BIG DIVERSION TUNNEL CUT THROUGH; 2 MORE MAY BE OPENED MAR. 1

Diversion tunnel No. 2 was holed through at 10 p. m. This tunnel, which is the tunnel nearer to the river on the Arizona side, is the first of the large size bores to be completed. The tunnel is 56 feet wide, and 41 feet high, 15 feet of "invert" remaining to be excavated from the bottom of the tunnel to make it completely circular in shape and the full diameter of 56 feet.

Prior to the firing of the last shot in the upper heading last night, crews under the supervision of Tom Regan, assistant tunnel superintendent, had driven 2,134 feet from the lower portal. Work was suspended on the lower heading last Saturday, and crews were withdrawn to the portal of the tunnel, where the excavation of the invert was commenced.

Crews in the upper heading under the supervision of Jack Lamey finished the job of hoing through

VET AUXILIARY MEETS TODAY

A delegation of ladies of the Las Vegas auxiliary of the Fred S. Pennington post 1753, Veterans of Foreign Wars, will go to Boulder City tonight, according to an announcement made yesterday by Mrs. Phil Bettelheim, president of the organization.

All ladies that are eligible are requested to meet with the delegation at the home of Mrs. Joe Block, 708 Fifth street, Boulder City, at 7:30 p. m.

RESERVE POLICE RECOVER AUTO

Recovery of a car stolen from R. J. Harley in Las Vegas on Christmas day was effected last night by reservation police in Boulder City after a number of days of investigation, during which the car was located and watched closely until the suspected car thief appeared.

When located, it was found that the right front door of the Dodge sedan had been pried open. The name of the man arrested as a suspect in the theft of the car is being withheld by authorities.

B. C. COMPANY TO DISPLAY NAVAJO RELICS, 'CURIOS'

On display for the first time February 8, a complete line of Navajo Indian curios will be offered to the touring public by the Boulder City company at their stores in the dam city on and after that date.

A complete line of pottery, turquoise beads, jewelry, hand worked silver novelties, baskets, and the Navajo blankets famous the world over, will be handled in this department.

Every type of Navajo manufactured article will be on sale for the thousands of tourists expected to flock to the reservation during the coming summer. The articles will be purchased from the Richardson trading post at Flagstaff, Arizona, the official trade outlet for the Navajo tribes, and the large quantities already purchased by the Boulder City company for their stock have contributed materially to the welfare of the tribes, hard hit during the past winter by the severe weather, during which so many of the tribesmen were killed when they were trapped on the mesas of Arizona by blizzards.

A meeting will be held tomorrow night, by women of Boulder City who have been active in the movement to organize an auxiliary to the American Legion post, No. 31, here.

The meeting will take place in the school house at the foot of Avenue A and New Mexico street, and preparations have been made for a large attendance.

Business of this meeting will be discussion of the details of obtaining a charter so regular officers can be installed and the Auxiliary officially recognized. Comments from all over the reservation commending the women whose early efforts for the Legion will soon be climaxed when the infant auxiliary becomes a permanent organization.

THREE ON WAY TO SPECIALIST

Dissipating rumors that a severe accident had happened at Hoover dam, Norman S. Gallison, director of public relations for Six Companies, said last night that the three men who were loaded onto the 8:50 train for Los Angeles last night were suffering from an eye ailment, being sent to the southern California city by the Six Companies for special treatment, and that they were not accident victims.

With the assurance that there had been no accident on the dam job, anxious friends of men working on the swing shift had their fears placed at rest, although telephone calls bombarded The Age office until a late hour last night, as word of the incident at the U. P. station spread through the city.

BOULDER BRIEFS

Carl Lawson of Boulder City has resigned his position with the Six Companies, Inc., and has taken a position at Long Beach, Calif., and will immediately move his family.

Mrs. J. Poole, who was sent to the Boulder City hospital last Saturday, underwent an operation that same afternoon. Mrs. Poole is reported to be improving rapidly.

Mrs. Holman, who has lately taken up her residence at Boulder City, motored to Las Vegas last Sunday accompanied by some friends, and spent the day.

William Roe, who has been ill for the last several days, is reported to be fully recovered and returned to his work Monday morning.

Mr. and Mrs. L. W. Keeler entertained last Sunday afternoon in their home at Boulder City, Mr. and Mrs. D. Dennisson and daughter Miss Louise Liskey, and Mrs. Chesley Earskin of Reno.

RUMOR DENIED
A misleading rumor abroad for the past several days, that has brought many outside people to Boulder City hoping to purchase the Browder lunch room, was blasted here Monday. Mrs. Ida M. Browder, proprietor, stated that at no time has she endorsed any such statement, and that her lunch room is not for sale.

FLEET OFF TO ISLANDS FOR "GAME"

SAN PEDRO, Calif., Feb. 1. (AP)—Plunging through heavy seas somewhere off the Pacific coast, the United States battle fleet of more than 70 vessels was believed to be moving toward the Hawaiian Islands tonight.

Dreadnaught and supply divisions moved out of Los Angeles harbor early today and were to be joined at sea by 65 destroyers, submarines, cruisers and transports from San Diego. The immense fleet, its progress kept secret, will be divided into two squadrons upon arrival in Hawaiian waters, and a "war game" will be started Feb. 10, with one squadron attacking and the other defending Oahu Island.

Start of the fleet movement was delayed by high winds which swept the harbor last night and prevented

TWO NABBED IN CITY RUM RAID

A raid on the premises at the rear of the Owl club late yesterday by city police netted a man and a woman, and a considerable quantity of liquor, according to police.

John Rose and Ethel Taylor were small boats from taking officers and men to the battleships. Some 3,000 sailors waited in the rain for the storm to abate.

All ships were fully provisioned and equipped for many months at sea. Although the fleet movement was an annual routine affair of the navy and had nothing to do with current developments in China, officers reported that the warships were "ready for any contingency."

Meanwhile, some 43 cruisers and destroyers of the Atlantic fleet are preparing to move toward the Pacific and will "defend" the United States against an "attack" of the Pacific fleet upon its return from Hawaiian waters next month.

caught in the raid, and charged with illegal possession of intoxicating liquor. At a late hour last night neither had made bond.

BOULDER OFFICERS OPEN NEW DRIVE ON RESERVE 'LEGGERS'

Will Search Cars At Entrance; Roads Patrolled

Renewing a drive against liquor dealers plying their trade on the Hoover Dam reservation, police of the dam city arrested one alleged peddler early Sunday morning, and in the past three days have ejected seven men from the reservation for violating the ban on intoxicating liquor.

A man, whose name has been withheld, was arrested Sunday morning by Officer F. S. Lane, after trailing him for several hours. When apprehended, the man was allegedly found to be in possession of 21 pints of liquor.

Brought to Las Vegas by Sergeant Stringfellow, the accused man was arraigned before U. S. Commissioner W. J. Flowers, who bound him over to the federal court and set \$2,000 bond.

Extra men have been added to the reservation rangers forces and are guarding every road into the reservation to stop the inflow of liquor, while every car entering the dam city is being subjected to a thorough search for contraband.

AUXILIARY TO HOLD MEETING

A meeting will be held tomorrow night, by women of Boulder City who have been active in the movement to organize an auxiliary to the American Legion post, No. 31, here.

The meeting will take place in the school house at the foot of Avenue A and New Mexico street, and preparations have been made for a large attendance.

Business of this meeting will be discussion of the details of obtaining a charter so regular officers can be installed and the Auxiliary officially recognized. Comments from all over the reservation commending the women whose early efforts for the Legion will soon be climaxed when the infant auxiliary becomes a permanent organization.

CHRISTENSON TO BE TAKEN TO L. A.

Jan Christenson, who has been under the care of Dr. Haas at the Boulder City hospital since he was injured in a fall at the dam November 23 and lost his leg, will be removed to the Queen of Angeles hospital in Los Angeles within the next few days. Christenson is recovering rapidly. He is being removed under the guidance of Boulder City post of the American Legion, of which he is a charter member.

BEAUTY SHOP IN TEMPORARY HOME

Mrs. L. P. Holman, who recently arrived here, has moved the Marinello Beauty shop from Buckeye, Ariz., to Boulder City and has opened her business temporarily at 615 Avenue H. Mrs. Holman will transfer her business to Nevada Blvd. as soon as the new building is ready to install her special equipment.

NOTICE

There's one Right Size for Cigarettes

● Examine various cigarettes, and you'll find they are not all alike in size. Yet our scientists say their tests and research fix one definite size standard as the best. For a given length, our experts say, there is one right diameter . . . to make the draft right . . . to make the cigarette burn right.

Not only that, when the size is right, the cigarette lasts longer, and smokes cooler. And that "right" size is exactly the standard Chesterfield size.

A detail? Of course—but a mighty important one, figured in extra coolness and comfort. It's by constant attention to just such details that Chesterfield sets cigarette standards.

Notice how round and full each Chesterfield is—how firmly packed. There are two "electric detectives" on every packing machine, to check this detail also! The right size . . . and the right quality. Chesterfield never changes either one. Measure them any way you want—with ruler, microscope, or test-tube.

Or measure them in the surest way of all—by milder and better taste. And you'll find—They Satisfy! Good, they've got to be good!

THEY'RE MILD
THEY TASTE BETTER
THEY'RE PURE

They Satisfy

● Chesterfield's Radio Program is way above standard too! Let Nat Shilkret's Orchestra and Alex Gray, popular soloist, entertain you tonight . . . while you lean back and enjoy a mild, pure Chesterfield. Remember the hour . . . 10:30 P. M. . . over the entire Columbia Network . . . from coast to coast.

● WRAPPED IN DU PONT NO. 300 MOISTURE-PROOF CELLOPHANE . . . THE BEST AND MOST EXPENSIVE MADE.
