

AMERICAN ACE LEAVES TO COMMAND FORCE

Many of them were horribly mangled by shells and bombs.

The Chinese field hospitals were the scenes of great confusion and many acts of heroism. Physicians were unable to care for many of the wounded although they labored for many hours without rest.

Amputations were performed without anaesthetics. Nurses and stretcher bearers showed the strain of attempting to care for hundreds of casualties without proper equipment.

Foreign residents, advised to evacuate the zones of greatest danger, were moving out of Hong-kew in greater numbers as a result of the intensification of the fighting, but many still remained in districts which are frequently fired on by the Chinese.

SHORTEN WORKING DAY

SALT LAKE CITY, Utah, Feb. 25. (U.P.)—Employees of the Mountain States Telephone and Telegraph company, numbering approximately 2,100, will voluntarily work on a five- and one-half day a week schedule, beginning March 1, Orson J. Hyde, Utah manager, announced today.

PERSONAL

K. C. OFFICIAL HERE
C. E. Horton, state deputy of the Knights of Columbus, is in Las Vegas making a survey preparatory to organizing a council here.

TO GET FAMILY
Charles Rogman, U. P.'s B. and E. foreman, will leave this morning for Salt Lake City, where he will bring his family to Las Vegas to make their home.

ON WAY HOME

DAUGHTER BORN
Mr. and Mrs. Harry L. Brooks are rejoicing over the arrival of a new daughter, whom they have named

REDS CHARGE JAPS PLAN ATTACK

MOSCOW, Feb. 25. (U.P.)—The Soviet press tomorrow will publish a dispatch from Peiping charging that a White Russian (czarist) army is being formed in Manchuria, under direction of Japanese, to attack the Russian maritime provinces, including Vladivostok.

The Soviet maritime region, in Siberia, is chiefly the province of Promorskaya, bordering on Manchuria and on the Japan sea. Vladivostok, at the terminus of the trans-Siberian railroad, is a short distance from the Manchurian frontier, at Possiet bay.

The dispatch purports to describe the White Russian activities, under official Japanese direction, in detail and the official Soviet news agency declares that it has complete confidence in the source from which the information was obtained.

The dispatch says that Japanese instructed the White Russian General Kosmin, one of the emigre foes of the Bolshevik regime in Moscow, to organize secretly a regiment. In mid-January the organization of the regiment was well under way, the dispatch says.

"Betty Ann" Brooks is employed by the Union Pacific as engine foreman.

RETURNS FROM L. A.
Mrs. Louise Graham returned from Los Angeles yesterday morning after having spent several days on business.

NOW AT BOULDER
The Fennell, formerly employed at the L. & K. market, has accepted a position with Six Companies at Boulder City, as meat cutter.

HARMON LEAVES
District Attorney Harley A. Harmon has gone to Los Angeles where he expects to spend several days on business.

Hero's Honors

George L. Boul, Utah, Boy Scout, who has just received a medal from national Scout headquarters for his heroism in saving Elmer Hutchings and his son Vivian, from drowning in Utah lake, although convalescing at the time from a broken leg, George jumped into the lake and rescued the pair after their boat had overturned.

SADDLE HORSES AVAILABLE HERE

Horse-minded Las Vegas will be pleased to learn that saddle animals are now available through Daryl Burgess for canters on the desert or moonlight parties. Burgess has moved his string of horses away from the raids and "pestering" of small boys on the Old ranch, and is now feeding them grain preparatory to using them for hire.

Burgess states that his animals are gentle, well mannered, and easy gaited. A horseman will accompany inexperienced riders or children, he announces. Stock saddles are available for cross-country riding.

He suggests that persons wishing to ride should call him early to make reservations, as the demand has been so great for saddle horses lately that it might not be possible to satisfy all parties on short notice.

ROTARY JAIL COMMITTEE REPORTS

(Continued from Page Five)

Emerald county, and recommend that if additional cells are to be installed in the present quarters that the purchase of some of this equipment be considered.

"We therefore recommend that the proposed addition to the county court house be indefinitely postponed, both because of the economic condition now existing and which bids fair to continue for an indefinite period and the fact that we can find no pressing need for its construction."

"We find further that a considerable saving can be effected in the handling of county prisoners. It is the practice at present to feed them at restaurants in the city. This is costing in excess of thirty cents per meal or over \$400 per month. The city is feeding its prisoners at a rate of 75c per meal, and is in a position to accommodate county prisoners at the same rate. We recommend that some such a plan be carried out."

"Considering the tax situation in general, we are of the belief that it is time to get back to earth in the matter of governmental expenditures, and suggest that the county commissioners confer with the city board with an idea of appointing a city-county manager, whose duties it will be to look after the details of operation of both governmental units, investigate in detail the bills submitted to each for supplies, and make recommendations wherever possible. We believe that if the proper person is secured in this post he will save the taxpayers a great deal more than his actual salary."

COAST VISITORS
Parson Tom Stevenson enjoyed a visit from Robert Short, of Burbank, California, and James Mehen of Los Angeles, Sunday and Monday.

If Mrs. H. Ellis will call at the Age office, she will receive a free ticket, good for today only at El Portal theater.

MOAPA NEWS NOTES

HELP START A GOLD BOOM

We Need It

The Eldorado Empire Mining Company is an Arizona Corporation with a Capital of 1,000,000 shares of a par value of ONE DOLLAR per share of which 970,000 shares are outstanding and 30,000 shares in the Treasury. The Company owns the "Black Hawk" patented Mine, which is now developed and ready to produce GOLD, but the mine lacks a mill and water to run it. However, I own a mill and water rights developed nearby, which I have arranged to rent to the Company. This mill can be set up within 90 days. The mine is located in the center of Eldorado Canyon, just 15 miles South of the Boulder Dam site, in Clark County, Nevada.

In order to bring this mine to the producing stage after the stockholders had done all they were able to do I loaned the Company \$85,000 for which they gave me 6 per cent notes due June 8, 1934. There is now due an additional \$10,000 in interest, making a total of \$95,000 now due me. The Company has now given me permission (after I made at my expense in the mine probably the greatest strike ever made in Clark County) to set up my mill on the mine and take out in gold the \$95,000 coming to me, after which the profits will go to pay dividends on the capital stock.

In order to carry through this program I must borrow at a time when money is tight. But my necessity is your opportunity. The following offer is so attractive that you cannot afford to pass it by: I own the Company's note for \$10,000, for which I paid cash. This note is payable on or before June 8, 1934, with accumulated interest at 6 per cent per annum. I propose to put up this note for security and against it issue \$10,000 of my own personal notes in denominations of \$100, \$200, \$500 and \$1,000, same to run to June 8, 1934, with interest at 6 per cent per annum. For every dollar you lend me on my note I will give you as a bonus one share of my personal stock in the Company. (If you bought this stock from the Company, you would pay the par value of One Dollar per share. Then we will erect my mill, take out the \$10,000 in gold, with which we will repay your note with interest and you will own a block of stock in the Eldorado Empire Mine, that has cost you nothing.

C. E. L. GRESH,
Box 368, Las Vegas, Nevada, or Eldorado Empire Mine in Eldorado Canyon.

P. S.—Our next work opens the mine on the 400-foot inclined level where bonanza ore is possible.
