Showgirls Turn Demure—Long Hair Shows It

Bobbed hair may once have been a gesture of women's "emancipation," but now many Broadway showgirls are letting their tresses grow long, feeling—now that the first thrill of this gesture has gone—that such a declaration of independence no longer is necessary.

NEW YORK, Feb. 15. (U.P.)—The old-fashioned girl is the model for showgirls on Broadway as far as her hair goes anyway. Along with the return to a few of simple and demure styles, scores of them are allowing their once-bobbed hair to grow to long, flowing tresses.

explains Renee Johnson, blond stage beauty from Minneapolis. "All women cut their hair as a gesture of their new freedom. But the first thrills of our new independence have passed, and now we can consider our coiffures from a standpoint of their suitability to our individual personalities. "I bobbed my hair for many years, but now I am allowing it to grow again as I believe long hair is better suited to myself."

COUPLE LOOTS APPAREL SHOP

Believed to have been looted by a man and a woman, Fannie's Dress shop was robbed of more than \$100 worth of women's apparel late Saturday night, according to a report made to police.

The goods stolen included six dresses, a sport coat, a heavy coat, several slips, and twelve pieces of silk underwear. Entry was forced through a rear window, and tracks indicated that a man and a woman robbed the store.

The proprietor said that late Saturday evening, just before closing time, a man and a woman entered the store and carefully examined the stock. Since most of the merchandise stolen was that admired by the woman, police believe that she entered the window and outfit-fitted herself while her male companion waited outside.

In the matter of the estate of James Henry Cooke, etc., deceased, H. S. Laney, petitioner. Frank McNamee, Jr., attorney. Hearing on petition for letters of administration. H. S. VETS OFFER AID TO FURNISH HEADSTONES FOR L. V. GRAVES

Anxious to secure the proper marking of veterans' graves in Las Vegas and vicinity, the Fred S. Pennington post of the Veterans of Foreign Wars, under Commander A. T. McCarter, is offering assistance to friends and relatives in securing government-furnished headstones with which to mark the graves.

A number of applications have already been forwarded to the Quartermaster General's office at Washington, D. C., for the headstones, which are furnished without cost, already lettered. Stones are available for the graves of Civil, Spanish, American, and World war veterans.

Civil and Spanish war headstones are of American white marble, 39 inches long, 12 inches wide and 4 inches thick. The top is slightly rounded, with an inscription consisting of the name, rank if above private, and organization, cut within a sunken shield.

Confederate headstones are of the same size, with the same inscription followed by the letters "C. S. A." World war headstones are of the same material, 42 inches long, 13 inches wide, and 4 inches thick. Within a small circle above the inscription will be cut either a Latin cross for Christians, or a Star of David for Hebrews, or no emblem, as selected. The inscription will consist of the full name of the soldier, the state from which he came, his rank, regiment, division, and date of death.

VEGAS SINGER SETTLES DOWN

Mr. and Mrs. Marvin George are living quietly at 128 south Sixth street, since Mrs. George (Dixie Landis) resigned her position as entertainer at the Meadows. Miss Dixie Landis, as she is known on the stage, is the wife of that good looking saxophone player in the Meadows orchestra, which doubtless will be sad news to some of the fair patrons of the Meadows. She was forced to resign her position because of overwork and a generally run-down, nervous condition.

USES PHONE TO FRIGHTEN L. V. LAW BREAKERS

Possibly the same practical joker who last week distributed spurious traffic tickets, has a new way of amusing himself, according to Chief of Police Williams. Someone, observing minor infractions of the traffic code, is phoning the violators, assuming the identity of the chief, and telling the victims of their pranks that they must be at traffic court in the morning, or an officer will call for them.

S. army appropriations, the Las Vegas chapter of the Reserve Officers' association of the United States last night passed a resolution going on record to that effect, and instructing Lt. A. J. Rafael to forward a copy of the resolution to congressmen from Nevada. Individual members were also instructed to communicate with the Nevada delegation in congress.

Lt. J. D. Smith was elected vice president of the local chapter. Capt. B. E. Worley acted as instructor of the map-reading class. The savings bank, Commissioner W. H. Hadlock announced, the amount of deposits Saturday, the last day the bank was open, totaled approximately \$6,150,000. Merger of the Deseret National bank and the Security National bank was the largest in the history of the state. The Security National bank is a member of the First Security corporation system.

TRIO MUST GO BEFORE COURT

Ray Thompson, G. B. Graves, and Alfred Costello must appear before the federal court in Carson City on counterfeit coin charges, as a result of their being apprehended in the recent raid by city and county officers on their Westside residence. Thompson and Graves pleaded guilty in their hearing before U. S. Commissioner W. J. Flowers, and were held in the county jail in lieu of \$350 bond, set by Flowers. Costello pleaded not guilty, but sufficient evidence was presented against him to warrant his also being held under the same bond, which he could not furnish.

To the Taxpayers of the County of Clark:

For the last several months the Board of County Commissioners have realized the necessity of additional jail and court house facilities and have discussed the matter among themselves to a great extent. In 1931 a levy of seven cents was made for the building of the jail and addition to the court house which levy has raised a little over nine thousand dollars. The original legislative act provided for a one hundred fifty thousand dollar bond issue. Various estimates have been submitted to the Board showing that the additional jail facilities, court house and much needed law library room can be erected for about seventy thousand dollars, giving us ample jail facilities for years to come.

Realizing the importance of this expenditure to the tax payers, the Board deemed it advisable to lay this proposition before the service clubs, the Chamber of Commerce and the public in general before definitely deciding what they would do in the matter. Due to the fact that nine thousand dollars is already collected and available for use, a seventy thousand dollar indebtedness will constitute the remainder and it will be unnecessary to make another levy until the year 1935.

In other words, if the bonds were sold this year, we would not have to pay any levy on them until the year 1935. The Board figured that the placing of a two cent levy this year, would take care of the redemption fund and interest fund until the year 1935.

We would, therefore, appreciate it very much if the various organizations will go into this matter and appoint committees to confer with the Board so that they might get the expression of your members not later than the March 5th meeting.

Below is a copy of the budget for the coming year upon which the Board is now working:

Table with 2 columns: Item and Amount. Title: Apportionment Sheet For 1932 General County. Items include State (.69), General County (.265), Road Fund (.18), Court House Bonds (.04), Co.
