NOTICE OF CONTEST No. 1498 DEPARTMENT OF THE INTERIOR, UNITED STATES LAND OFFICE, Carson City, Nevada, January 26, 1932. To: F. E. Ickes, A. E. Griffith, their heirs, personal representatives and assigns. Whereas it appears that your address is unknown and you can not be found, now, therefore, you and each of you are hereby notified that pursuant to the provisions of section 2335 of the Revised Statutes of the United States, the Commissioner of the General Land Office for and in behalf of the United States by his letter "N" dated August 25, 1931, directed contest proceedings against certain purported mining locations made upon lands of the United States in the County of Clark, State of Nevada, namely the Summit Mining Claim which was located February 24, 1909, recorded April 9, 1909, in Book C-1, page 96, records of Lincoln County, Nevada, and described as located about 8 miles southwest from the mouth of Vegas, situated in Sec. 31, T. 22 S., R. 64 E., M. D. M.

At the meeting of Las Vegas Chamber of Commerce yesterday, several matters of business were discussed. A letter from Frank Knox of Chicago, asking support for President Hoover's Anti-Hoarding policy was read. A. C. Grant made a report on the recent trip to Salt Lake City. The panel of Las Vegas and Hoover Dam photographs prepared by Secretary Nye Wilson, and named by Dan Jondahl, attracted much attention, he said. He stated that the trip was very successful. A. R. Thompson, another member of the party, reported further on the trip, including an account of the visit to Ordway, and an interview with Mr. Rutledge, of the U. S. Forest service, regarding a road to the Deer Creek area. President Jas. H. Dawn completed the report, stating, among other things, that Utah this year will complete the work of oiling the highway the entire distance between Salt Lake and the southern boundary of Utah. The chamber adopted a resolution expressing thanks to the members of the delegation and an especial vote of appreciation to Archie Grant for having given the use of his car for the trip.

D. M. It is alleged in the contest proceedings: 1. That the land within the limits of the claims is non-mineral in character. 2. That minerals in sufficient quantities have not been discovered within the limits of the claims to constitute a valid discovery. 3. That the mining locations have been abandoned. You are, therefore, further notified that the said allegations will be taken as confessed, and the said locations declared null and void without further right to be heard, either before this office or on appeal, if you fail to file in this office within 20 days after the fifth publication of this notice, as shown below, your answer under oath, specifically responding to these allegations of contest. J. P. King has purchased the E. E. Smith residence, formerly occupied by the W. N. Schuyler family. The building will be moved to the King property at the corner of Ninth and Stewart streets and converted into the family residence. It is already resting on the timbers ready for moving from its old location, but Mr. Murphy, who has the moving contract, will not undertake the same until the streets have dried to some extent. The house was first sold to Tom Williams, who in turn sold it to King. The lot where the residence stood will shortly be occupied by the new Palace theatre which is to be built by Messrs. Thomas and Brick.

"Have you ever been in the slums and seen 8, 9 or even 11 people living in a single room?" Copeland asked the senators. Young Senator Robert M. LaFollette, Repp., Wis., co-author of the bill, made the final formal speech in an impassioned warning that "if the federal government fails to act in this situation, it means the degradation of our citizens."

LEAGUE FIRM GENEVA, Feb. 16. (AP)—The League of Nations council formally urged the Japanese government tonight to cease hostilities in Shanghai as "a noble gesture" in behalf of international peace.

A note, described as the most strongly-worded communication ever framed by the league, was dispatched to Tokio setting forth the attitude of the council as formulated at a long private session from which the Japanese and Chinese delegates were barred.

The note included: 1—A reminder that the United States has protested against any action to gain territory in China by violence, saying that such gains cannot be retained.

2—A reminder to Japan concerning her responsibilities under Article Ten of the league covenant.

3—A declaration that the council cannot accept the situation in China as an accomplished fact.

4—A reminder to Japan of her position as one of the great powers of the world and that, as a result, and as "a noble gesture," she should meet the obligations of the world.

It was significant that the note was sent to the Japanese government, but not to the Chinese government. Presumably it was an attempt by the league council to avoid acting on China's demands that a special session of the general assembly of the league be summoned to consider the Chinese warfare.

MA LOSSES FACE MUKDEN, Manchuria, Feb. 16. (AP)—The frame-work of a new pro-Japanese regime in Manchuria was formed today with the famous Chinese militarist, Gen. Ma Chan-Shan, taking a leading role in friendly cooperation with the Japanese leaders who crushed his army in the battle of Tsitsihar.

It was understood that an independent Manchuria state would be proclaimed immediately. General Ma, the petty provincial leader whose name was at the forefront throughout the world when he defied the modern Japanese military machine before Tsitsihar, arrived by airplane to participate in the conference at which a political supreme committee of Manchuria and Mongolia was organized.

The committee included General Ma as governor of Heilungkiang province, of which Tsitsihar is capital; Chang Ching-Hui as governor

of Harbin, which is organized in a "special area"; Tsang Shihyi and Hsi Chia, two other Chinese leaders, who had been supported by the Japanese. Still another province leader, Tang Yu-Lin, will participate in formation of the new Manchuria state, which is to be designed to bar the return of Chang Hsueh-Liang as ruler of Manchuria.

HERO DISGRACED General Ma, sleek, placid militarist who was once the "hero" of all China, was the most amazing figure at the conference. He stepped from his airplane clad in furs, a "new man" as far as his attitude toward Japan is concerned. All of the bombast and fire with which he swore to fight "to the end" against Japanese troops at Tsitsihar—and then fled—was gone and he was sympathetic and friendly to the aims of Gen. Shieru Honjo, Japanese commander at Mukden.

The collapse of General Ma as a Chinese hero was a blow to patriots throughout China, where thousands of dollars had been collected to aid him in defending Manchurian territory.

JAPAN APOLOGIZES SHANGHAI, Wednesday, Feb. 17. (AP)—Japan today apologized to the United States for the attack which Japanese soldiers made last week on American Vice-Consul Arthur Rinehart and Mrs. L. Young, an American citizen.

The apology was received on behalf of the United States by Consul General Edwin Cunningham, who said that it was satisfactory and that the incident could be considered closed. Cunningham promptly relayed the apology to the state department at Washington.
