

# WANT-AD IN NEW YORK PAPER HELD AS CLUE IN LINDBERGH KIDNAP CASE, POLICE STATE

from Bridgeport that Sheriff Thomas E. Reilly "had the baby and was returning it to Hopewell."

The report crashed to earth when Sheriff Reilly said he had detained a man for violation of a traffic regulation on the Boston Post road, and had permitted the man's wife and child to be driven home in the official car.

Persons seeing the child transferred from one car to the other set the rumor afoot.

**LUNATICS CHECKED**  
The theory that the kidnaping might have been done by some person deranged and living in the neighborhood received a set-back today when it was announced that all persons known to be mentally defective in the Southland region have been investigated.

If an organized gang committed the deed, police are now puzzled at finding no response to the widespread "advertising" that has been given to Col. Lindbergh's pledge of immunity. Ordinarily, kidnaping gangs have lessened the danger to themselves by working quickly and making their approaches for ransom within a few days.

## BULLETINS

**LOUISVILLE, Ky., Mar. 10 (U.P.)**—When and if Charles Augustus Lindbergh, Jr. is returned to his parents, the city of Louisville is going to hold the greatest celebration since the signing of the armistice.

"Go as far as you like," was Col. Roy W. Easley's answer today to American war mothers, who announced they were making arrangements for a noisy celebration.

**SEATTLE, Mar. 10 (U.P.)**—Information that federal authorities here are investigating clues in the Lindbergh kidnaping case on a report that the baby theft was plotted in Vancouver many months ago, became known today.

The investigation was reported to be the outgrowth of questioning by Canadian mounted police during the last two days of Mrs. J. Vanderveer of a house boat on Burrard inlet, who is said to have been identified as having introduced an unidentified man to the baby's nurse in Vancouver a year ago.

**HOPEWELL, N. J., Mar. 10 (U.P.)**—While Col. Charles A. Lindbergh, apparently appearing today to be calmer than at any time since the kidnaping of his son, Mrs. Lindbergh appeared to be suffering from the strain.

Mrs. Lindbergh spent a great deal of the day on a lounge in the library, reading. She was covered with a blanket. It was understood that a physician called to treat her today.

Lindbergh took several short walks about the grounds of his estate, with his pet dog for a companion.

**TRENTON, N. J., Mar. 10 (U.P.)**—Police investigating the kidnaping of Charles Augustus Lindbergh, Jr. do not contemplate making any request for the aid of Alphonse (Scarface Al) Capone, Chicago gangster, who is under sentence of 11 years in prison for income tax evasion. It was said tonight in an interview between reporters here and police at the Lindbergh home.

## TRANSFER AKRON CHIEF TO VESSEL

**WASHINGTON, Mar. 10 (U.P.)**—Despite protests from the members of the "navy group" in congress, the navy department today ordered the transfer of Lt. Comdr. Charles E. Rosendahl, commander of the dirigible Akron and a veteran in lighter-than-air development, to the battleship West Virginia.

Members of the house naval affairs committee protested Rosendahl's transfer on the ground he was too competent to be removed from the lighter-than-air field. A resolution embodying a formal protest failed to pass after it had been learned the commander's promotion status would be endangered unless he had a tour of sea duty.

## CLUB TO MAKE MILK SURVEY

Otis J. Smith, with considerable assistance and encouragement from President Leo A. McNamee, James Cashman, Sam Lawson and other members, put on the program at yesterday's meeting of Las Vegas Rotary club.

The program, although strictly "Rotary" in character, afforded quite a bit of happy entertainment.

Following the program Al Cahlan called attention to the need of additional assistance in furnishing milk for undernourished students of the grammar schools. After some discussion President Leo A. McNamee appointed O. W. Yates, Fred O'Donnell and K. O. Knudson a committee, with power to act, to investigate the needs of the school children.

George Dyer, member of the Calistoga, Cal., Rotary club, arrived during the meeting, having made a 143 miles drive from Death valley to make up his attendance for the week. He made a short but stirring Rotary address which was greatly enjoyed.

## INSPECTION ON BORDER TIGHTER

**LOS ANGELES, Mar. 10 (U.P.)**—Rigid inspection of Mexico-bound automobiles at the port of Mexico is based upon a campaign to increase customs revenues, and not on fear of an impending revolution, according to Joel Quinones, acting Mexican consul here.

"Every so often," Quinones said, customs inspectors receive official censure from Mexico City after periods of laxity, and they promptly proceed to tighten up on their inspection. They are seeking contraband.

"There is general satisfaction in the Calles regime, and I place no belief in these poppycock revolution stories."

## GUN GIRL LAUGHS AT JURY VERDICT

**KANSAS CITY, Mo., Mar. 10 (U.P.)**—Lois Denton, high school girl who exclaimed "Ain't that something" when a jury returned its verdict finding her guilty of highway robbery, changed her attitude today.

Her "hard boiled" defiance wilted, and after weeping for hours, she wrote a letter to her mother at Steele, Mo. Its contents were not revealed.

The girl, who now claims she is 15 instead of 16 years old, giggled when the district court verdict was returned, and walked smiling to her cell.

She blamed her waywardness on a man giving the name of Henry Long, whom she met at a dance in Steele. They drove here. She was accused of being with Long when he allegedly held up a grocery store and took \$12.

## POLICE RADIO IS INSPECTED

Sergeant Frank Jones returned yesterday from Los Angeles, where he reported an interesting experience riding in the radio scout cars of the Los Angeles police department.

Amred with a letter from Chief of Police R. E. Steckel to Lt. M. Carthy, of the Central station, Jones was permitted to ride in one of the cars, manned by Officers Jack Bromley and H. L. Wolfer, in their regular tour of duty.

Working out of Central station, the scout car in which Jones was a passenger patrolled Los Angeles Chinatown and slum district. They were sent on several exciting missions while Jones was their passenger, and he was able to get the full details of the speedy mobility of these most modern agents in the unending war of a big city police department against crime.

## HOME LOOTER IS SENTENCED

Pleading guilty, and assuming all the guilt attached to the recent looting of the home of George Maxwell, where he had been an overnight guest, Robert C. Hill was sentenced to serve from two to fourteen years in the state penitentiary yesterday, by Judge William E. Orr.

With Terry Swift, who was exonerated by his alleged confession, Hill was accused of grand larceny. Swift was released from the county jail yesterday afternoon.

Hill, in his statement to Judge Orr, said that he and Swift, who had been living with Maxwell before, decided to leave, and that Swift took only his belongings, while Hill took, apparently everything that was not tied down.

They were caught traveling in a car that was later proved stolen, but neither man has as yet been implicated in the theft.

## VEGAS VERDE and NORTH LAS VEGAS

**VISIT RESERVATION**  
Mr. and Mrs. O. Richardson and children and Rev. and Mrs. Paul Hart were visitors to the Boulder dam reservation Thursday, on a combined business and pleasure trip.

**MAY INVEST**  
Henry Newton is stopping over a few days in North Las Vegas with a view to investing, perhaps, in a small business.

**LEAVES FOR WELLS**  
Rock Aesaltine leaves today for Wells where he will be engaged in highway construction work.

**TO VISIT MOTHER**  
Mrs. R. Aesaltine leaves today for Moapa, where she will spend two weeks with her mother before joining her husband in Wells.

**CHILD WELL**  
Little Tommy Caldwell is again able to be about after several days illness.

## RUTH JUDD MUST APPEAR IN COURT

**PHOENIX, Ariz., Mar. 10 (U.P.)**—Winnie Ruth Judd will appear in court March 21 to explain her pauper's oath, Superior Judge Howard Speakman ruled today.

The ruling was on the motion of County Attorney Lloyd J. Andrews protesting Mrs. Judd's oath of poverty taken when her appeal was entered. Andrews expressed a wish to hear an accounting of the sums Mrs. Judd was said to have received from two Los Angeles newspapers for her "memoirs."

The announcement revived rumors prevalent at the time of Mrs. Judd's trial for the murder of Agnes Anne Leroy—that an unnamed Arizona sportsman had contributed to her defense fund—and established the bare possibility that she might make "interesting" disclosures in what may be her last appearance in a public courtroom.

## Personals

**TO VISIT SON**  
F. S. Ferguson, of New York City, arrived in Las Vegas yesterday for an extended visit with his son and daughter-in-law, Dr. and Mrs. F. M. Ferguson.

**ARRIVE IN VEGAS**  
Mr. and Mrs. George Dyer, of Calistoga, Cal., were overnight visitors to Las Vegas, arriving shortly after noon yesterday and planning to leave today. They drove here from Death Valley, arriving in time for Dyer to attend the meeting of Las Vegas Rotary.

Yesterday afternoon they made a drive to the Colorado river to see the sights on the Hoover dam project.

**NORDSTROM LEAVES**  
J. C. Nordstrom, father of Cliff Nordstrom, local architect, left for Los Angeles this morning after spending the past several days visiting with his son and attending to business.

**BACK FROM MEXICO**  
Mrs. F. R. Mildren and Mrs. W. R. Bracken who have spent several weeks in Mexico on a pleasure trip returned yesterday.

**ARE VISITORS HERE**  
Mr. and Mrs. H. Kalbrenner, of Manhattan, are in Las Vegas for a few days on business.

**FROM TONOPAH**  
Mr. and Mrs. Fred Stephens of Tonopah are visiting Mr. and Mrs. R. J. Stephens in Las Vegas.

**ON PHOENIX TRIP**  
Mr. and Mrs. A. C. Grant, accompanied by Mrs. Sims Ely and Mrs. C. P. Squires, will leave this morning for a brief visit in Phoenix.

**FROM RESERVATION**  
Deaconess Todd, of the Moapa Indian reservation, was a business visitor here Thursday.

**VISITS HERE**  
Mrs. Jack Pembroke and baby are back in Las Vegas after visiting for the past few weeks with Mrs. Pembroke's parents, Mr. and Mrs. Harvey Poccock, at Moapa.

**HERE ON BUSINESS**  
Otto Spletstoesser, former Tonopah merchant now living in Reno, is in Las Vegas for a few days attending to business affairs.

**VISITS FRIENDS**  
Art Dolan of Los Angeles, a former Tonopah resident, is spending a few days in Las Vegas, visiting old friends.

## 39 MILLION BACK IN CIRCULATION

**WASHINGTON, March 10 (U.P.)**—The federal reserve board's weekly statement tonight showed that \$39,000,000 of hoarded money had been thrown back into the arteries of business during the past week. It was the greatest drop since President Hoover initiated his nation-wide campaign against hoarding a few weeks ago.

The board's statement contained other bright spots. Monetary gold stocks increased \$12,000,000 to register the first gain since December 23, 1931 and bringing the nation's entire holding to \$4,362,000,000. Business failures were reported lower than for any week since last December.

## TWO ARRESTED IN VEGAS RUM RAID

A mid-afternoon raid on a cabin in the tent-house community north of Stewart street netted city police a quantity of whiskey and beer, and landed two men in the toils of the law, charged with illegal possession of liquor.

Frank "Frenchie" Dugar and Frank Wilson, both colored, were the men arrested.

Wilson was charged with the possession of 3 pints and 6 mickeys of whiskey, while Dugar was charged with owning 41 bottles of beer and 5 one-gallon jugs of whiskey.

Both men were released on \$100 cash bail.

## ORIENT PEACE HOPE IS HELD

**SHANGHAI, Friday, March 11 (U.P.)**—Hope for peace in the Yangtze valley, raised yesterday by new Japanese proposals more acceptable to the Chinese, continued strong today despite a stiffening of the Chinese attitude.

The Chinese military leaders obviously were attempting to strengthen the government's position throughout China as a result of the warfare, which was virtually ended last night as the Japanese troops held positions north and west of Shanghai.

At the same time the Chinese government formally replied to Japanese Minister Manoru Shigemitsu's peace overtures, saying the Chinese are willing to negotiate for cessation of hostilities on the basis of the League of Nations resolution of March 14, providing for a truce, suggesting arrangements for withdrawal of the Japanese and preparing for a round table conference to settle the conflict.

## DEMOCRAT SPLIT GROWING WIDER

**WASHINGTON, March 10 (U.P.)**—The words of a poet quoted by Mayor James M. Curley, of Boston, appeared tonight to have widened further the democratic party split between supporters of Governor Franklin D. Roosevelt and former Governor Alfred E. Smith, of New York.

Curley came to Washington to urge congress to improve Boston harbor and brought the political argument with him. An ardent Roosevelt campaigner, he asked Smith to withdraw as a candidate for the democratic presidential nomination, following the New York governor's victory in the New Hampshire primary.

**BANDITS ESCAPE WITH SHOW LOOT**  
NEW YORK, Mar. 10 (U.P.)—Three robbers escaped with \$1,000 from the box office of the Selwyn theater on 42nd street just off Broadway shortly after 6 p. m. today. Police arrived three minutes after the robbery, but the bandits had escaped in the home-going crowds.

**CHICAGO, Mar. 10 (U.P.)**—Chas. McGinnis, fire department lieutenant, risked his life on the ladders 35 days a year and has never been injured. Today he slept on a bench, fell off and fractured his skull.

## Woodward Has Three Possibilities For Derby Entries; All Look Good

By THOMAS H. NOONE (United Press Racing Editor)  
NEW YORK, Mar. 10 (U.P.)—William Woodward's Belair stud, which supplied the 1930 Kentucky derby winner in Gallant Fox, has named three colts and a filly for this year's revival. Faireno, Pardee and Tetra Khan are the colts and Sekhmet, an importation, is the feminine candidate.

Faireno, bay son of Chatterton-Minerva, by far the most promising of the lot, is held in awe by betting commissioners, who quote him at 30 to 1. Pardee, by Sir Gallahad III out of Medora II, regarded as only a sprinter, is held at 200 to 1, while Tetra Khan and Sekhmet are not considered of derby caliber.

Trainer James Fitzsimmons has this pair in good trim out at Aqueduct, sending them out for light gallops regularly.

Shipped all over the east as a juvenile, Faireno started sixteen times. He won six times, took second money three times and once accepted third honors to earn \$17,670. His outstanding performance was in the mile of the junior champion stakes at Aqueduct, which he won by a nose from Lucky Tom.

Other stake victories include the Nursery handicap at Belmont and the Victoria stakes at Woodbine.

Pardee won four of his thirteen starts last year and collected \$10,455 in purses. His richest race was the Babylon handicap, in which he beat such as Cambal, Fall Apple, Lucky Tom and the Bull. Because of his high early foot he may be used as a pacemaker for Faireno.

Economic is a chestnut colt by Infinite and Karelia from the stable of J. H. Louchheim, which is also at the short price of 30 to 1 in future-book betting.

Seven starts and never out of the money is Economic's record as a 2 year old. By virtue of three victories, one second and three thirds, he piled up winnings of \$14,050. His spots were not picked, and he gave all comers a run for their money.

Economic's richest prize was the Aremont stakes at Aqueduct, while a maiden race and an allowance event were his other successes. It was the gameness displayed in his other four races, against the best youngsters of the year, that warranted derby recognition for this stout-hearted colt.

## OBSERVATIONS

(Continued from page one)

The chief gangster may possibly be grieving his gentle heart out, although it is more likely that he is full of rage because he cannot get in on the divvy of the ransom. It is just too much to have to miss an opportunity like the Lindbergh kidnaping.

## SHORT SHIFTS ON SEWER JOB

Planning to employ approximately fifty men more than was originally estimated, due to the establishment of a working day consisting of two six hour shifts, work will start Monday on Las Vegas' new sewer system.

This arrangement comes as the result of a conference yesterday between Mayor E. W. Cragin and A. M. Barker, construction superintendent for the Fuller Construction company, contractors for the new sewers.

Also decided yesterday was the location of the disposal plant, to be built between Fifteenth and Bruce streets, adjoining Tankels north addition.

City Engineer Thompson will act as general inspector of the project, Plumbing Inspector Bob Elser to have charge of inspecting the pipe joints when the mains are being laid.

## RENO MAN FACES DEATH CHARGES

**TWIN FALLS, Ida., Mar. 10 (U.P.)**—A manslaughter charge was filed today against Martin Lelis, 36, of Reno, driver of an automobile which struck and killed Richard Goodnight, 7, of Elko, Nev., on the highway near his grandparents' home here Saturday. J. S. Mullins, the boy's grandfather, signed the complaint.

## FACES CHARGE

Delinquency charges will be filed today against the two local high school girls who failed to return home Tuesday night, it was made known last night by District Attorney Harley A. Harmon.

The girls were found Wednesday afternoon by relatives, though the fact was not revealed to police.

Investigation of the circumstances surrounding their all night absence, by juvenile authorities, is said to be the reason for the charges to be filed today.
