RAIL SPLINTERS

BY JOHN H. LIGHTFOOT

"The melancholy days have come, the saddest of the year"—and how. This poetical effusion does not appeal very favorably to railroad men, in fact they have no feeling that is at all poetic—and why all the antipathy? Al because the non-poetic message came over the wire that all railway employees, both great and small, both in stature and salary, were assessed a ten per cent cut in their wage earnings, effective Feb. 1. But let it be said that the highest salary gets shaved just the same as the smaller ones, only the latter will have to play pretty close to his leather belt—but at that the fellows are taking the cut in good spirit—and making a promise to cut out a few luxuries. I should say a lot in the place of a few. Let us meet it with a smile.

The findings in the late "side-swiping" mishap in the yards, wherein several cars were damaged, resulted in the switch foreman, Dennett, being removed from service.

"On again, gone again," was pretty well illustrated in the local U. P. affairs in this city. One of the employes was given a position with an increase effective Feb. 1, when along came the ten per cent cut and removed said increase effective Feb. 1. Said employe takes it in the spirit of a good sport—hoping the old "silver-lined cloud" will happen into the horizon some day and be soaced with the thought of "those who have must lose."

We know that it is not a deer hunt, because they do not like that snow any too well—so it must be just a little rest, why Nate Randall and Bert Ayers, well known U. P. engineers, are off.

Firemen Balderston, Norton and Kent, feeling the restful spirit passing through them, have launched their names on the layoff board.

Why that smile on Oscar Pfeiffer's face? Easy to figure out. Oscar has been assigned a job he loved so well—the piloting of the train into Boulder City. Don't you wish it was No. 68, Oscar?

Fireman Ernie May has been assigned to the passenger run on the third district, along with Engineer Wengert, while Engineer Hansell and Fireman Paulus will team on the same district run.

Engineer Sheppard and his fireman, Roberts, are laying off for a few runs.

Machinist Tom Sakai, who has been off duty for over two weeks, on account of a severe cold, has reported for work.

Machinist Frank Davis, who was in a U. P. reduction at this point, is working for the Six Companies at Boulder as machinist, as is Machinist Otto Miller and William Scherre.

Wally Fretman, who has been engine watchman on the St. Thomas branch of the U. P., was in the city Tuesday on business.

MARKETS AT A GLANCE

BY RICHARD L. GRIDLEY United Press Financial Editor

NEW YORK, Feb. 2 (U.P.)—Speculative buying in the stock market disappeared today with the lifting of war clouds in the far east and prices eased throughout the list. Declines were not large, being held to a few points in most instances. Interests in the market dwindled, although sweeping movements in the silk market and in bonds of a Japanese description served to sharpen the speculative appetite.

Both the silk market at Yokohama and the stock market at Tokyo were forced to suspend because of a flood of demoralized selling on Japanese fears of an economic boycott by the western powers. This had little effect here except to cause a corresponding decline in silk and Japanese bonds listed on the local exchange.

Less attention was paid to the far eastern difficulties and more to the domestic business situation. Impending dividend meeting of General Motors Corporation tomorrow, at which directors are expected to reduce the current \$3 annual rate, was responsible for selling of this leader and also Du Pont, which owns nearly 10,000,000 shares of General Motors. Du Pont broke two points.

Leaders like United States Steel, General Electric, American Can and Westinghouse closed around their lows of the day at losses of a fraction to several points after making an attempt to move ahead in the early trading.

The sharp decline in silk had more influence on the commodity market, where both wheat and cotton sold off. Some selling of the white staple was attributed to Japanese interests who had bought recently but were forced to unload their holdings because of insufficient funds.

The copper market was lower in the absence of important foreign demand but this development had little effect on copper stocks which have become hardened to adverse news of this character. Railroad stocks sold off with the remainder of the list despite widespread publicity given the prospective benefits leading roads might realize from the 10 per cent wage cut.

This publicity was designed to stir up speculation in railroad stocks but few traders were willing to take a stand in these stocks that must go for purchase of new equipment, payment of bond interest and stabilization of employment by the railroads.

These attempts met with little success and prices resumed the familiar lifeless movements so evident before the far eastern situation was injected into the market late last week. Turnover fell to approximately \$1,100,000 shares from 1,500,000 shares yesterday.

KANSAS CITY LIVESTOCK

KANSAS CITY, Mo., Feb. 2, (U.P.)—Moderate receipts held the cattle market about steady yesterday. Steers and yearlings ranged from \$4.50 to \$7.25, with tops of \$8. Top fat hogs held their advance of Monday, selling at \$3.95. The bulk of hog sales ranged from \$3.50 to \$3.75. Lambs sold from \$5 to \$6.

Leads Oil Fight

State Senator Will R. Sharkey of Martinez, Calif., author of the state's new oil conservation law, which will be voted on at a special election in May, has broadcast an appeal urging the voters to support the measure. It would stabilize the industry by eliminating waste, overproduction and prevent questionable competition, he claims. Senator Sharkey is publisher of the Martinez Contra Costa Gazette.

BRIGHT SPOTS IN BUSINESS

By United Press NEW YORK, Ontario and Western railroad reports 1931 net income of \$699,213, against net loss of \$260,460 in 1930. Hupp Motor Car Corp. reports January shipments of 1,400 cars, against 1,044 cars in December. Larus and Bros. Co. places plant on 24-hour schedule to meet increased orders. Southern New England Telephone Co. reports 1931 net earnings of \$3,529,454, against \$3,411,331 in 1930. American metal market forecasts further development in steel production during February.

ELLA CINDERS—The Course of True Love

Comic strip panel 1: Ella and Tommy talking. Ella says 'DIDN'T TOMMY COME WITH YOU, ELLA?' Tommy says 'HE SAID HE COULDN'T COME, BUT HE'D PHONE YOU LATER! OH, MRS. HARRIS, I DON'T KNOW WHAT TO DO ABOUT TOMMY! HE'S BEEN ACTING SO STRANGELY THESE PAST FEW DAYS!' Ella says 'HE LOVES YOU, ELLA! YOU MUST TRUST HIM!' Tommy says 'IF HE LOVED ME, HE WOULDN'T DO THE THINGS THAT I ASK HIM NOT TO DO! HE'S SIMPLY SQUANDERING HIS MONEY! I READ WITH HIM AND BEG HIM NOT TO— BUT IT'S NO USE!' Ella says 'WHEN HE PROPOSED TO ME HE SAID HE WAS GOING RIGHT OUT AND BUY A RING! I'M NOT A GOLD-DIGGER, BUT I WOULD LIKE SOME EVIDENCE OF HIS AFFECTION! EVERY GIRL PRIZES HER ENGAGEMENT RING—EVEN IF IT'S SCARCELY LARGE ENOUGH TO SEE!' Tommy says 'DON'T WORRY, DARLING! I HEARD TOMMY SAID HE WAS GOING TO GET YOU SUCH A LARGE DIAMOND THAT YOU'D NEED TO CARRY A WINDOW WEIGHT IN THE OTHER HAND TO KEEP YOUR SHOULDERS ON AN EVEN KEEL!'
