Mild weather at Miami Beach, Fla., keeps Miss Stephanie Mellarne from turning a cold shoulder to the new year. She is wearing one of the new bandana handkerchiefs in vogue on international beaches.

RAIN DELAYS AIR CONTESTS

MIAMI, Fla., Jan. 9. (U.P.)—A heavy rain temporarily halted the annual all-American air races today, forcing postponement of some of the scheduled events until tomorrow. After the rain ceased, S. J. Wittman, flying a plane of his own design, sped his plane around a 30-mile course at an average speed of 164.755 miles per hour to win the feature event of the four-day meet—the \$6,000 race sponsored by Col. E. H. R. Green of Star Island.

FLIER TO SEEK MILLION IN FURS

ALHAMBRA, Calif., Jan. 9. (AP)—William Graham, Alaskan air mail pilot, left today for San Francisco en route to Nome, where he will begin a quest for the lost Hudson Bay company's ship Bay Chimo, abandoned with a million dollar fur cargo. Graham, who flies the mail between Fairbanks and Nome, said he discovered the location of the ship on a flight north of Point Barrow. He came here to obtain a new plane with skis that enables him to land on snow.

Scientifically Purer..

Something every smoker wants to know!

• Absolutely pure... that's what you expect in the things you eat and drink... and in the cigarettes you smoke.

"Chesterfields are as pure as the water you drink," a noted scientist writes. There's no way to make a purer cigarette.

Starting with tobaccos... the ripest, finest, purest leaf that grows is selected for Chesterfields. Mild to start with... Cross-Blending makes it milder still. Then it's wrapped in paper that is so pure it burns without any taste or odor.

The phrase "Scientifically Purer" is entirely justified. By our use of a highly scientific process which was worked out by Dr. Paul Gross, the Head Chemist of our Research Department, Chesterfield reaches a state of purity unmatched, to our knowledge, by any other cigarette.

In addition, scientists check every ingredient, every method. Even the factory air is washed, and changed every 4 1/2 minutes. More purity!

Notice, too, the clean, white, attractive package... moisture-proof. Chesterfields come to you as good and as pure as they're made. Good... they've got to be good! Change to Chesterfields and see.

A WONDERFUL NEW RADIO PROGRAM!

Tonight... at 10:30... Chesterfield's Radio Program. Light a Chesterfield... lean back... and relax while Nat Shilkret's Orchestra and Alex Gray, soloist, charm away your cares. It's on the entire Columbia Network... broadcast from coast to coast... every night except Sunday. And the hour's 10:30 E. S. T.
