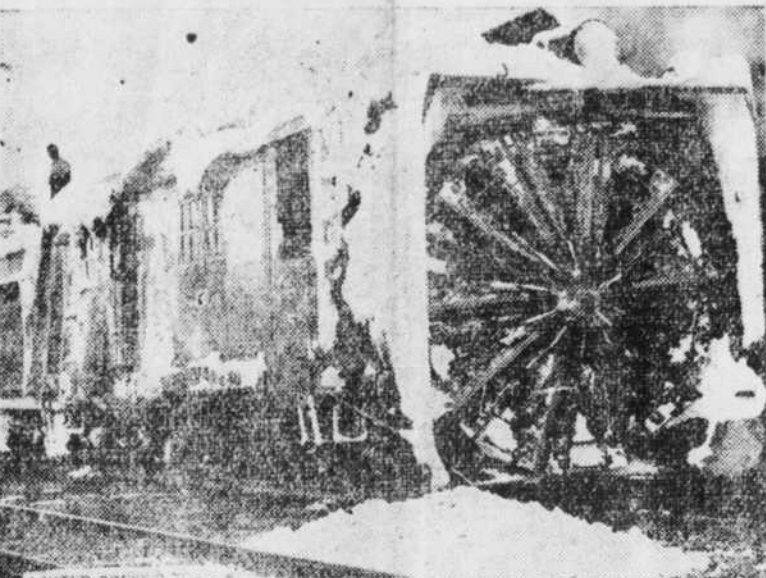

MYSTERIOUS TRIP
 Chief Postoffice Inspector Harry Getchell today made a mysterious trip from Easton to Philadelphia on a secret mission. He will return tomorrow, to attend the funerals of John House and Edward Werkheiser, postal clerks, whose lives were sacrificed in the first bomb explosion.

State troopers and heavy police squads will be on guard at the funerals.

It was understood that the postoffice service has asked for a general roundup of all notorious anti-fascists in Philadelphia and New York and the three Easton witnesses will be taken to those cities.

FLOODS, SNOW PERIL BIG AREA

Farms and homes were flooded, automobile, train and air traffic was blocked and dams were filled with millions of dollars worth of water when a terrific rain and snowstorm descended upon the Pacific coast this week. At the top is a giant snowplow used to break through 15-foot drifts covering tracks in the high Sierras, where trains were marooned many hours. Center, and below, automobiles braving deluged highway.

TEN THOUSAND BILLS AWAIT CONGRESS' VOTE

Comic Strips Planned For Congressional Record Readers

Sure-Cures For Slump Included in Piles of Legislation

WASHINGTON, Jan. 1. (U.P.)—More than 10,000 bills, ranging from complete depression cures to provisions for inserting comic strips in the Congressional Record, now await the consideration of the 72d congress.

WILL VOTE ON FEW
 Perhaps one in 50 of these bills of embryonic legislation will ever come to a vote in committee hearings or on the floor of the two houses. The remainder are largely intended for the consumption of the "people back home" who are supposed to take such things seriously.

On the whole the bills are prosaic in character, and being mostly cast by permanent congressional employees who are professional bill writers, show a depressing lack of originality. However, a few rise above the average in literary merit and repay even the most casual reader.

The all-time prize for readability and interest is held by Rep. John J. Boylan, Dem. N. Y., who every session introduces a bill calling for "modernization of the Congressional Record." He would have the record include comic strips, cartoons, and a colored picture section.

The depression opened a new and fertile field to congressmen at the present session.

UNEMPLOYMENT AID
 The most novel cure for economic troubles is claimed by Rep. Emanuel Celler, Dem. N. Y., as his own original idea. Celler has introduced a bill which provides for enlisting 250,000 unemployed in the United States army for the period of one year. His bill does not say what the enlarged army would be used for.

Aside from the depression, a round-up of bills shows that lobbyists are coming in for a good deal of congressional and senatorial attention. Various bills, memorials, and resolutions have been introduced in both houses dealing exhaustively with the shell fish situation. Senator David I. Walsh, Dem. Mass., is one of the leaders in sea-food legislation, having presented a memorial detailing just what sort of lobster should be sold, caught and imported. He is not without followers in the lower chamber.

Congress is asked in scores of bills and resolutions to give away everything from land to radio stations.

SEEKS RADIO STATION
 Senator Walter F. George, Dem. Ga., has a bill which would give to the city of Savannah, Ga., the naval radio station located there. Other people want postoffices, Indian cemeteries, and free passports.

Legislation for war veterans, as usual, occupied a large share of attention. Spanish American war veterans were the subject of several bills.

The waning numbers and political influence of Civil war survivors was reflected in the lone public measure dealing with their relief. The young and enthusiastically voicing World war veterans were the subject of literally hundreds of bills.

ROSENWALD RESTING
 CHICAGO, Jan. 1. (U.P.)—Julius Rosenwald's personal physician told the United Press tonight that the philanthropist was "resting very comfortably" and that his condition was unchanged.

10 LIVES ARE IMPERILED BY ARSENIC DUST

Volcano Chaser

Hundreds of tourists hurriedly embarked for Honolulu when word came of a violent and spectacular eruption of famous old Kilauea volcano on the island of Hawaii. But the first to start was winsome Marguerite Spradley, who was en route aboard the liner Wilhelmina only a few hours after first news of the crater's outburst.

Antidote Is Futile And Men Fail to Respond

DENVER, Jan. 1. (U.P.)—Victims of slow-acting, pernicious poisoning, five men started the New Year in St. Joseph's hospital today, raising to ten the number whose lives have been imperiled by their fight against grasshoppers last summer.

UNDER TREATMENT
 Five other victims of the poisoning are under treatment in their homes at Crook. The men inhaled a deadly dust last summer while mixing arsenic, alfalfa and caustic soda in a poorly-ventilated barn at Crook as a lethal potion for the grasshoppers that were devastating crops.

When the menace became serious, Logan county employed the men to kill the hoppers with the mixture, which was concocted in a cement mixer. After it was mixed, it was strewn along the roads.

Weeks afterward, first one and then another of the workmen was stricken, strangely and mysteriously. Their noses became infected, then sores resembling boils broke out on their faces. Neuritis developed in their legs.

Some were told their days were numbered. D. B. McClelland was one of those. His advanced age was against him in his fight against the poisoning.

YOUNGER MEN SUFFER
 Others, younger and more robust, suffered also. They included Lee Garber, Allen Lynch, Murrell Stephen and Don K. Kinyoun. They are being treated at the hospital today, but response to the treatment has been discouraging.

Today five more victims of the same poisoning were revealed. They were Henry A. Robertson, Harry Robertson, Harold Robertson, George McKelvey and Victor McCracken. They hope to be able to return home after receiving the antidote injections.

DEATHS MARK NEW YEAR FETES

NEW YORK, Jan. 1. (U.P.)—Eleven deaths and 80 persons injured was the toll of New York's New Year's celebration.

Twenty-six of the injured are recovering in hospitals; the other 54 are being treated at home. Poisoned liquor and reckless driving caused most of the deaths and injuries.

Deaths resulted from the following causes: Alcoholic poisonings, five; auto accidents, five; stabbings, one.

CHICAGO, Jan. 1. (U.P.)—Widespread deaths marred celebration of the New Year's arrival in the United States.

"Weather and wassail" was responsible, according to United Press tabulations, for more than 100 fatalities.

Traffic collisions, including a head-on collision with a street car in Los Angeles, an automobile carrying nine to death in a Chicago creek, and motor cars sliding into ditches streets caused more than half the deaths.

The miscellaneous deaths were attributed to shooting sprees of intoxicated citizens, the drinking of poisoned alcohol, falling through thin ice, airplane crashes, and almost all the other accidents and tragedies which can befall human beings.

Illinois led the list with a score of deaths; California was a close second.

FIVE COUPLES GET LICENSES

Including a well-known Las Vegas girl, Miss Jean Quaid, daughter of Mrs. George Hardman, five couples were granted marriage licenses by the county clerk's office on New Year's day.

They were: Carl L. Jones, 21, and Fanda Juanita Rodervald, 20, both of Bakersfield; Russell V. McIntire, 21, McKittick, Cal., and Jean Quaid, 20, of Las Vegas; James C. Sanders, 36, of Los Angeles, and Frances Ruth Prescott, 30, of San Gabriel, Cal.; William Prichard Collett, 22, of St. George and Beulah Taylor, 19, of New Harmony, Utah; Walter M. Span, 21, and Lois Finch, 20, both of Kingman, Ariz.

BAR-BENDING ACT IN PRISON SHOW

AUBURN, N. Y., Jan. 1. (U.P.)—Bar-bending with the teeth was displayed to 1,500 inmates of Auburn prison today in the first vaudeville show the prisoners have had since the 1929 riots.

George Barzee, a former side-show performer serving sentence for grand larceny, scored the biggest hit of the day in an act called "Fang Chu: an Oriental Mystery." He bent iron bars with his teeth, ate fire, chewed glass, pinned his mouth shut with hatpins, thrust pins through his arms and completed his performance by placing a 90-pound slab of concrete on his head, which was shattered by a fellow prisoner wielding a sledge hammer.

OFFICER RESIGNS
 Harry Noll, formerly patrolman, has resigned from the Las Vegas police department. He will become a deputy U. S. marshal at Boulder City, it is understood.

CHINCHOW IN HANDS OF JAPAN

MUKDEN, Manchuria, Saturday, Jan. 2. (U.P.)—Japanese troops entered the city of Chinchow at 6 a. m. today. Chinchow was the last stronghold of the Chinese in Manchuria.

The troops were commanded by Gen. Jiro Tamon. His men had crossed the Taling river yesterday, occupied Talingho station, and then pressed on to their goal, Chinchow.

Chinese defenders of Chinchow had begun their retreat yesterday, clearing the city of the last obstacle to Tamon's entrance. Marshal Chang Hsueh-Liang, deposed Manchurian war lord, had ordered a contingent of his soldiers to guard the Taling river, while the remainder withdrew inside the great wall.

Further identification was afforded by two other witnesses, the Rev. P. T. Stengele and Chester Vollmer, who were in the Easton postoffice when the men deposited their packages at the window. They, too, agreed on the 12 pictures chosen by Brader as resembling the plotters.

Inspection of the packages produced one set of finger prints, which were rushed to New York for further investigation.

NEW GOVERNMENT OF CHINA STARTS

NANKING, China, Jan. 1. (U.P.)—The new Chinese government headed by Sun Fo, the son of the late Dr. Sun Yat-Sen, was inaugurated today. The foreign diplomatic representatives were received at the official ceremony. The capital was quiet.

American Must Die For Murder Of Oldest Turk's Manager, Says Court

BELFAST, Ireland, Jan. 1. (U.P.)—Eddie Cullens, 28, of New York, must die for the murder of Achmet Musa, manager of Zago Agra, oldest Turk in the world.

NEVADA MEN IN GUN FIGHT

WINNEMUCCA, Nev., Dec. 31. (U.P.)—Two residents of this section of the Old West tonight spent New Year's eve in a hospital after a good old western gun fight, the result of a feud.

The participants were Tim Tompkins and Walter Tregaskis. The latter is alleged to have confessed to authorities to going to the home of Tompkins on a ranch north of here, and to shooting him with a rifle. Tompkins returned the fire and shot Tregaskis so severely that it was necessary to amputate an arm.

TOMMY ARMOUR BREAKS RECORDS

MIAMI, Fla., Jan. 1. (U.P.)—Tommy Armour, Biscayne, Fla., shot a course record-breaking 68 to lead the field the first day of play in the Miami open golf tournament today.

Lenn Mattson, St. Paul, was in second place with a 70. More than 150 leading professionals and amateurs are entered in the \$2,500 tournament inaugurating the annual series of Florida golf tournaments which end in March with the \$5,000 international Coral Gables-Miami Biltmore open.

Frank Gertie, Chicago, and Henry Curet, Elmford, N. Y., tied for third place with 71's. Hank Miller, La Porte, Ind., had a 73, and Jack Rice, New York, 74.

DAUGHTER BORN

A baby daughter was born to Mr. and Mrs. Grant Nelson on New Year's day at the Las Vegas hospital. Dr. P. M. Ferguson attended.

Dynamite Bundle Found In Doorway Of Italian Merchant's Residence

BELLAIRE, O., Jan. 1. (U.P.)—Eleven sticks of dynamite attached to a fuse were found in the doorway of the home of an Italian merchant here tonight.

Dynamic Bundle Found In Doorway Of Italian Merchant's Residence

Police said the crudely constructed bomb was intended for Angelo Cifaldo, who recently received threatening letters.
